

CAMPAIGN SENTINEL

PRICE REDUCED!

We will furnish the Cadiz Sentinel from any time in May until after the Presidential Election, as follows:

Table with 2 columns: Price and Quantity. For \$2.00, 3 copies; for \$3.00, 5 copies; for \$5.00, 9 copies; for \$10.00, 20 copies.

This is cheap enough in all conscience. The money in all cases must be paid in advance, as the extremely low price will not allow of credits.

COON P-O-E-T-R-I-E

It was a mistake in the person who thought that the coons could not make poetry out of Frelinghuysen's name! The last Steubenville Herald contains an effusion of four stanzas which for beauty and sublimity far exceeds any thing since the heroic age of Grecian rhyme!

Come all ye handy honest whigs, And 'lectioneer like pisen, For banks and tariff, (not free trade) But Clay and Frelinghuysen.

Aint that the very argumentum ad hominem of coon reasoning? "Lectoneer like pisen"—how charming the rhyme, how clear the sense, how soul-stirring the logic! But to verse second:

That same old coon will do the work, The price of coons are risen— Then all unite on Henry Clay, And good old Frelinghuysen.

"That same old coon will do the work," to be sure he will. He's the noblest whig of them all! "The price of coons are risen"—am it, indeed? That's owing to the tariff, which keeps foreign coons out of market! Here is verse third:

The lokies they may shoot for Van, The factories all despise! There's no such friends of workmen, As Clay and Frelinghuysen.

"All the world's a stage," said the bard of Avon—but this Steubenville bard seems to think with his party that all the world's a factory! Clay is certainly the particular friend of the workmen, and always has been!

Who wrote the challenge, which Graves sent to Cilley? Henry Clay! Who opposed all attempts to reconciliation and compelled the parties to fight? Henry Clay!

Who then aided and abetted in the murder of Cilley? Henry Clay! Is the crime of the principal and accessory equal? Equal!

Who then were the Murderers of Cilley? Graves and Clay! Who is the whig Candidate for President? Henry Clay!

What the whigs mean by "Availability" is this—a certain composition in the character of a man, which enables him, without the slightest injury to his conscience, to mould his opinions so as to suit every man who may choose to address him—a man who can be any thing, and every thing, and nothing at all! Such a person is Henry Clay.

The Providence Herald states that every man who was subpoenaed as a jurymen to try Gov. Dorr, at Newport, R. I., was an Algerine—and no one has been summoned, who is known to be a Democrat, or acts with the Democratic party.

Alarming Riot in Philadelphia! CONFLAGRATION AND DEATH! THE BEGINNING OF THE END!

That contemptible faction calling themselves "Native Americans," held a meeting at Philadelphia, on the 6th instant, in the State House square; and after the passage of resolutions, and the delivery of speeches, the meeting adjourned to meet at Kensington. There were about five thousand persons present, marshals were appointed, and they formed into procession, carrying banners with various inscription on them, which were intended to insult and outrage the feelings of the Irish Catholic population.

During the latter part of the afternoon, the houses on Cadwalader street, north of Master, were fired, and continued burning for several hours. No fire apparatus was put in requisition. It is said that several companies made attempts to reach the spot, but were prevented. The extent of damages by the fire, could not be ascertained, but it is said that thirteen houses were destroyed!

From the Pennsylvania we learn that there was a vast destruction of property and life. The mob attacked the churches and private houses of the Catholics. St. Augustine's Church, which cost thirty thousand dollars, was burnt; and St. Michael's Church, a new and splendid edifice, was burnt to the ground—it cost about forty thousand dollars.

Twenty private dwelling houses in Kensington, are in smouldering ruins! The amount of property destroyed cannot be less than one hundred and fifty thousand dollars. No less than two hundred families have been compelled to remove from their homes.

We have no room for further details. This is what the intolerant spirit of Native Americanism leads to. May the God of Heaven teach these misguided men wisdom, and preserve our beloved country from further bloodshed and disgrace.

Fifteen days later FROM EUROPE. ARRIVAL OF THE IBERNIA. The New York Herald has received by express from Boston, letters and despatches from the steamship Ibernica, which arrived at Boston on Sunday, after a passage of sixteen days from Liverpool.

The intelligence is fifteen days later, and is highly interesting in a political, commercial and financial point of view. The fall in cotton is from 1-8 to 4th per pound. O'Connell has not been sentenced. ANNEXATION.—The Texas question of Annexation had reached England, and produced a very great sensation in political circles.

The Liverpool Mercury has the following on the subject:—"The intelligence brought by the last arrivals from the United States is of great interest and importance. It appears that a special envoy has arrived at Washington, from the Texas Government, commissioned to make an official offer of annexation on the part of the young republic. An offer of a similar description was made in the year 1837, and was then rejected, but under very different circumstances.

In the present instance also, it appears very uncertain whether, on the whole, the annexation of Texas may not be an event rather favorable than otherwise for British interest. If it depends on a means of annoying the United States, and so far removes the temptation to a war, it is by no means certain that this ought not to be looked on as an advantage. A war with the U. States, even if successful beyond our most sanguine expectations, would be a calamity of the most fatal description.

IRELAND.—Ireland was in a very exciting state, and our next accounts from Great Britain must be of the most interesting nature. Parliament met after Easter holidays on Monday, and the popular branch of the legislature has

since been engaged in the consideration of a number of multifarious, but not very absorbing questions.

THE GREAT REPEAL DINNER AT CORK.—The grand banquet to Mr. O'Connell, given by the inhabitants of Cork, took place on Monday, the 7th inst. Upwards of 800 persons were present, and Mr. Smith O'Brien, M. P., from Limerick, presided. The speech of Mr. O'Connell was the principal event of the evening, from its containing a variety of allusions to the sentence expected to be passed upon him.

He said:—"No man who ever stood upon the threshold of a prison received such a compliment. Hear, hear, and cheer. No man who ever stood upon the steps of a throne was honored as I have been honored, though on the threshold of a prison; but I would not change that prison, with the compliment, for the throne of any monarch in the universal world."

Another reference to his sentence elicited tremendous applause. I am advanced in life—the prison may terminate my existence—(Sensation, and cries of "God forbid.") I am not shrinking from the dungeon. (Cheers.) I did not speak in a whining or pitiful manner; but I do trust that my last moments will be obliterated by the reflection that I should have lived longer had I not loved Ireland so intensely. (Loud cheer.)

REPEAL ASSOCIATION.—The Repeal Association held a meeting in Dublin on the 12th inst., when a letter was read from Dr. Hale, Archbishop of Tuam, addressed to Mr. O'Connell, expressive of the admiration which the writer entertained for the learned gentleman, and sympathy for his present position.

Another Member of Congress Dead.—The Hon. Henry R. Binkerhoff, a member from the Haron district, in this State, died on the 30th ult., at his residence in New Haven, Haron county. Mr. B. was an excellent democrat, and a most worthy man.

STEAMBOAT ACCIDENT.—We learn from the Cincinnati Commercial that the Swiftsure, on Saturday afternoon, 28 miles above that city, broke her wrist and blew the cylinder head off in fragments. She was towed down Sunday morning by the Little Rock.

Col. Benton on Annexation. Senator Benton has addressed a long letter to the members of the Texan Congress, in answer to their communication to him, expressing a wish to be admitted into the Union.

VERY IMPORTANT FROM WASHINGTON.—We learn from Washington, says the New York True Sun, and from a source entitled to the fullest credit, that General Almonte, the Mexican minister, sided by Mr. Archer of the Senate, has prevailed upon Mr. Calhoun to dispatch a special messenger to Mexico, with a proposition for the consent of Mexico to the ratification of the treaty for the annexation of Texas.

ALARMING NEWS.—A MASSACRE.—The Charleston Mercury publishes a letter dated St. Thomas, April 14th, which contains the following painful intelligence: St. Domingo is in a disorganized state. The Spanish part has revolted against the Port au Prince Government.

INSURRECTION.—A serious alarm took place a few days since at St. Francisville, Lou. in consequence of the discovery that there was to be a rising among the negroes. Several runaway negroes had assembled in a thicket, near town, and bid defiance to their pursuers; but they soon dispersed, and some of them were captured.

FREEINGUYEN!—"Phœbus, what a name!" It's a perfect jaw-breaker! Half of the whigs can neither spell it, pronounce, or remember it! We saw a nice little coon writing it the other day on a stop wall with chalk, so as to learn it as a child would an A B C's!

FIRE IN DOVER.—There was a terrible conflagration in Canal Dover, a few days since, by which an immense amount of valuable property, including several warehouses, was destroyed. We have lost the New Philadelphia Advocate, containing an account of the fire, and are unable to give particulars from recollection.

Gen. Waddy Thompson, late Minister to Mexico, arrived at New Orleans on the 13th inst., on his way home. Before leaving Mexico, he had an interview with Santa Anna, and succeeded in procuring the liberation of the remaining Texas prisoners, taken at Perote, numbering thirty-four, all of whom accompanied Gen. Thompson to New Orleans, excepting four.

The Pennsylvania Legislature adjourned at midnight on the 23rd ult. Bills to the number of 763 were before the two houses during the session, 700 of which were passed, and the rest failed. They were principally of a local character.

THE BLACKLED AND THE PERITAN.—Henry Clay and Theodore Frelinghuysen! "ANNEXATION." MARRIED.—On the 9th inst., by the Rev. Verden Walker, Mr. SAMUEL H. VANDER, of Uhrichville, Tuscarawas County, to Miss MARGARET P. EDIS, of Arches township, Harrison county.

ADMINISTRATOR'S NOTICE.—Notice is hereby given to all those who know themselves indebted to the estate of Wm. Uterback, deceased late of Harrison Co., that they are required to come forward and make immediate settlement and those having claims against the estate are requested to present the same legally authenticated for settlement within one year from this date.
