WEEKLY ARDMOREITE, \$1 PER YEAR.

Maloney's Wedding.

Maloney's Wedding seems to be all one reads or hears about of late and it really is amusing to listen to the funny stories that are told at Dan's expense. The latest is that a few evenings ago Maloney made his final visit to the home of the bride elect to again endeavor to obtain her parents consent to a peaceful union; but the old couple were as obdurate as ever, when pressed to state their objection fully the old gentlemen said, that in the first place his daughter was too young, second that he could not see where it came in for Blatz to act in the capacity of best man, and further if that dutchman attempted to kiss his daughter after the formalities were over there would be trouble sure; but Maloney informs us however that the event will take place at the opera house Monday March 16th.

The W. M. Nix Grocer Company is the only place in the city to get a first class smoke at popular prices. Try the Salmon P. Chase, the best five cent cigar ever sold, or if you want a Belmont, they have them also.

A Man Lost.

Last Saturday night at 9:30, on the dimly lighted streets of Ardmore, there was a poor, pitiful looking man wandering his weary way along the south side of Main street, looking as though he had been done an injustice by some one. The bystanders on the street watched him for several minutes and at last there was one sympathizer among the lookers on who had a tender heart, he approached the poor old man and said, friend what can I do for you? you look as though you are in trouble, the poor man looked up and said, sir I am, I feel as though I have paid too much money for this pair of shoes, I was directed to J. B. Wall's shoe store by my friends and they told me that I could buy good shoes at a very low price, but I went to the wrong store. You are right my friend, that is the place to go, go take back those shoes you have and I will show you the way to J. B. Wall, the low price shoe dealer. 10 1mo

Will Be Allowed Six Delegates.

Capt. Whittington, secretary of the Territory Democratic executive committee, is in receipt of a communication from National Committeeman Robert L. Owen, in which that gentleman encloses a certified copy of the resolutions adopted by the Democratic National committee at its last meeting held in the City of Washington, January 16, this year, which provides that Oklahoma and Indian Territory be allowed six delegates each in the National Democratic convention to nominate candidates for president and vice president.

This sets at rest all speculation as to the number of delegates to be chosen at the territory convention, to be held in June at Vinita. The Democrats should go to work and organize for the campaign just as though they would be entitled to vote.

Twice-a-Week Republic.

To be kept thoroughly well posted on the news of such an eventful year as 1896 promises to be, a person should read the columns of a live, wide-awake metropolitan paper besides the country or local newspaper. Now is the proper time to begin a yearly subscription, which will cover the presidential campaign, the great speeches, the November election and the outcome of all the wars and troubles abroad. If intending subscribers will send a word of advice they will send \$1 to the Twice-a-Week Republic. They will receive in return twice every week for a year a copy of the spiciest, newsiest and most entertaining newspaper in the country. The Twice-a-Week Republic will make a specialty of giving all the political news and speeches on both sides and at the same time keep up the very entertaining department it has always contained.

A big inducement is offered to those who become so interested that only a daily metropolitan will meet their wants. The daily and Sunday Republic has been reduced to only 85 a year or \$3 for six months.

A Morning Blaze.

About 10 o'clock this morning the dwelling of Wm. J. Bowden, of 114 Wine street in East Gainesville, was discovered on fire and before the fire company could get there, the building with most of its contents succumbed to the fiery flames. The fire caught from a flue in the kitchen, and the building being situated such a long distance from the headquarters of the fire department the hose companies were unable to subdue the flames upon their arrival. A few household goods were saved. The Register has been unable to learn whether there was any insurance on the property.—Gainesville Register.

Doolin Tries to Escape.

GUTHRIE, O. T., March 10.—A jail delivery was prevented tonight by the discovery of an underground tunnel in the United States jail, where one hundred and twelve prisoners are incarcerated. The leaders were Bill Doolin, Bill Reider and Bob Montgomery, three members of the famous Dalton gang. The outlaws had revolvers and knives in their possession to protect themselves. Doolin says he will never wait for his trial but will escape, or die in the attempt.

"Sensible Wear," "Motherhood," "The Bright Homes," "Woman's Progress," "Child Life," "Floral," "Women of the Day," etc., are a few of its interesting departments. It is sensible and practical in all things. "Able, Bright and Clean" is its motto, and that's the reason it is the favorite paper for woman.

Events of the Coming Year.

The coming year will be a period memorable in the history of the world, if but a part of the plans of the United States Government and European nations is carried out. In the United States, there will be the liveliest presidential campaign ever held, and the Fifty-fourth congress, now in session, will furnish exceedingly interesting debates on the tariff and financial questions until June. There will be several exciting state elections and many great political speeches. Every one will watch with interest the progress of the Venezuelan commission's inquiry, the results of the wars in Cuba, in South Africa, in Turkey, and the outcome of other complications now arising in the Old World.

It is a remarkable coincidence that at the beginning of a year of such rich promise of stirring news the greatest metropolitan newspaper in the United States—The St. Louis Republic, should reduce its price to 35 a year, or to less than two cents a day. This low price now places the Republic within the reach of everyone. Those who wish to keep posted on politics, trade, national and international affairs, during 1896, should at once subscribe for it on these terms, in addition to taking their own local paper.

Newspaper readers who may think they cannot afford to take a metropolitan daily paper, should at once subscribe for the "Twice a Week" Republic—104 papers a year, for only \$1 a year. It contains the best of everything that appears in the daily.

Beatty's Organs and Pianos.

Hon. Daniel F. Beatty, of Washington, New Jersey, the great Organ and Piano manufacturer, is building more Organs and Pianos than ever. In 1870 Mr. Beatty left home a penniless plow boy, and by his indomitable will he has worked his way up so as to sell so far, nearly 100,000 of Beatty's Organs and Pianos since 1870. Nothing seems to dishearten him; obstacles laid in his way, that would have wrecked an ordinary man, forever, he turns to an advertisement and comes out of it brighter than ever. His instruments, as is well known, are very popular and are to be found in all parts of the world. We are informed that during the next ten years he intends to sell 200,000 more of his make; that means a business of \$20,000,000, if we average them at \$100 each. It is already the largest business of the kind in existence. Write or call upon Daniel F. Beatty, Washington, New Jersey, for catalogue.
