that bit of curl he had, tumbled so long for, because she knew Jamie had the prettiest, shined in the whole school. Ah, a bit of a coquette was the same gleeful, romping Kate. And there was Sophie Dale, looking as demure as a kitten walking from a pan of new milk; and as playful as a kitten, too, was she, in spite of her quiet looks; and the stately Elizabeth—Queen Bess they call her—and I question if England's Queen had a haughtier carriage. But, apart from those who were eagerly looking for friends to take them home stood Alice May—sweet Alice. Very beautiful and lovable was she with her winsome, child-like face, blue eyes, and soft brown curls. She was so delicate and fragile, you might almost fancy her a snow child or a lost fairy babe.

Nearly all the children had departed, amid the joyful shouts and jingling of bells, but yet the sweet little child stood alone, until a rich, boyish voice startled her by saying: "No one goes your way, Alice, do they?" "No, I guess not, Ben," she replied, in her fine bird-like tones.

"Let me carry you home!" "O, no, I am too heavy to be carried so far; and she laughed low and sweetly. "Heavy, no, you're just like a thistle-down or a snowflake, Ally; I could carry you to England and back again, without being at all fatigued; and he tossed the little girl in his arms.

"No, no, let me go; the boys will laugh at you, Ben," she struggled. "What do I care? They may laugh at Ben Bolt as much as they like; and the brave boy hidst himself up proudly, and pushed the chestnut curls from his broad forehead; but I did not mean to frighten you, Alice," he continued, as he saw how the little girl trembled.

So, she put on her bonnet and cloak, and Ben took her in his arms as if she had been a bird, while the tiny little thing nestled down on his shoulder, as he went, stumbling through the snow, saying gay, pleasant things, that made the shy little girl laugh; and when, at length, he opened her mother's cottage door, he stood her on the floor
