### Santa Claus Smiled His Appreciation

When he sampled our genuine fruit cake made with the choicest, carefully cleaned fruit and richest materials. We are making a special effort to have on hand fresh, evenly-baked goods and a complete and new stock of groceries and appetizing delicacies for the preparation of that proverbial event — The Christmas Dinner.

Be particularly sure to get a loaf of our "Mother's Bread."

From the artistic view point this group of pianos dominates, without rival, the fast narrowing group of instruments worthy of being compared with them. Reasonable prices. Liberal discount for cash. Old instruments taken in exchange.

### Pretty Presents Preferred by Everyone Always

We have them galore—no end to them. The beauty, too, lies in the fact that a modest amount of money buys artistic jewelry here. Perhaps this short, but incomplete list will help you: Watches, clocks, diamonds, toilet sets, bracelets, watch fobs, brooches, cuff buttons, scarf pins, rings, lockets, Lavalier neck chains and pendants, emblem pins, back combs, hat pins, belt pins, shaving sets, silver baking dishes, percolators, jewel cases, hand painted china, fountain pens, and everything in the jewelry line. Also a large assortment of Edison phonographs and records.

### You Want Some of A. Schiappacasse's Good Candies!

Added to all the useful "Christmas" on this page, but let us say a word about candies. At our store you'll find clean, fresh candies—all kinds—at the price you can afford to pay. When you compare prices don't forget to compare quality. If you find the prices lower than ours, you'll find the quality inferior.
