**DOCTOR SAYS IT IS WONDERFUL**

Declares Tanlac Best Reconstructive Tonic for Influenza Patients.

The following letter from Dr. J. W. Sandlin, one of the most prominent physicians of southern Texas, has just been received at the Tanlac office and gives indisputable evidence as to the value of Tanlac as a reconstructive tonic for persons who are recuperating from the after effects of Spanish influenza. His letter follows:

"Humble, Texas, Nov. 5, 1918.  
"Dear Sir:  
"Just a few lines in reference to Tanlac. I have found your preparation to be a wonderful reconstructive tonic and in my opinion it has no equal in its line. I have found it to be the best tonic to be had to build up my patients who have had Spanish influenza. I have treated within the past month about 1,400 cases, and have never been able to get sufficient Tanlac to supply our people.  
"Yours very truly,  
"Signed, DR. J. W. SANDLIN."

Dr. Sandlin not only enjoys a very large practice as a physician, but he is also a man of wide influence and ranks as a leading citizen of the enterprising little city of Humble, Texas.

As a practicing physician of 16 years' experience, Dr. Sandlin was quick to recognize the superior tonic properties of Tanlac over other remedies and unhesitatingly and voluntarily gave Tanlac his unqualified endorsement.

Although the influenza epidemic has greatly subsided it is still prevalent, and is breaking out anew in many sections of the country, and continues to claim its victims by the thousands.

Persons who have had influenza are oftentimes left in a very weakened, run down condition and unless the greatest care is taken, both as to habits and diet, serious complications are apt to follow. Persons who have had it are more apt than ever to have it the second time. If you are in this condition nothing on earth will build you up and strengthen you like Tanlac, which contains the most powerful tonic properties known to science.

As a reconstructive tonic, and body builder it is without an equal and contains the very elements needed by the system to restore you to your normal strength and weight.

First of all, Tanlac begins its action by creating a good healthy appetite for wholesome, nourishing food, and assists the vital organs which have been weakened by the disease to perform their natural functions, thus helping to build up health and strength in the natural way.

This statement is easily proven by the fact that Tanlac is now having the greatest sale of any system tonic in the history of medicine. In less than four years' time over ten million bottles have been sold and the demand is constantly increasing.

In connection with the Tanlac treatment it is necessary to keep the bowels open by taking Tanlac Laxative Tablets, samples of which are included with every bottle of Tanlac. Tanlac is sold in Tulsa by Quaker Drug Company, Puritan Drug Company and by the leading druggists in practically every city, town and village in America.
