Planning for a Mammoth Steel Plant.

Cleveland, Oct. 20.—During the past few days a prospectus outlining the organization of a \$5,000,000 steel plant, to be located near Fairport, has been circulated among Cleveland capitalists. Charles L. Paek and other prominent financiers are behind the project and there is every indication that it will soon be a realization and the company organized. The proposed site is at the mouth of Grand river, on the opposite side of the river from the present Fairport docks. A tract of 1,000 acres of land on the west side of the river is under option. The plant proposed includes a blast furnace of 600 tons capacity and ten 30-ton basic open hearth furnaces. A modern bar mill and plate mill will also be erected.

Indicted by the Grand Jury.

Cleveland, Oct. 21.—Six indictments growing out of the investigation into the records of the waterworks department, in the city hall, were returned by the common pleas court grand jury Friday. Each indictment is for making out and presenting false claims to a public officer, and receiving payment on the same. The indictments are against A. E. Davis, who was superintendent's clerk in the waterworks department at the time of the alleged fraudulent transactions, and who was arrested some time ago; George E. Welch, who was the storekeeper in the waterworks department at that time; and D. A. Stewart, who sold goods to the city.

An Important Trial Begins.

Toledo, Oct. 24.—In the circuit court of Lucas county yesterday began the hearing of injunction proceedings against the Toledo, Norfolk & Fremont electric road to prevent the laying of tracks, and with a view of asking an order for the road. Upon the decision of the court will be determined the fate of a number of such roads now in process of construction or projected in this state. The ground on which the attorney general is fighting the road is that the county commissioners have granted the road a right of way along the Maumee turnpike, which being a public highway cannot be given to a corporation for private purposes.

A Royal Welcome.

Cleveland, Oct. 26.—The returning soldiers from the Philippines received a royal welcome from the people of Cleveland on their return to the city Thursday. Their train from the west pulled into the depot at 10:02 a. m. Mothers, wives and sisters fell upon the necks of the soldiers, kissing them and shedding tears of joy. There were 60 of the returning organizers. A parade of local military organizations was formed and escorted the Philippine soldiers through the principal streets to the Central armory, where the boys were given a banquet, after which they were welcomed back to the city by a number of local orators.

Findlay Hospital Burns.

Findlay, Oct. 24.—The worst fire in the history of this city occurred Monday morning when the city home and hospital was consumed by flames. The fire started in the third story from a live wire. Efforts of the fire department were useless. The patients were removed while the walls were falling and the furniture burning. No deaths are reported, but nine persons are in a critical condition from fire, water and exposure. The building was the finest in the city and was constructed of brown stone. It was donated to the city by Evara French Shafer. The total loss is estimated at \$50,000.

Employees Were Negligent.

Niles, Oct. 21.—Coroner Beach has rendered his verdict on the street car wreck here October 8. He found that the train was running at a dangerous rate; that the motorman and conductor of the street car could have seen the wreck was negligence and insufficient care on the part of the employees in charge of the train and the street car.

New Dates for Hanna.

Columbus, Oct. 21.—The republican state committee has announced the following dates for meetings at which Senator Hanna will speak: Fostoria, Oct. 23, with Grosvenor and John P. Green, colored orator of Cleveland; Bowling Green, 24, with Col. W. C. Cooper, of Mt. Vernon; Findlay, 25, with Gov. Mount, of Indiana, and John R. Griffith, Marysville, 26, with ex-Gov. Foster.

Is Coming Home to Vote.

Canton, Oct. 24.—President McKinley is coming home to vote, November 7. His affidavit for registration has arrived, and is in the hands of Secretary Davies, of the city board of elections. President McKinley counts his new home, recently purchased, his residence, and will be registered in Precinct B, First ward.

New Railway Incorporated.

Columbus, Oct. 24.—The Cleveland, Barborton & Western Railroad Co., of Barborton, capitalized at \$250,000, was incorporated Monday, by C. C. Benner, Forest Firestone, Edwin F. Voris, William A. Johnson and Philo Inel, all of Summit county. They will build a railroad from Cleveland to Creston, Wayne county.

Three People Killed by a Falling Tree.

Bawson, Oct. 19.—Tuesday night John Coppas camped in the woods six miles west of here with his wife and three children. At midnight a tree fell on their wagon, killing Mrs. Coppas and two children and seriously injuring the other child.

Fuzrlars Assault a Policeman.

Alliance, Oct. 19.—Policeman Robert Green found burglars entering the residence of State Senator Silas J. Williams early Wednesday morning, and tried to capture them single handed. The gang severely beat Green and escaped.

SHE STOOD HIGH.

Her Name Had Appeared in the Society Column and She Was Arrogant.

A family living in a North side flat lately welcomed a new housemaid. The girl had just come from Michigan and her appearance was prepossessing. Soon after her advent it was discovered that she was inclined to treat the family with a patronizing air. "Mary, you must do better, or I shall have to find some one to take your place," the mistress remarked the other morning. "I don't allow anyone to speak to me that way," replied Mary, with a look of her head. "I'm just as good as you are, and I want you to know it."

Mary bounced out of the room and returned in two minutes with the weekly paper from her town. Among the social items was the following: "Miss Mary Hansen has gone to Chicago to spend the winter. Miss Hansen is an acknowledged belle in the leading circles of Sawdust Creek."

Mary waited until her employer had had time to read the "personal," and then she said, with withering scorn: "As I have always been accustomed to going with the very best in my town, and as I don't believe you ever have your name on the society page of the Sunday papers, I guess you can't afford to stay with you."

The North star woman declared the domestic incident closed.—Chicago Inter Ocean.

QUALITY AND NEWS.

Fame and Excellence Are Determining Factors in Successful Development—One of the Important Functions of High-Class Newspapers.

In presenting interesting phases of scientific and economic problems, high-class newspapers frequently give information of as great value in their advertising columns as in those devoted to the publication of the principal events of the day; and when the fame of a product is extended beyond its natural limits into foreign lands, and a large demand created throughout Great Britain and her Colonies and the principal seaports and cities of Europe, Asia and Africa, it becomes a pleasant duty to note the fact and to tell of the points of excellence on which so great a success is based. We refer to the now world-famed laxative remedy, Syrup of Figs, the product of the California Fig Syrup Company. The merits of this well-known excellent laxative were first made known to the world through the medical journals and newspapers of the United States; and is one of the distinct achievements of the press. It is now well known that Syrup of Figs is an ethical proprietary remedy, approved by the most eminent physicians everywhere, because it is simple and effective, yet pleasant to the taste and acceptable to the system, and not only prompt in its beneficial effects, but also wholly free from any unpleasant after-effects. It is frequently referred to as the remedy of the healthy, because it is used by people who enjoy good health and who live well and feel well and are well informed on all subjects generally, including laxatives. In order to get its beneficial effects, it is necessary to get the genuine Syrup of Figs, which is manufactured by the California Fig Syrup Co. only.

A Thrifty Damsel.

A spirit of thrift was shown by a young woman who entered a car with sundry boxes and bundles. Another young person came in at the next station and recognized her. "Oh, my, who is to be married?" "Nobody; and me last of all."

"Then what are the flowers for?" "A funeral; our teacher died, and we girls put together to get this wreath."

"Poor thing; did she know she was going to die?"

"I don't think so," then, after a pause, she added, cheerfully: "but she does by this time," all being said in the most unconscious way.

"How much was the wreath?" "Two dollars and sixty cents. I only had two-twenty-five."

"Did you pay the difference?" "Dear no, I saved him give it to me for two dollars, so I saved my own quarter I put in, but I'm going to make the girls think I paid two-sixty."

Well, that's right; the wear and tear is worth a quarter, surely.—Detroit Free Press.

Beware of Ointments for Catarrh That Contain Mercury,

as mercury will surely destroy the sense of smell and completely derange the whole system when entering it through the mucous surfaces. Such articles should never be used except on prescriptions from reputable physicians, as the damage they will do is often ten fold to the good you can possibly derive from them. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, O., contains no mercury, and is taken internally, acting directly upon the blood and mucous surfaces of the system. In buying Hall's Catarrh Cure be sure you get the genuine. It is taken internally, and made in Toledo, Ohio, by F. J. Cheney & Co. Testimonials free.

Sold by Druggists, price 75c per bottle. Hall's Family Pills are the best.

Railroad Enterprise.

The constantly increasing business of the Baltimore & Ohio railroad has necessitated very material additions to the telegraph service. During the past year nearly 2,000 miles of copper wire, 100 pounds to the mile, have been strung. New lines have been placed in service between Baltimore and Pittsburgh, Baltimore and Pargersburg, Newark, O., to Chicago, Philadelphia to Newark, Philadelphia to Cumberland and Cumberland to Grafton. During the summer several of these wires were quadruplexed between Baltimore and Cumberland and duplexed west.
