
A Hundred Dollars Earns Four Dollars

Does that seem small to you?

It's a great deal when you think that it is earned by doing nothing—by simply keeping your savings where they are safe from harm.

It's a great deal when you think that at 4 per cent compounded interest your money will more than double in less than half a lifetime, without risk of any sort on your part. And this, of course, is on a savings account from which your money may be withdrawn at any time. If you wish to name the date of withdrawal and deposit your money on a time certificate we pay you four per cent.

CENTER TOWNSHIP SUNDAY SCHOOL CONVENTION

Center township will have their annual Sunday school convention and picnic Saturday, Feb. 24th at the Township Hall in Neptune. The schools are ont supposed to send delegates but to send the school as this is also a picnic and it won't be a picnic if we have only delegates from each school. The Sunday schools are the Neptune two schools, Center, Fairview, Zion, Tabor and Copps schools. While these seven of course will be on hand to enjoy the day other schools of other townships are invited to come also and be the guests of the Center Township schools. The convention will be called to order promptly at nine o'clock Saturday morning. There will be two hours spent in a good program of speaking, and then from eleven to one p. m. will be the picnic. At this time there will be a good social hour and games for children, and the picnic dinner. Every person is supposed to bring their dinner in the old dinner pail (especially the fathers and mothers) and if the dinner pail has been thrown to the junk pile, they are to bring it in a paper bag or shoe box. At one o'clock the program will again continue with good speakers. The evening will be given over to the young people and an entertainment will be given. This promises to be a big time and a good crowd is expected.

PIANO DAY AT PLEASANT VIEW

Piano Day as was announced was observed last Sunday at the Sunday school hour at the Pleasant View school. At Christmas the school purchased a piano and made the first payment, and this week the second payment is due. The day was such a success that the offering was a sufficiently large enough to finish paying for the piano and seven dollars over the amount needed. With special music and an illustrated talk along with the regular program the piano was then dedicated to the Lord for use in public worship. This is a splendid memorial for this school.

The dear old C. H. & D! We could not get along without it; it is our most valuable asset in the way of transportation facilities. If we want to go anywhere it takes us—if we are not in a hurry. It is our only "cracker line" and it keeps us well supplied with rations, if the weather is not too bad. All jokes aside, we could not get along without it. But we are afraid that it would not stand the efficiency test. Its accomodations now are no better than a few years ago, in fact not as good. There are no public utilities but should increase their usefulness as the years go by. If that is not the case, then they are imposing upon the public, to say the least. If they could run motor cars just as well as not and to not do so for want of enterprise, or because there is some expense attached, then the management is very blameworthy.

What is needed to help out in the matter is a traction line through our town. Years ago it was opposed, but since the advent of the automobile in such great numbers, that kind of argument is very ancient. Let's encourage something of the kind, and in the meantime petition for something better on the C. H. & D.

PIE SOCIAL AT MACEDON

A pie social will be held at the Macedon school No. 5, Washington township on Tuesday night, Feb. 27.

Dialogues and recitations will form a part of the evening's entertainment. Everybody cordially invited for the evening. Come and enjoy yourself.

CHANGE FAIR DATES

The Directors of the Auglaize County Agricultural Society met Friday morning at their office in the basement of the Court House. Those present were: L. D. Koch, Jacob Scheipline, E. W. Laut, Amos Dowty, Louis Budde, Geo. W. Miller, Owen Cogan, J. J. Rusler, Frank Bush, Elza Shaffer, Levi Elliott, John Fox and John Moyer.

The question of dates for the 1917 Fair was discussed from all angles and it was decided to make a change from the dates selected at the last meeting, which were August 21, 22, 23 and 24, and take the dates of September 18, 19, 20 and 21. This was done in order not to conflict with the dates of the Fair of any other county bordering on Auglaize and further because many farmers and citizens have complained that the dates of the Big Auglaize oCunty Fair for several years past have been too early.

MUM ON SUBJECT OF PIGS

"Don't you dare say a word in the paper about that pig. Everybody is grunting and squealing at me now, said express driver John Ellis, referring to an exciting escape and subsequent capture of a porker, which broke its crate while John had it in transit from the L. E. & W. to the Cincinnati Northern one day this week. Squealing defiance at his would be captor the pig tried to upset John by dashing between his legs, and speeding on its way. Driver Shiverdecker came to the rescue and the fleeing swine had its liberty promptly curtailed by the use of an improvized lasso, but John says he will never hear the last of the pig chase.—Daily Standard.

CLEAN UP THE GARDEN BEFORE IT IS PLOWED

Before plowing the garden patch this spring rake together and burn all the dead vines, grass, sticks and other sort of rubbish, and you will save your plants from hosts of plant pests. Scientists at the Ohio Experiment Station have found that cutworms, and adult tarnished plant bugs, squash bugs, cucumber beetles, Colorado potato beetles, Harlequin cabbage bugs, bean leaf beetles and other insects live during the winter in trash about the vegetable garden. Clean culture also tends to prevent many fungous diseases, as wilts and rusts, from spreading.

OVER IN OLD AUGLAIZE

Fines and costs totaling $60 were assessed against J. A. Harrod and son Clarence, of Union township, Auglaize county, charged with having a fish seine in their possession and with hunting without a license.

The hearing took place in Justice John Craft's court, Wapakoneta.

The hearing was originally set for Tuesday and was postponed till Wednesday because the Harrods did not appear on the date scheduled. They labored with the notion that justices have no jurisdiction outside their own townships and that Wardens Milinski Hanes and Nohr had no authority to make the charges. They were later enlightened on both phases of the subject.—St. Marys Evening Leader.

It is fine for quick relief for sore throat, bronchitis, tonsilitis, croup, stiff neck, asthma, neuralgia, headache, congestion, pleurisy, rheumatism, lumbago, pains and aches of the back or joints, sprains, sore muscles, bruises, chilblains, frosted feet, colds on the chest (it often prevents pneumonia).
