The improvements on the "Loveland property," recently purchased by Col. Myron T. Herrick, are assuming such shape as to foreshadow the outcome. New roofing, new porches, decorations on both interior and exterior, with a finish of grading on the grounds, will make the premises one of the most desirable residences in the town.

We note with satisfaction the scarcity in town of really desirable houses for rent. There are, at this writing, only two or three, and they are new ones just completed. It argues that laboring men who rent property are more profitably employed than formerly, and are seeking more comfortable quarters for their families. We look upon this as a hopeful feature of the industrial situation.

Our townsman, Mr. Woodley Brugler, the patentee of the celebrated rail joint support for railroads, is a versatile character and can do almost anything. One of his latest productions is "The Great Chippewa Indian Tar Salve," which is a positive and absolute cure for cuts, sores, burns, piles, corns, etc. Wellington people who have given it a trial speak very highly of its healing qualities. Put up in tin boxes at 10 cents each. Try one. It can be had of Mr. Brugler at any time.

**Whooping Cough.**  
I had a little boy who was nearly dead from an attack of whooping cough. My neighbors recommended Chamberlain's Cough Remedy. It is the best cough medicine I ever had in the house.—J. L. Moore, South Burgetstown, Pa. For sale by Near & Wells.

A dispatch from Elyria says it is likely that the C. B. E. & O. Electric Railway Company will extend their line from Oberlin to Wellington. A franchise will be asked for at an early date.

**HE KICKED.**  
As Mrs. John Sherman, Jr., was driving on East Main street last Sunday the horse pulled that there was no hold back straps on the shafts, so he commenced to kick. He disfigured the dashboard, but the most serious part of the affair was placing his heel in Mrs. Sherman's cheek, cutting a severe gash, which had to be attended to by a surgeon. The horse exercised wonderful judgment in the location of the kick, as had it been a little higher it would have spoiled an eye; or had it been lower it would have broken a jaw.

**THE NEW YORK WORLD,**  
THIRICE-A-WEEK EDITION.  
Practically a Daily at the Price of a Weekly.

The striking and important events of the past year have established the overwhelming value of the Thrice-a-Week World to every reader. For an almost nominal sum it has kept its subscribers informed of the progress of all our wars, and, moreover, has reported them as promptly as if it were a daily. With our interests still extending throughout the world, with our troops operating in the Philippines, and the great presidential campaign, too, at hand, its value is further increased.

The motto of the Thrice-a-Week World is improvement. It strives each year to be better than it was the year before, and public confidence in it is shown by the fact that it now circulates more than twice as many papers every week as any other newspaper. We offer this unequalled newspaper and the Wellington Enterprise together one year for \$1.65.

The regular subscription price of the three papers is \$4.50. The Wellington Enterprise, Wellington, O.
