## COMMON PLEAS COURT

On Thursday evening, after an all day trial, Lizzie Hart was acquitted from the charge of larceny. She was on trial for the stealing of a watch, the property of Mr. Charles Elton, of near Laurelville.

Friday there was no court, and on Saturday Judge Martin was on the bench and heard the divorce case of Lewis Toth vs Lizzie Toth. The case was not contested and the plaintiff was granted a decree.

The case of the Logan Manufacturing Co. vs Charles Byers et al, that was to have been tried Thursday and because of the death of Andy Byers was put off until Saturday, was settled out of court. The Byers live near the Logan Mfg Co. plant and got into dispute as to the ownership of a strip of land between the two properties. The company sought to enjoin them from occupancy and trespass. The matter was adjusted between the contending parties.

The case of the State of Ohio vs Orlando Poling for burglary was heard, Monday, and the jury brought in a verdict of guilty. The case grows out of the fact that the store and post office at Haynes, in this county were broken into a few months ago and the Poling boy and a man by the name of Mills were suspected, because they had been camping in that vicinity, and were not of the best reputation. Mills was not indicted for the crime, and the petit jury was only five minutes determining that Poling is guilty. He was given an indeterminate sentence at the Mansfield reformatory.

In the case of the State of Ohio vs Guy Collings indicted on several counts for selling liquor in "dry" territory, he withdrew his plea of "not guilty" and entered a plea of "guilty" to one indictment, and was fined \$150.00 and the costs, amounting in all to \$179.80. The other indictments against him were nullified. His brother Chas. Collins, who was also indicted for the same crime, has not been apprehended.

The case of the State of Ohio vs A. P. Heft, of Marion township, charged with stealing corn, was set down for Tuesday, but at the appearance hour the defendant came into court and entered a plea of "guilty" and the court sentenced him to pay a fine of \$10.00 and the costs and to serve 10 days in the county jail.

There was very little court on Tuesday because of the Heft case being settled by a plea of guilty, and there was no court Wednesday.

The celebrated case of J. C. Huls vs G. W. Shuck is occupying the courts attention to day.

## The Marathon Race.

Although the weather man had it in for all mankind in this vicinity sending us the beautiful snow storms on Saturday of last week, the big Marathon Race put on by the Chas. Rose Sons & Co. Clothing House, from Logan to Haydensville, was entered by nine contestants and was a decided success. Though the race was not scheduled to come until from 3 to 4 o'clock in the afternoon, at the noon hour the street in front of the Rose Store was crowded and remained so until the return of the contestants at 5 o'clock. While the people were waiting Harry Rose amused the crowd by scattering pennies from an upstairs window to the street below, and enjoying the boys scramble for the coins. At 3:00 o'clock P. M. the contestants were taken to Haydensville in carriages and made the start for the run of 7 miles at 4 o'clock. During the expectancy of the return of the runners, the crowd thickened on the street until at the heralding of the approach of the pacemaker, the Marshal was compelled to clear a path for the contestants. The race was a decided success and furnished an afternoon amusement for hundreds.

The winners of the race are: Earl Shriner, first prize, \$15.00 suit of clothes; Joe Brown, second, \$5.00 suit case; Dean Bort, third, \$3.00 umbrella; Albert Buckland, fourth, \$2.00 hat. The time was 49 min. 45 sec. Starters, Dr. Queen and Will Witherall; Timekeeper, John White; Referees, L. A. Nail, Nick Shorr and Judge Wright.

Others that finished in the race were Charley Low, Dick Hampton, Alf Campbell, Chas. Bowen and Peck Bray.

## S. S. Ruble Stricken.

Campbell, on Tuesday and his case diagnosed as a very acute case of appendicitis, for which there was no other remedy than an operation. On Wednesday the operation was performed and the appendix removed, and his friends will be pleased to know that he has survived the operation bravely, and is rapidly on the road to recovery.

Mr. Tod Stedem proprietor of the Star Restaurant, has purchased the J. E. Donaldson new stand opposite the park, and will take possession in a few days. The building in which the Star Restaurant is located, will be torn down in a few weeks for the erection of a new building on that site.

The subject programed for the evening's discussion was, "Good Reasons for Applying 'Dark' to the Middle Ages." The papers were by Judge O. W. H. Wright and Mr. John Dougherty, and both rather held to the view that the word was misplaced. Thereupon it was the pleasant province of the remaining members of the club to take the opposite side of the subject, and they poured some strong criticism to the position taken by the authors of the papers, which was well repaid to.

## Death of Mrs. Reinschild.

One of the sad occasions among the good people of East Logan was the death on Saturday of Mrs. Charles C. ## RAILROAD AND SHOP NEWS

The same old talk of the labor train to and from Kachelmecher, is nothing but wind. There is not now and has not been and such contemplation on the part of the Rail Road Company. The proposition is not practical at present.

There was no foundation for the talk of the two extra trains for Logan each day, from Jackson. The Jackson people, and all along the line would like to see the extra two trains put on, but the Company have no such plans under consideration. There are to be some extra passenger trains put on the Toledo division, but none on the Hocking.

Mr. Woods McCarley was laying off for a few days last week, being called to Vinton by the death of his grandmother.

At the shops there is house-cleaning going on in the power house. New decorations and paint certainly helps the looks of things around the big muscle of the works.

The force in the office of the shops were too busy the past few days, working on the monthly report to give the newspaper reporter a pleasant look. The past month work will not show up as strongly as the month previous, but it is very good at that. They are now working about 340 men, ten hours a day, and on the piece work scale, the men are making good wages. Quite a number of the force last month made more than \$100 for the month pay, and a few run as high as \$119. The work consists of repairing many K & M. cars during the present time, mostly coal cars.

Mr. Charles Quinn, of Vinton was an over Sunday guest of his parents, Mr. and Mrs. L. J. Quinn.

Mr. Flave Proctor, yard brakeman, is off for a few days.

Mr. George Smith was in Lancaster, Monday.

The pay roll of the Shops of the Hocking Valley Ry. at Logan for the past month was \$21,100.00, of which \$19,911.00 was car shops and \$1,259.00 round house. There were 303 cars repaired last month. Also were 290 men working at the shops daily on an average, and the average pay for the month was \$65.00, however 17 men over \$100.00 for the month.

It is said that the officials of the Penn. Lines will make the Logan shops a visit this week on a tour of inspection.

Mr. Stan Thompson is engineer on the freight run of Ed Smith, the later laying off on account of his sick child. For a time the life of the little one was despaired of, but is now reported improving.

## Content to Spit Cotton.

Bremen by the very decisive vote of 141 to 38 decided Wednesday to remain dry.

The election was held under the Beal law, and two more votes were cast then polled at the general election in November.

Under a previous election Bremen went dry and the term had not yet expired, but because of the influx of oil drillers and others the drys figured that it would be advisable to provide now for another two years of non-irrigation. There has been but one saloon in Bremen in 20 years and that lasted but a month.

## PAVING OF OUR STREETS

The long talked of street paving hope is about to be realized in Logan. On Tuesday night the council met in adjourned session from the Friday night previous (proceedings of which are elsewhere in this paper) and the meeting was of much importance for it marks the beginning of a street paving era in Logan that will lead to the improvement of all our streets within a few years.

The petitions for Mound Street and Hill Street had soaked in on our progressive council, and they took root, and grew into the accepting of specifications, plans and profiles as long as the streets and of passing of ordinances not any too long to suit the printer. The meeting of the council wore far into the tall hours of the night, but every moment was important, for the legal lore was being complied with in detail, and the long text of the specifications for the two streets were read by Solicitor Whitcraft in the absence of the clerk. The ordinance and resolution for each street was carefully gone over and introduced by Mr. Comly and passed unanimously.

The bond issue advertised for is for about \$1,000 to pave Mound and Hill streets, only \$200 of which will be paid by the town, the balance by abutting property owners.

This is a good plan to pave the streets of Logan. The cost is about \$1 per running foot to each property owner and the city pays for it all and the abutting property pays the city back in ten years.

The Market street petition is accepted and the plans and profiles are being prepared. The Fourth of July will see that street being paved also.

We learn that a petition is being circulated to pave Hunter street its full length. Now is the time to do that work. Labor is in need of employment and we have the brick in Logan. The contractors can bid lower this year than for several years to come. Push the street paving. Let's pave a mile of our streets this year. It can never be done cheaper. Think of it! A man with a 60 foot lot will be required to pay about \$60.00 to \$70.00 to get the street paved in front of his house, and he has 10 years to pay it in. A paved street will make his house worth \$500.00 more the day it is put down.
