barrels, it started at better than 900 barrels from the 2,600-foot sand. The No. 2 Armstrong in 34-20-7 is holding up remarkably well and is making 800 barrels at a month's end.

### With the Oil Men

W. N. Davis of Bartlesville was in the city yesterday on business.

John Kirkland, who is associated with Henshaw and Trees of Pittsburgh, is here from West Virginia where his home is.

C. W. Deming, who was in town yesterday from Tennessee, reports 17 wells drilling in that state and is of the opinion that something is going to happen soon.

J. J. Schock of the Indiana Refining Company has purchased the handsome residence of W. H. Alexander at Okmulgee, the latter having decided to move to Kansas City where he has joined the millionaire class.

Senator Gore was around the lobby yesterday and was given the glad hand by a large number of oil men whose interest he has served, according to the best information which has reached this desk. He will be in Tulsa again before returning to Washington.

J. J. Moroney of Okmulgee was in

**J. S. McMillan**, who is drilling east of Holdenville, reports the Gladys Belle well No. 1 Little Marks in the southwest corner of the northwest of 1-6-3 as spudding and Mr. McMillan is mighty anxious that the well turns out good as there are three youngsters, true blue American girls, who will be greatly benefited if it does. The boys have been on the ground at the rig ever since it was built and the difference to those boys between a big well and a dry hole can only be imagined as their father owns the land.
