REVISION OF TAX BILL IS FINISHED

Senate Committee Virtually Completes Measure for Introduction.

PLAN FOR 1920 ADOPTED

By Party Vote Four Billion Dollar Proposal Is Retained.

WASHINGTON, Nov. 27.—Revision of the war revenue bill was substantially completed tonight by the senate finance committee. Amendments providing for the proposal of raising \$4,000,000,000 for 1919 were adopted and by a strict party vote the committee formally approved Chairman Simmons' plan to raise \$4,000,000,000 in 1920 through reduction of individual and corporation income taxes, elimination of the war profits tax and the reduction of the excess profits rates.

With the seven republicans of the committee voting solidly in opposition to the 10 democrats, Chairman Simmons' plan for 1920 to reduce the normal income tax rate for individuals and corporations from 12 to 10 per cent, to abolish the 50 per cent war profits rate after 1919, and to reduce the excess profits rates in 1920 to a minimum of 20 per cent and a maximum of 40 per cent, or two-thirds of the 1918 rate.

The committee now practically has completed the bill, it became known today that the internal revenue bureau has almost despaired of the enactment of the measure before January 1 and has made full plans for collection of taxes under the old law, by which it is estimated only \$4,000,000,000 would be produced next year.

CHILEAN MINISTER DENIES OUTBREAKS ARE APPROVED

SANTIAGO, Chile, Nov. 27.—The complaint of the Peruvian minister of foreign affairs that the demonstrations against Peruvians at Iquique were encouraged by the authorities is denied by the Chilean minister of foreign affairs. This denial has required the Peruvian minister to state that the newspapers are of the unambiguous belief that everything can be arranged by the fulfillment of the treaty of Ancon, signed in 1883.

Under the treaty of Ancon, Chile was to retain possession of the province of Tacna and Arica, belonging to the Peruvian department of Moquegua, for a period of 10 years and then submit to popular vote whether these territories are to belong to Chile or Peru.

Previously he had announced that the bonds to be offered then would be of short maturity, less than 10 years, and it has been indicated that the amount would be around \$5,000,000,000.

WOULD NOT CHANGE LABOR CONDITION

Joint Chairman Walsh of War Board Declares Return to Pre-War Basis Is Out of Question.

WASHINGTON, Nov. 27.—Frank P. Walsh, joint chairman of the national war labor board, said in a statement made public tonight that labor must not be expected to return to the pre-war basis of wages and working hours. The only hope for a safe, orderly national development, he declared, is in the maintenance of present wage levels and continuous improvements of conditions of labor.

Investigations conducted by the war labor board, Mr. Walsh said, show that the lowest possible wage on which a worker and his family can subsist in health and reasonable comfort is 72 1/2 cents an hour, based on the eight-hour day. These same industries, he asserted, revealed that before the war the great majority of laborers were earning far below the amount necessary for a "decent and healthy family existence."

CONGRESS TO HEAR PLANS

President Likely to Announce Program on Convening.

WASHINGTON, Nov. 27.—President Wilson's plans for attending the peace conference are all matured with the exception of the day and hour of sailing. His departure, however, is certain early next week. It is entirely probable that the first announcement of the personnel of the American delegation will be made in the president's address to the opening of congress, which will be delivered Monday or Tuesday. At the same time the president may make something in the nature of a statement to the country, as well as to congress, on his going to Europe, something no other president has ever done.

The most important announcement that has yet been made in connection with the official plans for the peace conference came today. It was that there would be absolutely no censorship on the news on which the American newspaper correspondents sent back home. At the personal request of President Wilson both the British and French governments have agreed to relinquish their censorship on all American newspaper dispatches telling of the deliberations. Furthermore, to facilitate the transmission of news to this country, the government, through its recently acquired control of the cable lines, will give news a preference in transmission second only to government official business. News will be transmitted on all commercial business on cable lines.

Creel Will Help.

George Creel, chairman of the committee on public information, also announced today that the committee's machinery in Paris would exercise nothing on the news on which the American newspaper correspondents are to be provided, and the committee's machinery also will be used to assist the correspondents to get their dispatches on the cables. Until today, whether or not any American newspaper correspondents at all would be permitted to accompany President Wilson on the trip to Paris, has been a question with no restriction on the number of newspaper men to France by any means they might find available. Mr. Creel took the position that the American people should be informed of the movements of the president at all times, through their only source of information, which is the daily newspapers, and upon his representation to the committee he included a correspondent of the Associated Press and correspondents of the other press associations in the president's official party aboard the liner George Washington. It was decided at the same time to give passage to correspondents of individual newspapers on the army transport *Yamacraw*, which will sail from Hoboken Sunday morning. As a part of the convoy of the president's ship, which will include the super-dreadnaught *Pennsylvania* and a number of other naval ships.

Besides the president's official party the George Washington will carry a naval crew of more than 1,000 officers and men. The *George Washington* is being chartered by the War Department and will arrive in France about the same time as the *Orizaba*. It seems to be settled, although no official announcement has been made, that the president will go first directly to France and later to England and possibly Italy. If he intends to visit any other European countries his plans have not become known.

MANY VESSELS TO CARRY AMERICANS FROM ENGLAND

LONDON, Nov. 27.—Numerous steamers will leave Liverpool during the coming week with American troops aboard. The *Acanus* will sail tomorrow with 1,500 officers and men of the American all force. The *Champion* will sail November 29 with 1,900 aboard; the *Adriatic*, November 30, with 2,475; the *Cedric*, December 2, with 2,000. The *Empress of Britain* will sail December 2 with 2,880, including 450 sick; the *Leviathan*, December 3, with 1,500 sick; and the *Saxonia*, December 5, with 1,900.
