EVERYBODY'S INTERESTED IN THE DEMOCRAT-SENTINEL GREAT POPULARITY VOTING CONTEST

The Time is Short, if You Want to Win You Will Have to Get Busy and Stay Busy.

True That Subscriptions Don't Count Quite as Much This
Week as Last, But There is No Bonus to Follow....
**5000 Bonus Votes Will Be Given With Every
\$10. Turned in on Subscription This Week.**

They are all working this week. They all know it pays to work for votes while the last bonus is on. The present week, the last of the special vote offer will be one of the most important and eventful ones of the entire contest. The success of any contestant will be determined largely by the efforts put forth by the contestants and their friends during these last days of the special vote offer.

It is a matter of imperative necessity for contestants who wish to maintain equal chances with their opponents for success to secure and report every possible subscription before Saturday night.

Contestants should this week devote every moment possible to their campaign for the prizes. "Opportunity knocks but once."

Everybody seems interested in the contest and are supporting their favorite candidate to win the Automobile. As the end rapidly draws nearer the race grows still more interesting and exciting.

The rivalry has become intense. Every contestant is striving with all the energy and ability at his command to secure the number of votes necessary to win, and is meeting with the most formidable opponents, who are contesting EVERY INCH OF THE PATHWAY TO THE GOAL.

It is evident that any number of interesting climaxes may be expected during the remaining days and at the close of the interesting conflict.

The positions which the various contestants now occupy in the list may not be considered as a true indication of the positions they will occupy at the close of the final count, for it is commonly known that all the contestants have been withholding their special ballots to a greater or less extent in the hope of misleading their opponents and carrying away the prizes by storm at the close. That the winners in a number of the districts will come from among those contestants not now in the leading positions has been frequently predicted, and this fact should be a sufficient hint to the leading contestants not to cease from effort in the final days in the false assurance that the victory is already won.

Cessation of effort on the part of any leader, now that the end is so near, might furnish an opponent just the opportunity needed to wrest victory from him at the end.

In continuous effort alone lies safety.
The work of the final days will tell the tale.

TO SUBSCRIBERS

Perhaps you have been approached by one of your friends who is a candidate in this contest. Perhaps you have told him to count on you at the finish if he needed you help. Now is the time to show whether that offer of yours meant anything or not. May be you were just bluffing in hopes that he would forget about you in the excitement of the finish. The chances are he will forget that offer for he will be the busiest man next week that you ever saw. He has about a hundred of promises like that of yours to think about and he is trying to realize on as many as possible during the short time that remains.

The right thing for you to do is to go to him with the CASH FOR YOUR SUBSCRIPTION AND SAVE HIM THE TROUBLE OF COMING TO YOU. In the time that he would spend looking you up he could land a dozen new ones. Put yourself in his place. You would certainly expect him to come across, if a little liberality and thoughtfulness on his part would win the automobile for you.

Your subscription may be just the one that wins the machine for your friend.

MANY CONTESTS HAVE BEEN DECIDED BY A FEW HUNDRED VOTES AND EVERY SUBSCRIPTION MEANS THAT MUCH IN INSURANCE FOR YOUR FAVORITE. IT DOESN'T MAKE ANY DIFFERENCE WHO HE IS, THE REPORT MAY BE OUT IN YOUR NEIGHBORHOOD THAT YOUR FRIEND HAS A CINCH IN THE FIRST GRAND PRIZE. THE REPORT IS FALSE. NO ONE HAS A CINCH. BUT YOU CAN HELP HIM CINCH IT WITH YOUR SUBSCRIPTION.

Two Additions Next Week.

The DEMOCRAT-SENTINEL will issue two editions of the paper next week, on Tuesday and Friday. This becomes necessary because of our purpose of taking care of the advertiser for the fair week, and the great interest there is manifested in our great popularity Voting Contest. The friends of the contestants are very anxious every day to learn how their favorite is getting along, and in the rush and flooding of votes the last week of the contest, it is no more than just that we get out two editions to keep the public informed how the voting progresses.

Still Coming.

This week announces the arrival of the first shipment of the famous Hart, Shaffner and Marx suits and overcoats. These are unquestionably of the best, most scientifically tailored ready-to-wear clothes in America. We have them in the style cloth as you will find in our tailoring line and at prices no higher than ordinary clothes. Come early and take a look at them. F. BLASIUS & SON.

Council Meeting.

On Tuesday night the Village Council met in regular session and ground out a large bunch of business, and then did not get through and were compelled to adjourn until Friday night of this week to finish the work. We have a detailed report of the meeting and the official reports, but they are crowded out until our Tuesday edition of next week.

Hocking Society.

The Hocking Society will meet at Scott, Ohio, this year, on Thursday, August 26. The exercises will be held in the Slutsbeck Grove near that town. The families and friends of Hocking county are invited to attend.

Stires Will Put on One More Big Amateur Night At The Opera House.

"Copper" Wolf will compete against Joe Salvani, one of the boys who was struck by lightning while working on the pipe line, last week, for a cash prize in a heavy lifting, balancing, rock-breaking, log chain bursting and sixty penny nail bending act at the Opera House Moving Picture Show, next Friday night, Aug. 13. This is being put on by Stires and promises to be good.

Off For Scotland.

Dr. J. S. Cherrington, of Logan, and Dr. J. A. Reible, of Columbus, leave today for New York, from which city they will sail on the 14th, for Edinburgh, Scotland, where they will pursue a course in operative surgery in the University of Edinburgh. This college is the greatest Post Graduate school in the world, founded in the year 1582, over three centuries ago. The Doctors will be gone for over three months.

Certificates Granted.

At the Examination held on Saturday, August 7th, 1909, there were ten applicants for Teacher's Certificates of which six were successful. The following is the list:
