Try Making Your Own Cough Remedy

COLUMN TO THE PROPERTY OF THE

If you combined the curative proper-ties of every known "ready-made" cough remedy, you probably could not get as much real curative power as there is in this simple home-made cough ayrup, which is easily prepared in a few minutes.

Oet from any druggist 2½ ounces of Pinex, pour it into a pint bottle and fill the bottle with syrup, using either plain granulated sugar syrup, clarified molasses, honey, or corn syrup, as desired. The result is a full pint of really better cough syrup than you could buy ready-made for three times the money. Tastes pleasant and never spoils.

This Pinex and Syrup preparation.

A day's use will usually overcome the ordinary cough and for bronchitis, eroup, whooping cough and bronchial aathma, there is nothing better.

asthma, there is nothing better.

Pinex is a most valuable concentrated compound of genuine Norway pine extract, and has been used for generations to break up severe coughs.

To avoid disappointment, ask your druggist for "2½ ounces of Piner" with full directions, and don't accept anything else. Guaranteed to give absolute astisfaction or money promptly refunded. The Pinex Co., Ft. Wayne, Ind.

SUGAR BOWLS ARE TIMID; THERE'S A CHINA DEFICIT

Sugar howis were timid in making their appearance yesterday. In spite of the fact that the food administration issued an order cutting out the delivery of bashful spoonsful in a pay envelope, and declared the old-fashioned sugar bowl to be in good form on any table, some downtown cafes were still dividing up a pound of the sweet stuff into 30 portions and they all had an alibi that the food order hadn't reached 'em.

"There's an ample supply of sugar in Tulas and vicinity," said a dealer yesterday. There seems to be no local reason why the ban should not be lifted, they say.

One hotel man complained that he couldn't install sugar bowls at this Sugar howls were timid in making

outlefit install sugar bowls at this time because of a shortage of china. He was using teacups—and they didn't hold much sugar. China has been under a governmental ban, and hotels have been using anything that they could buy. It may be some time before the sugar bowl supply is adequate. In the interim there's no quate. In the interim, there's no particular reason why a teacup or even a crock shouldn't be used—just as long as it has sufficient capacity to make up for the unusual demand going to be made by the folks who have been drinking it unsweatened. have been drinking it unsweetened.

TULSAN KILLED DURING LAST WEEK OF CONFLICT

Tulsa's latest casualty was reported yesterday when word was re-Roy Homsher, who made the su-preme sacrifice in the last week of the world war. His last letter home was written October 28.

Captain Homsher, who for many years was connected with the Prisco, one time as agent at Afton and later one time as agent at Afton and later with the Sapulpa and Oil Field rall-way, enlisted early in the war and was commissioned a lieutenant at Leon Springs last November. His promotion to the rank of captain came only a few weeks ago as a reward for valiant services.

The young officer is survived by his parents and two sisters who reside in Pueblo, Col., and his wife to whom he was married shortly be-

whom he was married shortly before his departure for service over-ness. Mrs Homsher was Miss Grace Turner before her mariage. He was 10 years of age.
