Teacher giving lesson on bees--  
 We have now learned about the work-  
 ing bees and the drone, but there is still  
 another bee in every hive. This bee  
 does no work, but is waited on by all  
 the others. They are very kind to it,  
 bring food to it, provide for all its  
 wants and pay it every attention.  
 Can any girl tell me what it is called?  
 Little Girl (after long pause)--Please,  
 mum, the lodger.--London Scraps.  
 The Distant Stars.  
 Few persons would guess that the  
 smallest things visible to the eye are  
 the stars. Yet, according to high au-  
 thority, such is the case. Great as  
 many of the stars are in actual mag-  
 nitude, their distance is so immense  
 that their angular diameter becomes in-  
 sensible and they approach to the con-  
 dition of geometrical points. The mi-  
 nute disks that they appear to have  
 are spurious--an effect of radiation.  
 Well Again.  
 A Scottish tradesman stepped into a  
 barber's shop the other day, and while  
 he was being shaved the barber was  
 wondering if this was a new customer.  
 "Have you ever been here for a  
 shave before?" asked the barber.  
 "Yes; once," was the reply.  
 "But I don't recall your face, sir."  
 "Well, I dare say ye don't," said the  
 customer. "Ye see, it's a' healed up  
 now."--Pearson's Weekly.

 forts and confidence in me.

 will give RENT FREE for one year.  
 This includes the use of the land and

 ter gets all the crops but we reserve the  
 right to pasture the stubble.

### THE UNSOLVED PROBLEM.

They tell us figures cannot lie,  
 That truth with them is never shy,  
 That when by them we prove a case  
 It's true right on the very face.  
 In some lines that is doubtless so,  
 But just a little deeper go  
 And let the figure men agree  
 To raise a flock of hens and see.  
 He takes a dozen hens or more,  
 Perhaps as many as a score,  
 And turns them loose, expecting they  
 Will lay for him eight hours a day.  
 And then he takes his fountain pen  
 And goes among his fellow men  
 To show by figures how he must  
 Get in return much yellow dust.  
 Two dozen busy hens to lay  
 Will mean two dozen eggs a day.  
 Sold in the market price will net  
 A handsome profit, never fret.  
 Spring chickens, too, will come along,  
 And the demand for them is strong.  
 His figures, on the whole, will show  
 How profits large and fat must grow.  
 But let him run a season through  
 And see if all his dreams come true,  
 See if the profits come his way  
 In quantities to fill a dray;  
 See if his bill for chicken feed  
 Will not make totals small indeed  
 And if the net results supply  
 A proof that figures will not lie.

Very Modest.  
 "Raise any live stock on your little  
 place?"  
 "Only potato bugs."  
 Filling a Want.  
 "Here," said the gentlemanly agent,  
 "is a patent imitation lobster so like  
 the real article that only an expert  
 could tell it from a live one. Every  
 married man should have one."  
 "What for? To feed to brainless  
 young men who call on his daugh-  
 ters?"  
 "Ah, no; for a loftier purpose than  
 that."  
 "What could be loftier?"  
 "To carry around in his pocket?"  
 "Yes, and give himself a fit every  
 time he reached in."  
 "No, indeed. To break his wife of  
 the habit while he was slumbering."

Mid the View.  
 "And so you have returned. How did  
 you like the climate?"  
 "Didn't see any."  
 "Didn't see any?"  
 "No, the weather was so infernally  
 bad that we couldn't notice the cli-  
 mate."  
 No Object Then.  
 "Why are you opposed to woman suf-  
 frage?"  
 "I fear a woman would always vote  
 the same way her husband did."  
 "Oh, I don't know. She might not be  
 wanting a new hat all of the time."

Another Catch.  
 The early bird may catch the worm  
 As found about the lot it fits,  
 But is there any lesson there?  
 The early worm--it catches fits.  
 Give Spice.  
 "They say there is great danger in a  
 kiss."  
 "Do you believe it?"  
 "Well, I had often wondered what  
 made them so attractive."

### PERT PARAGRAPHS.

The man who gets there doesn't have  
 to explain the devious route by which  
 he came.  
 The bread and pie that many women  
 know how to make are baker's bread  
 and delicatessen pie.  
 Justice is for our neighbors, while  
 charity and mercy are much preferred  
 for home consumption.  
 To ascertain that the brain is stron-  
 ger than the arm you have only to ob-  
 serve that there are many more people  
 to tell you the right way to do a thing  
 than there are do it.  
 Perhaps the  
 clubwoman is  
 learning to play  
 politics so well  
 that she will  
 want to work at  
 it after a while.  
 The deserving  
 poor are certain-  
 ly to be pitied,  
 but what we  
 want to know is  
 who deserves to  
 be poor?  
 As soon as women get to be expert  
 cigarette smokers it will doubtless be  
 good form for them to swear at the  
 brands of tobacco that they don't like.  
 Anybody can train children--except  
 those actively engaged in the work.  
 Many a man is able to make good  
 who is unable to stay good.  
 Being a bachelor is the profession of  
 some men and the depression of others.  
 The man who is on all sides of a  
 question at one time is necessarily soft  
 enough to spread easily.

### An Interesting Item

The Klamath Falls Military Band  
 needs a piano. Just a piano won't do, it  
 must be a good one. To stand the rough  
 usage of dance work and as a club-room  
 instrument, and still be musical enough  
 to meet the severe requirements of solo  
 and vocal accompaniment work, it must  
 be strictly high grade in every particular.  
 Now we can't afford to pay the retail  
 price of such an instrument, and after  
 corresponding with several leading piano  
 houses on the coast, ten per cent dis-  
 count was the best I could get. Now I  
 have been in the music business several  
 years, both as a dealer and piano tuner,  
 and I know something about the prices  
 and values of pianos. I know that we  
 can afford the highest grade instrument  
 made if we can only get the benefit of  
 wholesale prices. After considerable  
 correspondence with manufacturers I  
 finally have been fortunate enough to  
 secure the agency for Klamath county  
 for the Baldwin piano, and there isn't a  
 better piano made than the Baldwin.  
 It is necessary, however, for me to buy  
 four pianos in order to get the benefit of  
 the wholesale price.  
 Now here's the point: I'm not going  
 into the piano business, I've something  
 else to do; but if there are four people in  
 Klamath County who want a first grade  
 piano at the price usually asked for a  
 cheap stencil instrument, here is an op-  
 portunity you'll never see again in a  
 lifetime. People don't usually sell  
 pianos for fun, and ordinarily you'll pay  
 the agent a profit of two hundred to five  
 hundred dollars. I ask no profit what-  
 ever and I shall sell only the four pianos  
 necessary to secure the wholesale price.  
 This is strictly a cash proposition man-  
 ufacturers don't sell at wholesale on in-  
 stallments. Now if you know of any-  
 one in Klamath County who is in a po-  
 sition to appreciate such an opportunity,  
 you will confer a favor on the band by  
 referring them to me.  
 IVAN DANIELS.

Merrill. Property is reasonable.

Mer Meaning Clear.  
 Little Margie's father had raised a  
 full beard during a month's absence  
 from home. Upon his return he at-  
 tempted to kiss Margie as usual, but  
 she wouldn't have it. "I don't kiss  
 strange men," she said.  
 "But you kiss your papa," he said.  
 "Is it possible you don't know me?"  
 "You're not my papa," replied Mar-  
 gie. "My papa is baldheaded on his  
 face."--Chicago News.

Its Strong Point.  
 "But that umbrella looks so awfully  
 cheap and common," said the custom-  
 er. "The price you ask for it is pre-  
 posterous."  
 "My dear sir," replied the dealer,  
 "that's the beauty of that umbrella.  
 It's really the very best quality, but  
 it's made to appear cheap and common  
 so no one will steal it."--Philadelphia  
 Press.
