AKRON'S bank clearing last week were \$392,900; Youngstown's, \$276,684; Springfield's, \$282,967; Canton's, \$256,000. This is the largest lead of a \$100,000 or more in Akron's favor.

SENATOR PATNE, of New York, speaking of the action to be taken by the new Congress, says "there will be no repeal of any section of the War Revenue law." The stamps have come to stay. It will be a surprise if Congress does not extend the war tax to many articles other than those now included in the list.

ADMINISTRATION papers, almost without exception, have been wrought into a passion by the reported attempt of the Democratic candidate for Governor of Kentucky to force himself into office, apparently against the face of the returns, but they are remarkably silent about the glaring election frauds that have been unearthed in the enlightened Republican city of Philadelphia.

EX-SENATOR JOHN J. SULLIVAN of Warren had an article in the Cleveland Leader Sunday in which he does a great deal of gushing over the political complexion of the Western Reserve. He closes with an extravagant laudation of Brigadier General Dick. Of course the fact that the Warren Senator needs the Brigadier General's help in the matter of the appointment of Attorney General for his district, has nothing to do with the sweetness of his song.

IF THE people of Wadsworth are awake to the interests of the town they will see that the corporation limits of the town are properly extended and we get credit for the amount of population the place is justly entitled to. The census will be taken next year and Wadsworth ought to show an increase. There is no reason why people living on the corporation line and enjoying all the privileges of the village should not be brought in.—Wadsworth Banner.

Will Akron lag behind the village of Wadsworth in appreciating the advantages of extending the corporate limits? HON. CHAS. A. TOWNE, Minnesota's noted independent Republican, declares that an attempt by the incoming Congress to retire the bond-paying function of silver, to call in the greenbacks, and commit the country more to the single gold standard, will mean that the silver question will again be the leading issue in the presidential contest next year. He believes that the people will not permit the currency to be further contracted by legislation along the lines favored by the speculative classes.

TWO FINE SPECIMENS Of Physical Manhood.

No form of athletic exercise demands such perfect physical condition as prize fighting. Every muscle in the body must be fully developed and supple, and the heart, lungs and stomach must act in perfect unison. Whether we endorse prize-fighting or not, it is nevertheless interesting to know the manner by which men arrive at such physical perfection. James Jeffries, the present champion heavy weight of the world, and his gallant opponent, Tom Sharkey, in the greatest pugilistic encounter that has ever taken place, both pursued much the same course of training and the first and most important part of this training was to get the stomach in condition, and to keep the digestion absolutely perfect, so that every muscle and nerve would be at its highest capabilities.

This was not done by a secret patent medicine, but both of these great pugilists used a well known natural digestive tablet sold by druggists under name of Stuart's Dyspepsia Tablets and composed of the digestive ferments which every stomach requires for healthy digestion. Champion Jeffries says: "Stuart's Dyspepsia Tablets prevent acidity, strengthen the stomach and insure perfect digestion. They keep a man in fine physical condition. Signed, James J. Jeffries, champion of the world." The gallant fighter, Sharkey, says: "Stuart's Dyspepsia Tablets remove all discomfort after eating. They rest the stomach and restore it to a healthy condition. I heartily recommend them." Signed, Thos. J. Sharkey.

The advantage of the daily use of Stuart's Dyspepsia Tablets is that they keep people well and ward off sickness and are equally valuable to well persons as to the dyspeptics. Another advantage is that these tablets contain no cathartics, or poisons of any character, but simply digestive ferments which are found in every healthy stomach, and when digestion is imperfect it is because the stomach lacks some of these elements and Stuart's Dyspepsia Tablets supply it.

They are no cheap cathartic, but a perfectly safe and efficient digestive and the demand for them is greater than the sale of all other so-called dyspepsia cures combined. No remedy could possibly reach such a place in public esteem except as the result of positive merit. Full sized packages are sold by all druggists at 50 cents and the best habit you can possibly form is to take a Stuart's Tablet with each meal. They make weak stomachs strong and keep strong stomachs vigorous.

Judge Catlin Knew Every Man, Woman and Child in Akron's Early Days.

Judge Joshua Tracy Catlin, who died in his 92d year at his home in Ravenna last Wednesday, was one of the early residents of Akron, having come to this city in 1834, where he got employment in the postoffice. "Judge Catlin was a man of remarkable perceptive powers and memory," says the Ravenna Democratic Press, "the latter faculty being well nigh infallible. It was wonderfully exemplified in his ability to call by name on sight every man in Akron who was a resident there in 1836 and 1837, and more than half of the women." "July 27, 1837, he was married to Elizabeth Swinehart at Akron, in which place they remained until the fall of 1839, when they removed to Rootstown, Portage county, where they resided until 1855 and where he followed the trade of hatter. He also served as justice of the Peace for that township during the term of 11 years.

AN OPEN DOOR TREATY Talk of Powers Framing One as to China.

DUZ TO OUR REPRESENTATION. Not Believed This Country Would Be a Party to Treaty, Owing to Opposition at Home—Proposition Considered a Feeler at Some of the Embassies.

WASHINGTON, Nov. 27.—In official and diplomatic quarters much interest was manifested in the plan put forward in London cables of a treaty among the great powers defining spheres of influence in China. That anything in the shape of a formal treaty to be made between the powers interested in the future of China as to the outcome of the negotiations now in progress, is not believed here, though an understanding of a less formal nature is possible. These negotiations followed the frank request of Secretary Hay upon some of the governments which had already given formal and informal assurance of the continuation of all our treaty rights in Chinese territory to have these agreements renewed to form.

It was not regarded as necessary to go beyond that point, and although it frequently happens as the result of initiating negotiations that the scope of them is broadened far beyond anything originally in contemplation, it is believed that such will not be the case now and that there will be no necessity for a general and formal treaty. It would be extremely difficult to frame any such convention so as to secure the approval of the United States senate without a protracted struggle, that might disclose the weaknesses in the government's policies, and besides the effort would be sure to arouse opposition from the considerable element in the United States which is unalterably opposed to any sort of foreign entanglements.

Of course this statement applies only to the United States, and there could be no objection on our part to the other powers joining in a treaty covering foreign rights in China, provided there was nothing in the agreement obnoxious to our just and proper claims. On the whole, having in view the importance of the diplomatic corps pointed out that the plan was the logical consummation of the scheme initiated between Russia and Great Britain, which was of such influence would be defined. The Chinese legation views the proposition as purely conjectural, and the Chinese minister, Mr. Wu Ting Fang, when his attention was directed to the matter, regarded it as preposterous.

SILVER REPUBLICANS MET. Towns Said Congressional Action May Force Silver to the Front.

CHICAGO, Nov. 27.—The executive committee of the Silver Republicans met here.

Alliance with the Democratic party in the coming campaign will be the uppermost topic of discussion.

Mr. Towne, in discussing the political situation, said: "If congress this winter, in response to the demand of the president, destroys the bond paying value of silver, calls in silver certificates and reissues gold paying certificates, the silver question will be a leading issue in the next presidential campaign."

"Such action on the part of congress would furnish an entirely different proposition from that which confronted the people in the last campaign. The Republican party won because of the fear of the ratio of 16 to 1. The adoption of the Gage and McKinley financial plan by congress would mean the contraction of the currency of the country and the people would be confronted with a fact, not a theory, in the battle of standards. The silver question is not dead in American political affairs."

Members of House Republican Committee Met at Henderson's Rooms.

WASHINGTON, Nov. 27.—Seven of the Republican caucus committee appointed at the last session of congress to prepare a general financial measure for report to the coming congress gathered at prospective speaker Henderson's rooms at the Normandie hotel and informally considered the bill prepared by the committee in Atlantic City during the past summer. The members present were Messrs. Henderson, Babcock, Morris (Minnesota), Curtis (Kansas), Payne, Dalzell and Overstreet.

Mr. Henderson does not look for any essential changes in the bill, but says the members are firm in the faith and the purpose to push the measure at the coming session. The committee is waiting to have a joint meeting with the senate committee, if possible during the coming week, before the Republican caucus next Saturday night.
