BAKER'S CROSSING.

In its advanced and chronic form a cold in the head is known as a Nasal Catarrh and is the recognized source of other diseases. Having stood the test of continued successful use, Ely's Cream Balm is recognized as a specific for membranal disease in the nasal passages and you make a great mistake in not resorting to this treatment in your own case. To test it a trial size for 10 cents or the large for 50 cents is mailed by Ely Brothers, 56 Warren Street, New York. Druggists keep it.

SULLIVAN.

The Easter social given at the town hall was well attended Saturday night. As it was "All Fools' Day" of course the mischief loving young people had to have some jokes in order to complete the program. A beautiful frosted cake adorned the center of the table. When the cook frosted it she dipped in the salt jar for the sugar. The tarts were of a new design. Batting was beneath the frosting to insure lightness. Of course no one thought of being angry as it was joke day. One dish of pickles reminded us of the story of Lot's wife; all else was above reproach. A boquet of lilies and geraniums lent color to the tables. Eggs of every color and shade imaginable were there.

Grant Eaton had a lively runaway last week. His horse became frightened at a bright tin pail Mr. Eaton carried on his arm, and then the steam from the sugar-house blew towards it, causing it to plunge and jump, which threw him off, his foot caught in the harness; the horse dragged him about ten rods when he freed himself. His clothing was torn into shreds. His escape from instant death was miraculous.

Burglars broke into Will Hubler's house April 1. When he arose he found his wearing apparel containing his purse were gone. A diligent search revealed the fact the burglar had effected an entrance by placing a ladder to a broken window. Large foot-prints were found around the house. Mr. Hubler got Mr. Riggs to come and help solve the mystery. As they started for the phone to warn surrounding towns to be on the lookout for the rascal, Mrs. Hubler stepped to the door and dispelled their grief by two words, "April Fool." We leave the rest to the imagination of our readers.

I had tried everything I could hear of and at last was told to try Chamberlain's Pain Balm, which I did, and was immediately relieved and in a short time cured. I am happy to say that it has not since returned.—Josh. Edgar, Germantown, Cal. For sale by W. F. Near & Co.

You Can't Dodge Them

Did you ever try to dodge the rain-drops? Did not succeed very well, did you? It's just as useless to try to escape from the germs of consumption. You can't do it. They are about us on every hand and we are constantly taking them into our lungs.

Then why don't we all have this disease? Simply because these germs cannot gain a foothold in a strong throat and lungs. It's when these are weak that the germs master.

The body must be well supplied with fat. The danger comes when the blood is poor and the body is thin. If your cough does not yield, and your throat and lungs feel raw and sore, you should not delay another day. Take

Scott's Emulsion

of Cod-Liver Oil with Hypophosphites at once. It will heal the inflamed membranes and greatly strengthen them as well. The digestion becomes stronger, the appetite better and the weight increases. The whole body becomes well fortified and the germs of consumption cannot gain a foothold.

It's this nourishing, sustaining and strengthening power of SCOTT'S EMULSION that has made it of such value in all wasting and exhausting diseases.

The entertainment Saturday evening was largely attended, not withstanding the stormy weather. The receipts were nearly $40, which is a convincing proof of the popularity of Mr. and Mrs. Loos. The various characters in the play were well sustained, reflecting great credit upon all who took part. Grace Grissinger especially showed remarkable self-possession as a soloist. All the music was excellent. Mr. and Mrs. Loos left for Sandusky Monday afternoon, taking with them sincere wishes for future success from the many friends they won during their stay with us.

Obituary.

A. J. Routson was born in Easton, Wayne Co., O., Oct. 17, 1826, where his father, Captain John Routson, built the first house and kept the first hotel between Wooster and Akron. On both sides his parents were of good old pioneer stock, his mother belonging to the great Franks family. In November, 1851, he was married to Elsie Louis Stewart. They came to Spencer, O., when the land was all covered with forest trees, and built their first log cabin on the farm where they both died. He leaves two daughters and five grandchildren to mourn his loss. Two daughters preceded him to the spirit land. He died March 27th, 1899 Like a shock of corn fully ripe, made fragrant by the breath of frost and gathered by the reaper's sickle, so was the end of the worthy man, who has gone to accomplish the destiny of all our race.

Consideration cannot be too careful; forethought cannot be too circumspect; prudence cannot be too discreet; but the best way to insure these results, is to confine them strictly within their proper limits, and never to permit them to interfere with the promptness of action with integrity of purpose, and with fidelity to all engagements. The changes that make or unmake a man are not changes of stature or position or circumstances, or any thing else that can be seen outwardly, but the subtle changes that begin, silent and unnoticed, in the hidden chambers of the man's consciousness, where formless and vague lies the material out of which motives are shaped.
