Salesmanagers Welcome!
The salesmanagers representing the more than one hundred refineries in the midcontinent field, are meeting today and are indeed welcome in Tulsa, which has been since the beginning, the home of the independent refiner and the center on which the marketing of petroleum products revolves.

The Gant and Parsons wildcat well in 25-12-9w is still being worked around the southeast corner and the oil is being run by the Magnolia Petroleum company, which has just completed a two-inch line to the well.

Important Completions and Developments at Duncan (continued)
It is reported that the No. 1 well of the Carter Oil company, located in the southeast corner of the southwest of 29-12-9w, the No. 1 blades of the McMan Oil company, located in the southeast corner of the southwest of 29-12-9w, the No. 1 blades of the Carter Oil company, located in the southeast corner of the southwest of 29-12-9w.

OIL AND GAS
We are in the market for Oklahoma and Kansas production with drilable acreage, but no immediate offers to drill. Also interested in financing companies and individual operators for interest in producing properties. All information and correspondence confidential. Carter Oil company, Wheat building, Fort Worth, Texas, care Ladd & Hanson.—Adv.

Ticker Dope From New York
An interesting situation exists in Texas companies on the list in the 526,000 additional shares on the stock exchange this month, being the 10 per cent stock dividend recently declared. The total outstanding stock will be 2,220,000 shares.

Experience a Good Teacher
Oil men who have been operating here since the Glen Pool and Cushing fields are wise enough to know that there is a way of controlling production, and thus keep the price where it belongs. As an instance, John Gilliland of the Gilliland Oil company, has happened to have owned very large production in the days when oil was low in price, and no market available.

With the Oil Men
Charles A. Gustafson, president of Anderson and Gustafson, is due in Tulsa within a few days and is likely to make some important announcements within the month.
