Beating the Market For You

If we were to go out today and try to duplicate the fall clothes we've bought for you, we'd have to pay a big advance; at least \$5 or \$10 more a garment.

That's what has happened.

But we bought early and we're going to see that you get the benefit of our early buying. We're basing our prices on what we paid months ago—not on the present market prices.

Hart Schaffner & Marx

made the clothes; nobody can make better ones. They're all-wool, carefully made; stylish; guaranteed to satisfy you.

You'd be getting a good big money's worth if we did ask present market prices.

But we're not. And that makes it \$5 or \$10 better for you.
