All Men of Military Age Not Engaged in Essential Occupations Hit.

WASHINGTON, July 27.—Extension of the "work or fight" program of the government to include all men of military age who are now engaged in non-essential and non-productive occupations is under consideration by President Marshall, General Crowder and the other officials of the war department who are charged with the administration of the selective draft law. As now contemplated

Corn Frowns Vanish in a Moment

HERE is a fact which millions know. It is so clear, so simple that it makes a corn ridiculous. You can stop any corn pain in a jiffy, and stop it for good. You can end any corn quickly and end it completely. You can do this without any bother, without any soreness, without any muss. So corns are utterly unnecessary. And folks who have them nowadays do themselves a wrong. You can prove these facts on any corn by applying a Blue-jay plaster. The pain will stop instantly. Then a bit of red wax, centered on the corn, will gently undermine it. In two days, usually, the whole corn disappears. An occasional corn needs a second application. This is a scientific method, invented by a famous chemist.

new jobs or should be trained in some of the specific professions mentioned above. Those who are not expected to come within the vision of the program are young lawyers, established as law firms, and stenographers in the lesser essential professions. Action of this kind is very much more extensive and drastic in its scope than was that of the "work or fight" order of General Crowder last May, and going into operation on July 1. It will affect thousands of young men who while engaged in non-essential vocations have been given deferred classifications exemptions because of dependents upon them. They must either find

by them, every man of draft age must be employed in an occupation that is classed by the war industries board as essential to whipping the Germans if he is given an exemption or deferred classification. Bakers Are Hit.
Bakers who are engaged in making breads, rolls, etc., are being placed with professions which are essential to the war effort. The draft administration is unwilling that a large number of bakers should be given a deferred classification.

WHERE DID KAISER GO WHEN ALLIES STARTED?
The Kaiser's movements during the war have been a subject of much speculation. It is believed that he fled to the Netherlands and then to Belgium, where he remained until the end of the war.

Doctor Bradley's Father Dead.
A thorough inquiry into the activities of various firms and positions held by men of military age in all non-war activities is in progress by the prominent merchant generals and the attorney general's office. This is particularly true of establishments and firms whose young men were

SCHOOL GARDEN ARMY IS MAKING GOOD WITH WORK

It is found that people think and care for him and he immediately ambles. On the other hand, if he never receives the mail he will die. He feels that he can have a rap for him, what's the difference?

Most of the soldiers write many more letters than they receive. It is found that they are very cheerful and that they are doing very well. The school garden army is making good with work.

U. S. STONE for GOVERNOR
NOT A POLITICIAN NOT A LAWYER
I AM NOT A "HANDPICKED" CANDIDATE. I have no connection with any faction. My campaign is being conducted by myself, and MY OWN MONEY IS PAYING FOR IT. I know I can place the Republicans BACK IN POWER if nominated at the primaries. An Oklahoma City candidate has always polled a larger vote than any other candidate living in any other city. My platform is for all the people and I pledge myself to it without qualification. READ IT.

A HOME FOR EACH DISABLED SOLDIER AND SAILOR.
Also a special State Vocational School to train the crippled and blind soldiers, making them independent and not an object of charity. England is building 300,000 homes and has established Vocational Schools.

FOR THE LABORING MAN.
I favor the Ohio Industrial Commission Act to protect every worker. This Act provides for 60% of a worker's salary for the actual time lost from injury.

A STRONG BLUE SKY LAW.
To stop the crooked stock salesman and fake promotions.

CLEAN UP THE GRAFTER POLITICIANS.
Give the State a clean administration, one that every good citizen will be proud of.

I OPPOSE ALL MOB AND LYNCH LAWS.
PLACE THE STATE UPON A BUSINESS BASIS.
Eliminate interference with the essential industries.

DO YOU PAY YOUR BILLS?

Being the Twelfth and Continuation of a Series of Talks on Bills and the Prompt Payment of Them.

The First o' the Month

THURSDAY is the first of the month. On that day all bills incurred during the thirty days past are due, unless otherwise specified.

You should pay those bills then or make arrangements to take care of them before the fifteenth.

Remember, it's really a courtesy—a convenience to you—that charge accounts are opened. Merchants go to an enormous expense in their bookkeeping departments to help you—and you in turn should show your appreciation by PAYING YOUR BILLS and PAYING THEM PROMPTLY.

Begin this month. Pay your accounts NOW. It will enhance your credit, help the merchant, and eventually tend to lower the price of goods.

It's reciprocity—pure and simple—in which all parties benefit.

Credit Is Convenience

RETAIL merchants in extending credit to their customers—FOR THE CUSTOMER'S CONVENIENCE—have been imposed upon. Thousands and thousands of dollars have been lost—BECAUSE SOME PEOPLE PLACED NO VALUE ON HONOR.

UNSCRUPULOUS MEN AND WOMEN have taken advantage of the confidence bestowed upon them by the merchants and BEAT them out of fortunes.

To eliminate this imposition and make it impossible for FOLKS WHO DO NOT PAY THEIR BILLS to obtain credit, the RETAIL MERCHANTS ASSOCIATION was formed.

Every member of this association has a credit rating of their customers BASED ON HOW THEY PAY THEIR BILLS. These ratings go through a clearing house, which gives the clearing house a record how every customer of every store in Tulsa pay their bills with every store.

It's a complete sum total of the value every customer places on HONOR. This information is sent out in full every week to every member of the association.

If a certain individual lags on one of more accounts every member is informed—and credits that individual in the future accordingly. On the other hand, when the individual pays his bills promptly—his rating becomes established—and his credit automatically goes unquestioned.
