

FULTON COUNTY TRIBUNE.

VOL. 11 NO. 1

WAUSEON, OHIO, THURSDAY, APRIL 6, 1922

BRINGING IN 40 CARS OF CERTIFIED SPUDS

Farm Bureau Aiding Farmers With Importation Good Yields Reported

Between 30 and 40 cars of certified seed potatoes for spring planting have been sold in Ohio this winter, through the efforts of the county farm bureau and the Ohio Farm Bureau Federation. This is estimated to be five times the amount imported last year. The tubers have been filed and inspected and are supposed to be free from mixture and transmissible diseases.

Said in being shipped principally from Michigan, Wisconsin and Minnesota. The Late Potatoes, or Russell Rural as it is otherwise known, is coming from Michigan, the Smooth Rural from Wisconsin, and the Early Ohio and a few Irish Gobblers from Minnesota.

Demonstrations conducted last year showed that greater yields were obtained from the certified seed, which would indicate that Ohio seed has "run out."

Orders that have come through the efforts of C. W. Waid, of the Vegetable Marketing Department of the Ohio Farm Bureau Federation, or to his attention, indicate that Ashland, Franklin, Lucas, Mahoning, Summit and Wayne counties will use a carload each; Cuyahoga and Columbiana, two carloads; Stark, five carloads; Hamilton, ten carloads; and Richland and Ashland counties will make a substantial importation.

SWANTON ROBBERS CAUGHT AT ELKHART

The postoffice at Swanton, a shoe store and a millinery shop were broken into Saturday night. Several parcels were taken from the post office, two pairs of shoes from the shoe store and but very little was taken from the millinery shop.

Mr. Leader, who formerly lived in Swanton but is now Chief of Police at Elkhart, Ind., took into custody two men who were suspicious characters. Sheriff Ford and Deputy Nottingham went to Elkhart, Tuesday, and it was found they were the ones wanted, as they had the goods on them. They will be turned over to the Federal authorities.

OLD RESIDENT PASSES ON
Mr. Wm. Dimke died at his home in Pettisville Sunday morning after a month's illness, at the age of 91 years. The funeral was held Wednesday afternoon at the Lutheran Church of that place and interment was made in the Pettisville cemetery.

W. H. S. WINS

F. C. L. A. Contests Draw to a Close

Clifford Belding representing Wauseon III in the Oratorical Contest at At, took first place, and gave W. H. S. three more points.
Clifford has some oration, for he has won two places with it, and will represent Fulton County against Williams County in the final contest between the F. C. L. A. winner and the winner of a similar group of people from Williams County.
One week from Friday, April 14, the final contest in the Fulton County Literary Association will be held at Delta. Here the winner of the debate will be the winner of the contest, for all of Wauseon's points are to be doubled, as the schools have held their contests in group band C while in group A there have been but two. Wauseon has 19 points and Metamora, her opponent in debate has 22 points.
Archbold now heads the contest in points, with 24, but has no chance for the winner.

JUDGE S. S. RICHARDS

The voters of Fulton County and this Court of Appeals district which includes Northwestern Ohio counties, will have an opportunity to vote for Judge Silas S. Richards, of the Court of Appeals at the coming Primary election.

Judge Richards is a Republican, but his name will appear on the non-Partisan Judiciary ticket. He has made good as a Judge in the Court of Appeals and should have the support of both parties.
The important things of consequence to the people in general and to lawyers and litigants, is that Judge Richards has made good, regardless of politics. His learning in law, his fearlessness and integrity are not matters of speculation, but are, in fact, written in the Court records and his decisions.

HON. SIMEON D. FESS

Gives Great Talk To Fulton County Citizens

Congressman Simeon D. Fess spoke at the Court House last Friday evening and also to the Exchange Club at their banquet early in the evening.
In his speech he defended the present Republican Congress and asserted that it has accomplished more than any other Congress in history.
He has not yet officially announced his candidacy for U. S. Senator, to succeed Atlee Pomerene, Democrat, but it is thought that before many days his name will be certified for the August Primaries.
Congressman Fess declared that there is no question but what prosperity is returning. He made it plain that United States is better off than European countries. The policy is to cut to the bone all expenditures and outlined this program:

Outlines Plan
Congressman Fess said the national problem is to cut to the bone all expenditures and outlined this program:
1. Dismantling the war machine as quickly as possible. Already 321,000 government employes have been cut off the payroll and congress is trying every day to further reduce war agencies and bureaus.
2. Enforcement of the budget system to prevent duplication of work and waste. He said a budget bill, defeated by the Democrats in 1920, has since been passed by the Republicans. It was signed by President Harding and has been in effect since July 1. Under this system, the standing army has been reduced from 576,000 to 126,000 and the navy appropriation cut from \$419,000,000 to a little more than \$200,000,000.
3. Enactment only of such legislation, involving expenditures, as is emergent or absolutely necessary.
"Pork barrel legislation," Fess said, "is at an end, and we are now running our country under the budget system like any well regulated private business."
Dr. Fess scolded the "bloc" system of getting legislation through congress, and declared that "our biggest problem now is to insure every man and woman who wants to work, a place to work at a reasonable wage."

Friend of Soldier
He is a friend of the soldier and wants to see them get the kind of compensation that will mean something to them in years to come. He has taken up many a wounded and crippled soldier's claim and helped them to get what was justly due them.
He was brought here from Toledo by D. B. Johnson and J. B. McQuillin in an auto and left last Friday night on a fast train that was persuaded to stop here for him, for Cincinnati.

BOOST WAUSEON! TALK WAUSEON!

Wauseon has an enterprise that most towns cannot boast of, and that is a flour mill. This plant is the Lyon and Greenleaf Co., and is the home of Wauseon flour.
This plant mills thousands of barrels of flour that is shipped to all parts of the country. It furnishes work for a good many men the year round. The plant is located in Brunell street in the west part of town. There is an exclusive feed store in the town. The F. Hanson Co. This store handles all kinds of feed, seeds, grain and poultry supplies. They handle all kinds of grain and their

elevator is located in the north part of town where they have access to the Wabash railroad.
With railroad facilities that Wauseon has it can grow to be a large commercial and manufacturing center.
There are rich farm lands surrounding the town and many of the farmers are breeders of thoroughbred cattle, giving the town the best kind of supply of milk that can be bought.
Any one desiring a location should come here where the prospects are good and the future bright.
Boost for Wauseon wherever you

go. Don't be afraid when you see in some other town to make it known that you are from Wauseon. BOOST every minute, that's what makes a good town and that's what every one wants.
Encourage everyone who is desirous of a location to come here. Tell them of the possibilities, the Water Works that is second to none, the railroads, the traction line, the good streets that have already been built and many more that are being planned for. Boost all the time and you will get results.

Lyon & Greenleaf Company

COUNCIL PROCEEDINGS

The Council had a busy time of it this week. The regular meeting was held Monday evening and adjourned meeting on Wednesday evening.

Insurance Rates
The Council took under advisement a plan to have the insurance rates lowered in this city. We are now in 4th class and with the water works system as it is today with its millions of gallons of water and high pressure; with the fire apparatus that the town should have a tendency to bring a lower rate. At the present time Wauseon is rated under the old hand engine fire system and a very low, inadequate water system.
The Council voted to confer with the State Insurance Dept. in an attempt to have the rate lowered.
The following letter has been sent to Supt. Eiselstein at Toledo:
April 5, 1922
G. L. Eiselstein, Supt., Toledo, Ohio.
Dear Sir:
On April 13, 1918, your Bureau made an inspection of and promulgated rates for Wauseon, Fulton County, Ohio, placing the village in four and one half class.
At the time this inspection was made, the domestic pressure from our waterworks system was very low, sometimes being at zero at the grade level in the congested business blocks, its water supply coming from deep wells only.
In 1921, the village constructed a reservoir covering an area of 17 acres, the average depth of which is 22 feet, and installed a modern pumping-station and filtration plant, which is now being used by the city. The minimum pressure maintained is now 60 pounds, at times, being much greater.
Whereas, the village council and the citizens of Wauseon, Ohio, feel that a proper reduction in insurance rates should be granted on account of said improvement in connection with the water works system of said village, therefore, we resolved, by the Council of said village, that we hereby request The Ohio Inspection Bureau to investigate the situation and condition of the water works system of said village, and, if said investigation warrants a reduction in the insurance rates of said village, that said Ohio Inspection Bureau proceed at once with the rating of all risks in said village, allowing proper reductions for said improvements above referred to.
Respectfully submitted,
Village Council of Wauseon, Ohio
By J. C. Paxson,
City Solicitor
A. E. Harger,
Council Committee
Clean Up Week
The date set for Clean-Up Week was from April 11th to 18th. This week will be set aside to clean up the alleys and for residents of the town to dig out their back yards and cellars of accumulated rubbish from the winter and place it on the street in barrels or boxes and it will be hauled away. The sum of 10c per barrel will be charged by the hauler or 75c per load. Don't forget the date April 11-18th.
Elm Street
The most of the time was taken up with the Elm Street improvement. Several of the property owners were present and either voiced their objection or approved of the plans and specifications now on file.
The Council passed a resolution to accept the original plans and specifications but to cut out all but one type of road. This they figured would save considerable money. To receive bids on all types would make it necessary to sell bonds for the highest type of road and would make an added expense as the bonds would draw interest which the town would have to pay.
The type selected by the Council is a 7 inch concrete slab reinforced by 5-8 in steel bars. The street to be widened to 24 feet from West Corporation line to Clinton street and

PRIZE OFFERED FOR ESSAY ON NEAR EAST RELIEF

Henry Morgenthau, former Ambassador to Turkey, has offered liberal prizes to the high school boys and girls who write the best orations or essays on the Near East.
"The purpose of the offer," states Mr. Morgenthau, "is to encourage our high school pupils to acquaint themselves with the conditions now existing in the Near East. In addition to the present problems there, as they affect those countries and the entire world, there is a vast history with which the students of the high schools of the United States should be familiar."
One hundred and twenty-three state and national prizes to be awarded. Selection of the best essays in each state will be made and from the state prize winners, the national awards will be made. The state prizes range from five to fifteen dollars, while the national prizes are \$500, \$200 and \$100.
Every junior and senior high school student in Ohio is eligible. Applications are to be made through the principals who will put the contestants in touch with the Near East Relief organization which is handling the details of the contest for Mr. Morgenthau. Complete bibliographies will be furnished each applicant upon request. State contests close on June 15th, 1922.

TAX LISTING TIME

Personal Tax Returns

The blanks for making personal tax returns have been mailed this week by the County Auditor to the personal property owners. As many move from one location to another, it is impossible to reach everyone by mail. The failure to receive a blank does not excuse a person from listing his property; as the law specifies that he must secure one from the Auditor or the local assessor.
The listing and valuation of property for taxation must be at true value and shall be made as of the second Sunday in April and must be filed with the County Auditor on or before the first day of May, 1922. It would be much better to make out the return now than to wait until the last day. These returns can be acknowledged before the local assessor, township clerk, justice of the peace or notary public.
All parties who fail to list before the first day of May, will forfeit their \$100 exemption. After the returns are filed the local assessor checks up the list and all incorrect returns are corrected by him.
Parties refusing to make a return will be assessed a 50 per cent penalty and making a false return are liable to prosecution for perjury.

NOTICE

I would like to get in touch with the man who approached me in the Arcade building, in Wauseon, and asked me how I was getting along concerning the auto accident that occurred at Delta, on Saturday evening, Dec. 17th at 6:15 o'clock in front of the Interurban station at that place.
Please communicate at once by letter or phone with
C. A. Theobald,
Phone 91 Wauseon, Ohio

OBITUARY

Martha A. Horn, daughter of Martin and Melissa Horn was born in Paulding County, Ohio, December 17th 1853, and departed this life after a protracted illness, March 30th, 1922, at the age of 68 years, 3 months and 13 days.
She came to Fulton County when but 12 years of age and spent the remainder of her life within the county. She was united in marriage to Thomas Odin, September 10th, 1882 and to this union were born two daughters and two sons, both sons died in infancy. She leaves to mourn the loss, a husband, two daughters, Mrs. Frank Bayes and Mrs. A. W. Willison, and five grandchildren, Monroe, Harvey and Frank Willison. Monroe was raised by his grandparents. The other two grandchildren are Martha and May Bayes. Also eight sisters and one brother survive.
She was a devoted and loving wife and mother, always looking to the welfare of her family, and during her long sickness showed a marked patience. The friends who knew and loved her are many.
Funeral services at the home Saturday afternoon, April 1st, conducted by C. E. Rostofor, pastor of the Christian Church of Wauseon.

HON. C. J. THOMPSON SUPPORTS ADJUSTED COMPENSATION

The following are remarks by Hon. C. J. Thompson, congressman from this district, in the House of Representatives:
In 1917, 24,000,000 of young men in the United States were available for military service. Four millions of them were used. They were mostly inducted into military service and their liberty and their lives placed in jeopardy at a dollar a day. The other 20,000,000 remained at home, and received from \$5 to \$10 per day in civil employment far from danger. The 4,000,000 men taken were used by the Government to preserve the business of the country, and there is not a single business man in the United States who did not receive valuable protection from that service. The American soldiers brought the war to a year sooner than had been anticipated, and on the 1st of November, 1918, there was not a patriotic business man in the Union who would not gladly have submitted to any kind of a tax to continue the war to a successful conclusion.
In 1910 the total wealth of the United States was \$188,000,000,000. The estimated wealth of this country is now approximately \$450,000,000,000 or an increase between 1910 and 1920 of \$262,000,000,000. It is estimated by the Government actuaries that the present bonus, if paid off in cash, would amount to \$1,492,000,000. Such sum represents our moral obligation and is the true measure of value which we owe, and which World War soldiers would be less than 1 per cent of the increase of the wealth of our country between 1910 and 1920. It is, therefore, obvious that the country is not being looted by settling of a war claim such as the moral obligation of adjusted compensation.
I would hesitate to vote this additional burden on the shoulders of the American people, had I not been assured that the interest on the British debt owing us, which will fall due in the late summer, will be applied to pay the soldiers bonus since the amount to be paid is nearly \$500,000,000. I therefore vote for the bill.

BUSINESS CHANGE

Mr. Asa Pontius has sold his interests in the Pontius Grocery Store to Mr. Dora Barnes, the deal being consummated the first of the month.
Mr. Barnes is thoroughly familiar with the grocery business, having been a clerk in the White grocery, and is well known to the public.
Mr. Pontius will become the owner of the Barnes property in the southwestern part of town and will devote his time to farming.
Mr. M. A. Pontius will retain his interest in the store and the firm will be known as Pontius and Barnes.
