While at the fair call and get a glass of Near & Wells' fine ice cream soda.

Mrs. Grant Watts and children have returned to their home in Wellington, after a three weeks' visit with relatives and friends in Elyria.—Elyria Reporter.

The Wellington Poultry Club will exhibit thirty-five coops of twenty-one varieties of land and water fowls. This will be the finest display made at the fair for years.

Mr. and Mrs. D. Y. Snyder and daughter, Bessie, and Miss Jennie Bligh spent a few days last week visiting friends and relatives in West Salem and Chippewa Lake.

Mrs. J. E. Willard entertained a number of friends Tuesday evening, at her home on Second street, in honor of Misses Katherine and Grace Gott, of Wellington.—Elyria Reporter.

Miss Edith Peirce leaves Monday for Atlanta, Ga., to take charge of the kindergarten department in the Home for the Friendless in that city. Miss Mary Santley is matron and Mrs. H. McDermott is teacher in the home.

Mr. and Mrs. C. C. Stevick and family, of Medina; Rev. T. D. Stevick and two sons, and Mrs. M. C. Stevick, of North Fairfield, and Mr. and Mrs. D. J. Stevick were guests of Mr. and Mrs. H. B. Stevick, during the past week.

Grandma's Magic Tar Cough Syrup is guaranteed pure and harmless, pleasant to take. Children tense for it. Best remedy for Coughs, Colds, Whooping Cough, Croup, Etc. Full directions with each bottle. Regular 50-cent bottles for 25 cents. Sold by Near & Wells.

Union services will be held Sunday evening to give all an opportunity to hear Mrs. S. M. Perkins, a well-known and prominent lecturer of the W. C. T. U., who has lectured in all the large cities in this country and also in London and Toronto, where she spoke to large audiences. On Monday afternoon she will give a parlor talk to the ladies. The time and place will be announced at Sunday morning services.

Late yesterday afternoon while a workman was tearing down an old work shop on the premises of Mr. G. H. Palmer, a cloth sack was found which contained \$200 in gold. The building in which it was discovered was formerly the property of Wm. Smith, now deceased, and the money is supposed to have been placed there by him some time ago. It was only a few months ago that a like find was made on the same premises, of a tin can with greenbacks amounting to \$300. Both of the above finds were turned over to Mrs. Smith.

HIS LIFE WAS SAVED.

Mr. J. E. Lilly, a prominent citizen of Hannibal, Mo., lately had a wonderful deliverance from a frightful death. In telling of it he says: "I was taken with Typhoid Fever, that ran into Pneumonia. My lungs became hardened. I was so weak I couldn't even sit up in bed. Nothing helped me. I expected to soon die of Consumption, when I heard of Dr. King's New Discovery. One bottle gave great relief. I continued to use it, and now am well and strong. I can't say too much in its praise." This marvelous medicine is the surest and quickest cure in the world for all Throat and Lung Trouble. Regular sizes 50c and \$1.00. Trial bottles free at Near & Wells' drug store; every bottle guaranteed.

Reunion of First-Call Soldiers.

A cordial invitation is extended to all ex-soldiers who enlisted under Avascam Lincoln's first call for seventy-five thousand volunteers in April, 1861, to attend the Thirtieth Annual Reunion, to be held at Wooster, Ohio, September 14, 1896. C. W. McClure, 4th reg. O. V. I., pres. Harry McClarran, 16th reg. O. V. I., sec.

USE THE WATER.

Several of Our Citizens Use the City Water.

Within the last month or two several of our citizens have had the city water piped into their houses. It is very clear and is good for all purposes except cooking and drinking.

During the continued dry weather, those who have the use of the water are in a position to appreciate the advantages of a waterworks system.

Our business men should have it piped in their stores and more of our citizens should use it.

The village bears all expense of piping to the curbing or edge of the sidewalk, the balance of the expense the user pays, which will vary according to his needs. The cost of the water per 1,000 gallons is low and the extra cost of putting in connections, etc., is offset by the advantage of having an unlimited amount of water to draw from.

The following is a list of all those who are now using the water:

G. D. Foote, hotel and barn.
Wm. Vischer, residence.
O. P. Chapman, residence and barn.
S. S. Warner, residence.
G. H. Palmer, "
W. R. Wean, "
J. M. Otterbacher, "

Celebrated her 71st Birthday.

A delightful little gathering was held at the home of Mrs. W. E. Whitney on West Main street, Saturday, August 12 it being her 71st birthday.

Thirteen grand children were present, among them Miss Gladys Turner, of North Amherst, Misses Fannie, Bertha and Lena Whitney, of Oberlin; Misses Mary and Mildred, and Master Earnest Whitney, of Camden; Miss Vera and Master Leland Crabtree, and Miss Hazel and Masters Burton and Earnest Whitney, of Wellington. Greatly to the surprise of the grandmother, these were people presented her with a beautiful rocker, heartily wishing her many long years in which to enjoy it.

Other friends were present and other presents were given, but the grand children were the constellation which clustered about the central figure, the grandmother.

Cake and ice cream were served, and the occasion proved an enjoyable one to all who participated.

Elijah's Perpetual Motion Machine.

Elijah T. Banning was the son of Benjamin Banning, one of the first settlers of Huntington. He was a bright active young man and an excellent singer, leading the singers at the religious meetings held in the neighborhood. A school house was built in the woods near the township line between Huntington and Sullivan and was jointly used by the young people of both places. Elijah was prevailed upon to open a singing school at this point. A certain young lady, Miss Patience Nart was one of his scholars and a favorite of the teacher. At the close of the exercises they usually sang "Dundee", the words being: "Let not despair or full revenge Be to my bosom known, O give me tears for others woe, And 'Patience for my own'" Whether he got the tears we are unable to say, but he surely got "Patience for his own."

These early times furnished but little work to do except chopping and clearing land, which occupation he faithfully followed. One job he done was two hundred acres out of which he saved a farm for himself and Patience. Following this and other occupations until his health began to fail, he conceived the idea that a motor could be made that would run perpetually until worn out. He spent much time and money in various experiments with that end in view. His means becoming short he composed a song and tune that portrayed his most likely plan and traveled from place to place singing this song and gathering up whatever money his listeners saw fit to bestow. His mind began to fail and his friends thought best to place him in the insane asylum, where he remained for some time, receiving no benefit but growing worse. His friends were advised to take him away, as death was near. He died in Rochester about 1850.

The following is the song sung by Elijah described his "petual motion" Perpetual motion has been sought By men of science and of art, And when the powers were all combined, This artful motion could not find.

Perpetual motion for to make, We are forced to make a wheel not round, We are forced to use the powers that are, And then can make the powers that are.

The laws that rule this lower world, Are brought to bear upon this wheel, And if you do, those laws abuse, We soon will all our labor lose.

Now wheel roll round from west to east, From north to south the nations great, You'll never tire we know right well, And now we'll bid you all farewell.
