WORLD MARKET PAGE

STOCKS DISPLAY SOME NEW POWER

Consistent Strength Is Shown and Favorites Make New Gains

NEW YORK, March 16.—For the first time since early this month, the stock market today displayed consistent strength and breadth, many of the leading issues registering gross gains of 1 to 4 points.

Call money opened at 7 per cent on the exchange, but eased to 6 per cent in the last half of the session, that rate being shaded by a full 1 per cent, on offering for reports in many private loans.

Another factor in the recovery was the small supply of certain speculative favorites recently under severe depression.

Steels, equipments, oils, rails, shipping, motors and local tractions were the conspicuous features, holding the better part of their advances to the end, despite another series of raids against Atlantic Gulf, which repeated yesterday's low price and closed at a loss of about 2 points. Sales amounted to 825,600 shares. British and French remittances of foreign exchange were irregular on fairly large operations, but business in other European points was nominal.

Bonds participated in general advance of stocks, although much of the moderate activity was limited to Liberty bonds, all of which were higher; local tractions also benefitted on favorable exchange at Albany. Total sales, par value, $9,875,000.

Sheep—Receipts 7,000; lambs mostly 25 to 40c lower, none double to shippers $19.00; packer top $9.75; clipped lambs $8.75.

MANY PEOPLE INVITE APPENDICITIS ATTACK

Appendicitis is often due to infection from old, retained waste matter. Even though the bowels move daily, poison may accumulate in the system for months. The intestinal antiseptic, Adler-i-ka, acts on BOTH upper and lower bowel, removing ALL foul, decaying matter which might start infection. EXCELLENT for gas on the stomach or chronic constipation. Adler-i-ka removes matter which you never thought was in your system. ONE single dose will surprise you. Roy R. Getman, 113 S. Main—Advt.

TRY SULPHUR ON AN ECZEMA SKIN

Costs Little and Overcomes Trouble Almost Over Night

Any breaking out of the skin, even fiery, itching eczema, can be quickly overcome by applying Mentho-Sulphur, declares a noted skin specialist. Because of its germ destroying properties, this sulphur preparation instantly brings ease from skin irritation, soothes and heals the eczema right up and leaves the skin clear and smooth.

It seldom fails to relieve the torment without delay. Sufferers from skin trouble should obtain a small jar of Mentho-Sulphur from any good druggist and use it like cold cream.—Advt.

BULLS HOLD SWAY IN WHEAT TRADE

Their Advantage Is Laid to Export Inquiry From Europe

CHICAGO, March 16.—Bulls had an advantage in the wheat market today, helped to talk of export inquiry from Greece and France. The close was strong 2 1-2 to 3 2-4c net higher with March $1.53 to $1.53 1-4 and May $1.51 1-2 to $1.51 3-4. Corn gained 1-4 to 1-4c 3-8c, and oats 1-4 to 5-8@ 3-4c. In provisions the outcome was a setback of 15 to 40c.

Wheat showed an upward tendency from the start, it was said Greece and France were asking for tenders amounting to almost 2,000,000 bushels, and that Europe today had taken about 500,000 bushels of Canadian wheat. Besides, mills were credited with having bought futures here. Assertions that foreigners were successful in acquiring 2,000,000 bushels in Argentina today at 3 1-2 to 1c under the quotations current in the United States failed to make much impression as a bear factor, and so likewise did announcement that Great Britain and Russia had signed a trade agreement.

Corn and oats sympathized with the wheat advance, receipts were relatively small and eastern demand fair, especially for oats.

Provisions were weakened by a break in hog values and by figures showing that the stock of lard here was greater than had been generally expected.

Kansas City Cash Grain.

KANSAS CITY, March 16.—Cash wheat 1 to 4c higher. No. 1 hard $1.56@1.67; No. 2 $1.55@1.67; No. 4 red $1.66@1.67; No. 2 $1.61@1.66.

Corn unchanged to 1c higher; No. 3 white 65c; No. 3 $3.65@3.66; No. 2 yellow 59@59½c; No. 3 57½@58c.

Oats unchanged to 1c higher; No. 2 white 42½c; No. 3 mixed 40c.

Wheat receipts 94 cars.

COTTON ALSO GAINS

Early Declines Followed by Decided Show of Strength, but Gains Are Partially Lost Later On.

NEW ORLEANS, March 16.—Following small early declines today the cotton market made a decided show of strength and at one time was a quarter of a cent a pound over yesterday's close on the strongest months. In the last half hour of the day some of the strength was lost and closing prices showed net gains of 4 to 9 points.

The early declines were due to a lower Liverpool market than expected and to favorable rather over the belt, but after losses of 8 to 12 points a much better demand arose, having its inception in the news of the signing of the trade pact between England and soviet Russia. Manchester cabled over that conditions in that market were better and that India was beginning to buy. There was much favorable comment over the relations between Russia and Poland. Highest prices came late in the day on the heels of a report that American bankers had agreed to finance Germany to the extent of 15,000 bales of cotton. At these levels prices were at net advances of 19 to 24 points with May at 11.66c.

Weekly crop reviews from private sources hardly indicated that planting was making the progress expected. Sections of Texas which are planting claimed cuts in acreage ranging from 30 to 40 per cent.

Cotton Seed Oil.

NEW YORK, March 16.—After breaking 11 to 24 points in consequence of liquidation on the weakness in lard and continued dullness in trade circles, cottonseed oil scored a moderate rally through covering operations and local buying on the better showing in cotton and Wall Street. Closing bids were 1 to 13 points net lower for leading deliveries. Sales 10,000 barrels. Tenders 200; prime crude 4.60c, sales; prime summer yellow spot closed at 5.90c bid; May 6.20c; July 6.73c, and September 6.93c all bid.

With the Oil Men.

W. H. Rosier, who recently was operated on at Marietta, Ohio, is reported by Adam Robilinsky, his geological adviser, as doing nicely. This will be good news to Mr. Rosier's many friends in Tulsa.

Guatemala Cabinet Would Quit.

SAN SALVADOR, Republic of Salvador, March 16.—The cabinet of Guatemala offered its resignation to President Herrera today but the latter declined to accept it, says a dispatch from Guatemala City today.

ORDINANCE No. 2134.

An Ordinance amending Sections 935 and 947 of Article 1, Sections 995 and 994 of Article 2, Section 1014 of Article 7, Section 1030 of Article 9, Section 1052 of Article 11, Section 1072 of Article 13, of Chapter 26 and Section 1081 and 1083 of Chapter 27 of the Compiled Ordinances of the City of Tulsa for the year 1917, repealing Section 1030 of Article 11, Chapter 26 of the Compiled Ordinances of the City of Tulsa, Oklahoma, and the said Plumbing Inspector shall inspect and pass upon all such work in said buildings up to and including the place where such plumbing or sewer work connects with the soil pipe. And the said Inspector may as far as necessary in the performance of his duties enter, in the daytime any building or premises within the corporate limits of the City of Tulsa. It shall be the duty of said Plumbing Inspector to keep a daily record of all his work, including all notices and applications received, permits and certificates granted, and all violations of this Ordinance, and other matters which may pertain thereto.

SECTION 2. That Section 987 of Article 1 of Chapter 26 of the Compiled Ordinances of the City of Tulsa, for the year 1917 be and the same is hereby amended to read as follows:

Section 987. FEES FOR INSPECTION: The said Plumbing Inspector shall be permitted to charge a minimum fee of Two Dollars ($2.00) on all inspections made on each plumbing job where from one (1) to including four (4) fixtures are installed, and said Inspector shall be entitled to charge the sum of Fifty Cents (50c) for each additional fixture inspected.

Each bath tub, sink, laundry tub, water closet, lavatory, bar fixture, soda fountain, shower bath, garage floor drain, back water trap, ice box drain, area drain and "sumps" or "pits" where automatic ejectors are installed, shall constitute a fixture under the terms of this Ordinance.

A fee of Two Dollars ($2.00) shall be charged for each extra trip of the Plumbing Inspector caused by faulty work or work not being completed or ready for inspection when the said Inspector is notified to make such inspection.

Where houses have been moved, with plumbing job already in, the plumbing must be inspected, and an inspection fee of Two Dollars ($2.00) shall be charged; if any fixtures are added, the fee shall be the same as herein provided. When a house has been moved, all plumbing jobs shall be made sanitary and shall comply with this Ordinance. The fees herein enumerated shall be paid to the Commissioner of Finance and Revenue before said Plumbing Inspector shall be under any obligation to issue the Inspection Certificate herein mentioned.

SECTION 3. That Section 992 of Article 4 of Chapter 26 of the Compiled Ordinances of the City of Tulsa for the year 1917 be and the same is hereby amended to read as follows:

Section 992. BOND AND DEPOSIT: Any person, firm or corporation desiring to engage in the business of plumbing, gas fitting or steam fitting and drain laying or sewer and drain laying shall, after complying with Section 921 and paying the license fees as therein provided, receive said license upon his filing with the City of Tulsa a bond in the sum of Five Thousand Dollars ($5,000.00), signed by a surety company authorized to transact business in the State of Oklahoma, to be approved by the Mayor and Board of Commissioners of the said City of Tulsa. The conditions of said bond being that the said principal in such bond will restore with the same material and in the same manner as before all streets, alleys and sidewalks, except paving and curbing in any way disturbed by him, his agents, servants or employees, it being understood that the said City of Tulsa may repair the paving and curbing disturbed by said licensee upon such plans and specifications as may be adopted by said City of Tulsa at the cost, however, of such licensee. The said bond being further conditioned that the said principal shall well and truly indemnify and save harmless the City of Tulsa, Oklahoma, from any and all loss, cost, damage, expense, action or liability of any kind whatever, including reasonable attorney's fees, which the City of Tulsa may suffer or be required to pay or which may accrue against it or be recovered from said City of Tulsa by reason of any loss, damage, injury sustained, suffered or incurred by any person or persons on account or by reason of the doing of plumbing, gas fitting, steam fitting or sewer work in said City by the Principal, his agents, servants or employees, in the use of the streets, alleys and public property of the City of Tulsa, Oklahoma, in performing any plumbing, gas fitting, steam fitting or sewer work by said principal, his servants, agents or employees, or in the making of any connections, alterations or repairs by said principal, his servants, agents or employees, to any pipe or pipes, water mains or connections belonging to the waterworks or sewer system of the said City of Tulsa, or by reason of the neglect, failure or refusal of said Principal, his servants, agents, or employees, to construct or repair such work according to and in the manner specified in the Ordinances of the said City of Tulsa or by reason of the failure, refusal or neglect of said Principal, his servants, agents or employees to erect, place and maintain proper safety devices, warning signals, and barricades about such work while the same is in the process of construction or repair. And that the said Principal shall restore or repair all public property injured or damaged by such principal, his servants, agents, or employees. And being further conditioned that said principal will comply with the rules of the Water Department relating to the turning on or off of the water from the Waterworks.

In addition to the bond, hereinabove required, of all persons desiring to engage in the business mentioned in this section, such person or persons before securing a license, and at the same time such bond is filed with the City of Tulsa, and before a license is issued, shall be required to deposit with the Commissioner of Finance and Revenue the sum of Two Hundred Dollars ($200.00) for the purposes as herein described. Whenever the principal in the bond, hereinabove mentioned, shall fail to restore with the same material and in the same manner as before any break or cut made by him or his agents in any alley, street, sidewalk or public highway, within twenty-four (24) hours after being notified so to do by the City Engineer in writing, then such money or deposit or so much thereof as may be necessary, shall be used under the direction of said City Engineer to make said repairs, and said deposit or so much of the same as may be necessary, may be used by said City Engineer to replace all paving or curbing destroyed or broken by the said principal, his agents, servants or employees. And in the event such Two Hundred Dollar ($200.00) deposit is insufficient to make such repairs, the said City of Tulsa may proceed against the said principal and the said bond therefore mentioned for any and all amounts incurred by the said City of Tulsa, in addition to the said Two Hundred Dollars ($200.00) in making such repairs.

The said deposit of Two Hundred Dollars ($200.00) or so much thereof as may be necessary, may be used also for the following purposes, to-wit: Whenever any licensed person, firm or corporation doing or performing any plumbing, gas fitting or sewer drain laying shall have performed any plumbing work, the same must be done in such manner that it will be such work as shall pass the inspection required by the City of Tulsa, and the said Two Hundred Dollar ($200.00) deposit shall be a guarantee of such performance in addition to that provided in the corporation doing or performing such work. And whenever any portion of said money is used under the direction of the City Engineer, the said City Engineer shall notify the said Auditor of the amount of money so used in making said repairs and replacements specified herein, and thereupon it will be the duty of such City Auditor to notify said licensee to deposit a sufficient sum to keep said deposit at all times at the sum of not less than Two Hundred Dollars ($200.00) and no permit shall be issued to such Principal until such deposit has been made.

SECTION 4. That Section 993 of Article 4 of Chapter 26 of the Compiled Ordinances of the City of Tulsa for the year 1917, be and the same is hereby amended to read as follows:

Section 993. PERMITS: It shall be unlawful for any person, firm or corporation to proceed with the doing of any work connected or to be connected with any pipe or pipes of the Waterworks System of said City of Tulsa, or any private plumbing connected or to be connected therewith, or any private sewer connected or to be connected with the public sewer system of said City, until a permit for such work has been obtained from the Plumbing Inspector, provided, that if the work for which such permit shall be issued shall be for work outside of the building, and from the soil pipe to the main sewer, such permit shall be obtained from the City Engineer, provided further that permit shall not be required from either the Plumbing Inspector or the City Engineer for the making of minor repairs, unless a portion or a section of the plumbing, drainage or sewer line is cut, removed or replaced.

SECTION 5. That Section 1014 of Article 7 of Chapter 26 of the Compiled Ordinances of the City of Tulsa for the year 1917, be and the same is hereby amended to read as follows:

SECTION 1014. LEAD PIPE—SIZE—QUALITY: Lead pipes shall be used on all plumbing work (except "Stack Work") as waste or vent connections. The same shall extend through finished floor or wall in order that the fixtures outlet connection shall be solidly made to the same wiped joints, and all lead branches and connections shall have a length of at least six (6) inches in order to relieve the plumbing of any strain or jarring from the settling of the building or vibrations, and shall be of a quality known as "extra light lead pipe."

The discharge from water closets or fixtures with flanged outlets shall discharge through lead bend or stubs or wiped brass ferrules, the same having brass floor flange not less than one and one-half (1½) inches in weight securely soldered to lead bend or ferrule and anchored to floor by four (4) screws screwed into lead expansion plugs, on ceramic or tile floors. On wood floors lead expansion plugs may be omitted. No connection or connections shall be placed at the head of any bend.

SECTION 6. That Section 1030 of Article 9 of Chapter 26 of the Compiled Ordinances of the City of Tulsa for the year 1917 be and the same is hereby amended to read as follows:

SECTION 1030. BATH TUB DRUM TRAP: Each bath tub and laundry tub shall be provided with a lead drum trap, at least four (4) inches in diameter. Traps on bath tubs and laundry tubs shall be placed in such a manner that the cleanout will be in plain view above the floor. The trap screw shall be held in place by wiped joint.

SECTION 7. That Section 1050 of Article 11 of Chapter 26 of the Compiled Ordinances of the City of Tulsa for the year 1917, shall be and the same is hereby repealed.

SECTION 8. That Section 1052 of Article 11 of Chapter 26 of the Compiled Ordinances of the City of Tulsa for the year 1917, be and the same is hereby amended to read as follows:

Section 1052. WATER CLOSETS OUTSIDE PRINCIPAL BUILDINGS: All water closets installed in the City of Tulsa, shall have a separate tank so as to make a complete flush to thoroughly clean it, such as a Vogel, or other closet with such action. The use of the stop hopper is prohibited.

SECTION 9. That Section 1072 of Article 13 of Chapter 26 of the Compiled Ordinances of the City of Tulsa for the year 1917, be and the same is hereby amended to read as follows:

Section 1072. INSPECTION OF REPAIRS: Any repairs and extensions to any part of plumbing or drainage system within any building where there is any change in any sewer connected pipe, where such change is on the sewer side of the trap, shall also be reported for inspection, and the Plumbing Inspector shall be entitled to charge the sum of Fifty Cents (50c) for each fixture inspected.

SECTION 10. That Section 1081 of Chapter 27 of the Compiled Ordinances of the City of Tulsa for the
