# THE BIG DEPARTMENT STORE,

WELLINGTON, OHIO.

Commencing Saturday, May 13th and Ending Saturday, the 20th.

IT HAS now been two years since the doors of this store were thrown open to the public. Many predictions had been made—some wished success, and some failure. Some said it was a disgrace to the town. But not withstanding all these predictions, it has made a steady and healthy growth, until now we have one of the largest and best selected stocks in Lorain county. We pay out from \$1000 to \$1500 each month for produce. The public generally begin to realize that we must make it both pleasant and profitable for people to come to town, and when they do come, some one must buy their produce, or else they will go to other towns. Mr. Shelley, the miller, gives one pound of flour in exchange for wheat more than

any other miller, to get people to come. Does'nt it help all the people in the town? But how few appreciate it! Why, because they are not business men; simply new in business. It is every man's duty to spend his money where it does the most good, and with the people who buy his produce. We have arranged a special sale for seven days to show our appreciation for your kind and liberal patronage during the past year. We especially invite each and every family to attend.
