More Light. Late Chief Justice Savage, of New York, has published a lengthy opinion on the constitutionality and excellency of the Maine Law.

Public Sentiment Progressing. A mass meeting was held on the 22nd ult., in the good old Democratic county of Richland, Ohio, and a series of resolutions passed with great unanimity, which clearly show that the people are beginning to understand their rights, and intend to vindicate them, demagogues to the contrary notwithstanding.

A Reverend Defender of the Traffic. The Rev. Mr. Lovejoy, a venerable minister of the Gospel in old Massachusetts, has published a sermon against the Maine Law.

Crumb of Comfort. Our good friend Dr. Jewett in alluding to the defeat of Neal Dow, finds a little consolation from the fact, that Mr. D. will be able to work more effectually for the cause, he says:

Permanent Temperance Documents. We are rejoiced to know that the history of the temperance cause, through a period of twenty-five years, has been published in three volumes.

MURDER. Henry Lecount, on Tuesday, last week, at a coffee-house, on the corner of Canal and Vine streets, bit William Clinck with a dry-pin, from the effects of which he died on the following Friday.

ANNEXATION. The Provincial Legislature of New Brunswick has passed a double distilled Maine Law, and it is said the Governor will sign it.

LABORERS IN CALIFORNIA. Laborers in California command \$5 per day, and mechanics from \$6 to \$12.

Honesty, Temperance, and the Rule of Three. It is one of the foibles of age, to indulge in recalling the incidents that were befallen us, and the traditions that were familiar to us in youth.

TEMPERANCE GATHERINGS. Bro. CLARK:—The undersigned, appointed some weeks since at a Mass Temperance meeting, held in Sandusky City, as a committee to get up some Temperance gatherings in the different portions of this county.

THE VIRGINIA LEGISLATURE. The Virginia Legislature has rejected the Maine Law. This does not surprise us in the least.

THE HEALTH OF HENRY CLAY. The health of Henry Clay was better at last accounts. On the 9th ult., Rev. Mr. Butler administered the sacrament to him.

QUICK TRIP. The steamer Eclipse lately made the run from New Orleans to Louisville in four days and eight hours.

A MAN BY THE NAME OF MICHAEL BREWER. A man by the name of Michael Brewer, residing near Carrollton, Ky., on the 29th ult., in a drunken spree, threw his wife into the fire.

THE MAINE LIQUOR LAW. The Maine Liquor Law is being thoroughly discussed in the Canadian friends of Temperance in the Province.
