ON THE ROAD

The Trip to Chicago June 12.

The Stand Pat Club composed of Forakers supporters, left Muskogee on Friday June 12th, at 11 o'clock a. m. There were on board: Hon. G. W. F. Sawyer, of Chandler; Charles Phillips, B. W. Bradley, P. J. Jolley, J. T. Tremble, Prof. P. B. J. Hudson, and W. H. Twine, of Muskogee. It was a jolly crowd and each of them enjoyed the trip. The peckerwoods in Ark. were struck with wonder as they gazed on a private car composed of what they termed "them niggers" from Oklahoma. One was heard to remark "dat car am too good for niggers, dey ought to be jim crowed. At Monett, Mo., the club took supper in the car which was furnished by the Harvey House. The waiter did not know the price but guessed 75 cents. He went for the bill and when they discovered the Club was composed of colored gentlemen, the cuss reported it was \$1.00 each which was promptly paid as there is nothing small about the members of the Club but their feet and they are growing. Mr. A. Jackson, the porter on the Pullman, is a first class gentleman and gave the Club first

class service. All the boys are behaving nicely, up to date. Jim crow was empty from Fayetteville to Monett.

Reporter.

LOCALS

By Mr. Buz-Fuz.

Mr. K. W. Hardy, of the Afro American Business college of Dallas, Texas, made a lecture at the First Baptist Church to quite an appreciative audience last week.

We are glad to mention the marriage of Mr. Sydney C. Davis to Miss Hattie Phillips. The groom is one of the most efficient carriers on the force at the local post office. We bespeak for them success and happiness through the matrimonial tour.

Mrs. B. A. Hume and children were called to Waco, Texas, last week to attend the funeral of her sister, Miss Inez Easter. It was indeed sad and the relatives have our sympathy in their hour of bereavement.

The Normal is in a flourishing condition with 125 in attendance. It is remarkable the small number of men are attending in proportion to the number of women. There are about 100 women in attendance. The work is reported to be in a flour-

ishing condition and every one seems hopeful of passing a successful examination. There will be more schools this coming session than ever before in the state of Oklahoma and good teachers will be in demand.

The latest designed soda fountain was installed in the Bakery and Confectionery business, established in the Simms-McCollough building on South 2nd Street. These people are putting up first class service second to none in the city and are making everything makable in a bakery or candy store. These young men with their accomplished wives know the business. This is what makes success in any line of business. Behind every great man there is a noble woman.

The nineteenth of June celebration at The Douglas McIntosh park was quite a success. There was much fun and merriment had by those in attendance.

Dr. and Mrs. G. P. Todd have left the city indefinitely.

Watermelons have made their appearance here by several shipments and many people have shown their faith in the red meat by sampling them.

The Cimeter special is expected to arrive this evening bringing the crowd who attended the Chicago Convention. We are sorry to relate that the report has reached us that Mr. James Tremble had a stroke of apoplexy. His condition was considered serious. We hope he has recovered.

Miss Maggie Wynn will leave for Corpus Christi, Texas, next week to visit her father.

Prof. Nicholson, who had a position in the Indian agent's office, was compelled to get a transfer to San Antonio, Texas, where his health had some chance of improving. For this reason he had to give up his night school work which he had in a flourishing condition. The good work will continue, however, as Prof. K. W. Hardy will carry on a business college as soon as he returns from Dallas, Texas.

We are sorry that the race is bothered with a set of knockers in Muskogee who are not worth their room in hell. Some of these poor hell hounds tried their hardest to in some way embarrass Prof. Nicholson ere he left the city. We are proud to state that Prof. Nicholson left the city highly respected by all the law abiding people white and black. He made many long and lasting friends while here.

The People's Bank and Trust Company are still doing business at the same old stand and from the last printed report of their financial condition it was shown that their assets were \$70,000. This of course created confidence among the race enterprises.

The teaching profession has again been robbed of one of its brightest professors in the person of Mr. John H. Wright, who has accepted a position as sub-carrier at the local post office. He is making a commendable record. This makes only ten regulars and two substitutes. All are colored we are glad to state.

WANTED
INFORMATION
REGARDING
Farm or Business
for sale. Not particular about location. Wish to hear from owner only who will sell direct to buyer. Give price, description and state when possession can be had. Address,
L. DARBYSHIRE, Box 9999 Rochester, N. Y.
