Particular Notice!

Those who find their names written on the margin of the Sentinel in "RED INK," will understand that we want them to either come or send us a year's subscription, \$2.00.

Considerable snow fell on last Friday night but not enough to make good sleighing.

The Commissioners of Harrison County offer at public sale the building of a Bridge in Franklin township.

Teacher's Examination. There will be a Teacher's Examination in Cadiz, on Wednesday, December 23, 1864.

We publish this week a full and interesting summary of the proceedings of Congress during the first week of its present session.

Rev. J. B. Ueber, of the Martinsville M. E. Church, has been presented by his congregation with a new suit of clothes.

Mr. Wm. P. Brady, of Brooke County, West Virginia, offers in to-day's Sentinel, a valuable farm at public sale on next Thursday week, besides fine sheep, &c.

We call attention to the advertisement of Mr. Ben. Deputy U. S. Tax Collector of this county, in another column. The time is short, and unless taxes are promptly paid there will be ten per cent added.

Now is the time for everybody, their wives and children, and everybody else to go to Barrett's and secure something choice for Christmas and New Year's presents.

The President's Message occupies the larger portion of our first page. It is Lincolnish all over. The object of the war is fully explained—freeing all the negroes in the Union.

Messrs. Hays & Thomas have dissolved partnership; and each of these gentlemen will now practice law on his own account—the former in the room formerly occupied by Esquire Phillips, and the latter in the room occupied by the old firm.

Godley's Lady's Book for January is already on our table. It is the best number of any Magazine that we ever received—and that is saying a good deal for we have been the constant receipt of Godley for the past fifteen years.

Hon. S. P. Chase has been appointed and confirmed Chief Justice of the Supreme Court of the United States. Mr. Chase is the ablest man in the Abolition party, but we fear he is too much of a politician to be altogether the most suitable man for that high and important judicial position.

Br. Hatton, when the call was first issued by the Governor for the people to contribute to the relief of soldier's families, tried in his usual way to make a political affair out of it, thinking that his loyal League brethren would come up manfully to the work; but being disappointed in all such foolish expectations he now regards the amount contributed as "discreditible to our citizens."

Such a humane and worthy object as contributing to the relief of Soldier's Families, should not be made a political affair; and no one but a demagogue would engage in that kind of business.

Ms. Lincoln says the state of our foreign affairs is reasonably satisfactory. This is not a very strong expression of cordiality.

Important.

The Circular of the Military Committee of this county to the Trustees of the different townships of Harrison County, which may be found in to-day's Sentinel, will be found to be a very important document, and one that should receive the careful attention and consideration of every Township Trustee in Harrison County.

Amiability.—Those two long living and amiable friends, Col. E. R. Eckley and Maj. John A. Bingham, will both be members of the next Congress.

Christian Witness.—Those wishing a high-toned religious newspaper—one whose columns are not filled with political wrangling and low security which generally characterizes the so-called church papers of the present day—but is devoted to religious instruction, and such matter as delights the heart that loves the pure principles of the Gospel of Peace, should take this paper.

Personal.—We had a call the other day from our young friend, Emanuel Howard, of Company C, 43d U. S. V. I. Mr. H. has been for some time a prisoner at Andersonville, Georgia, but having been exchanged, is now at home on a short furlough.

We are now experiencing a very cold snap. Warm fires and heavy clothing are very comfortable. While some have the privilege of enjoying these pleasures, there are thousands of others who are suffering for the want of fuel, food and clothing.

We clip the following from the St. Clairville Chronicle of last week:—Our friends, in writing to the 43d, 52d, 98th, or other regiments with Sherman, should direct their letters "Via, Washington City, D. C."

Christmas Tree.—We understand that the teachers and scholars of the Presbyterian Church, Cadiz, intend commemorating the birth of Christ by having a "Christmas Tree," from whose branches gifts will be distributed from teacher to scholar, and scholar to teacher.

Arthur's Home Magazine.—One of the most readable periodicals published in this country is the Home Magazine. For 1865 it is to be enlarged and improved, and will be made still more worthy of the favor with which it has been received by the public.

Messrs. Hays & Thomas have dissolved partnership; and each of these gentlemen will now practice law on his own account—the former in the room formerly occupied by Esquire Phillips, and the latter in the room occupied by the old firm.

Godley's Lady's Book for January is already on our table. It is the best number of any Magazine that we ever received—and that is saying a good deal for we have been the constant receipt of Godley for the past fifteen years.
