

MUST RUSH WORK ON MARSH

Three Large Dredges Will Be In Operation Within Ninety Days

CHIEF GIVES ORDERS TO CONTRACTORS

Machines Must Work Day and Night So That Railroad Dike Across Marsh Will Be Completed During The Fall of This Year

After several months of time has been lost in building the railroad dike across the marsh, the announcement is officially made that no more time is to be squandered by the lack of good machinery. Some time ago Archie Mason disposed of his interest in the Mason Construction Company, and now the company has been thoroughly reorganized and the construction work will be vigorously prosecuted. The company will use the clam digger now on the works and in addition to this two modern dredges will be put on the job just as soon as the barges are finished. One of the barges is now in the course of construction and the machinery for the dredge is at Dorris awaiting its completion. The other barge will be built at once and by the time it is completed the machinery will be on the ground. It will be perhaps sixty days before either of the new dredges will be in operation, but when the three machines go on the work it will be but a few months until the entire dike will be completed. It will then be necessary for it to settle so that it can be leveled.

The reorganization of the company is the direct result of the demand by the Southern Pacific Company that the work be expedited, or else the Construction Company should forfeit its contract. It is limited by the engineers that were set for the slow work that has been done on the marsh the road would likely have been completed to this city some time this fall.

The agreement with the S. P. now is that the dredges will work day and night shifts so that no more time will be lost in completing the dike. The fact that the one dredge on the work has not done anything for several weeks has caused Chief Engineer Hood to demand that the work be prosecuted in a way that will insure the completion of the dike this fall. The orders to rush the marsh work is another indication that the company is desirous of completing the line to this city at the earliest possible date.

Wants to Be a Farmer

"Would I were a farmer," soliloquized Gilbert Dringill of the Mong Company, after he reached here Tuesday from

Lakeview. "The farmer's life appeals to me. He bounces out of bed at 3 o'clock in the morning and carries a ton or two of feed to the cows and horses, and about the same amount of water; it makes a man's heart feel good to see how the stock enjoy their feed; then comes the cleaning out of the barn, with a gentle touch of appreciation from a man's hoofs. Oh, the joys of milking, especially when the bucket is kicked over; it is always customary to kick the cow when the cow kicks the bucket; the stock is attended to and then the horses are hitched up and after a few loads of fertilizer are spread over the field, the breakfast bell rings. But why enumerate the delightful pleasures of farm life? How we all love to go back to the days of cutting hedge, killing hogs and plowing corn on a hot July day. I am going back to Lakeview, for that is the town for me. There I met my Waterloo. She was a peach. Oh I had a swell time there, and she lives on a farm about ten miles from town and has a fine horse and buggy and you just bet I had a dandy time. Lakeview for me, forever. —Bonanza Bulletin.

Bill Passes Senate

The sundry civil bill has been passed by the Senate without any material amendment. This being the case it is safe to presume that Senator Fulton succeeded in getting through the senate the amendment appropriating \$10,000 to the Crater Lake National Park. Since the measure has passed the Senate it is very probable that there will be no difficulty in securing the allowance.

At the next meeting of the directors of the Chamber of Commerce several applications for membership will be submitted. The Committee appointed to secure new members has been doing good work and indications are that the membership of the organization will be greatly increased in the next few weeks.

W. E. Sehorn expects to begin excavation for his bath house at the hot springs within the next two weeks. The plans provide for a large concrete pool in addition to the private baths.

DEMOCRATIC PRESIDENTIAL CANDIDATES

WOODROW WILSON OF NEW JERSEY.

FULTON HEADS THE DELEGATION

The Senator and His Friends Control the State Convention and a Taft Delegation Will Go To the Republican National Convention from Oregon

Senator Fulton and his friends had everything their way at the state convention held at Portland on the 14th. The Senator will head the delegation to the National convention, with Geo. H. Williams of Multnomah, A. N. Gilbert of Marion and C. G. Huntley of Jackson as the other delegates from the state at large, and Ralph E. Williams of Polk, and C. A. Selbree of Coos as delegates from the First Congressional district with Frank Ira White of Klamath as alternate, and H. W. Cole of Multnomah and Asa B. Thompson of Umatilla from the Second district.

The Presidential electors were selected as follows: R. I. Buttler of Gilliam, A. C. Marster of Douglas, J. D. Lee of Multnomah and Frank J. Miller of Linn.

The convention passed resolutions endorsing Secretary Taft for the presidency.

Calf in Court

The calf case is still occupying the attention of Justice A. D. Miller. During the whole day there has been a large crowd at the court house listening to the evidence and a large number of witnesses have been examined. The calf in question was brought to the trial and was offered as evidence. It was tied in the court house yard and it is safe to say over two hundred people stopped to see the calf that is responsible for a suit that will cost several hundred dollars before it is finished. The taking of the evidence will be concluded this evening and Justice Miller will render his decision. The calf is still in the possession of W. F. Arant.

Springer Addresses Voters

G. Springer, the Democratic Candidate for Joint Senator, from Culver, Crook county, Oregon, was greeted by a large audience at the court house last night. His address was businesslike and he made a favorable impression upon those who heard him. He stands flat-footed on statement No. 1 and stated that he would support H. M. Calk if he received the popular vote at the June election. Mr. Springer will be here a few days to become acquainted with the voters of this section. He is accompanied by Mrs. Springer on his trip over the district.

Dog Poisoner Gets Busy

The dog poisoner has again been getting in his work and yesterday three Llewellyn setters belonging to J. C. Cravens died from the effects of poison. The old dog was valued at \$150 and the pups at about \$25 each. A reward of \$100 has already been offered for the arrest and conviction of the guilty party or parties. The dogs had been staying at the Exchange stable and the poison was laid for them in that vicinity. The motive for taking the poison to the stable where the dogs were out of the way cannot be understood by the proprietors of the stable or by Mr. Cravens. The poisoning was discovered too late to save the dogs.

Mr. and Mrs. L. B. Yaden and son arrived last night from Gold Circle, Nevada, to visit with relatives.

Services At The Churches

Services will be held in the several churches of Klamath Falls tomorrow as follows:

Christian Science Society—Regular services will be held at Klamath Conservatory of Music tomorrow morning at 11 a. m.

Baptist Services—Sunday School 10 a. m. Preaching 11 a. m. B. Y. P. U. 7 p. m. Preaching 7:30 p. m. REV. J. B. GRIFFITH, Pastor.

Methodist Services—Sunday School at 10 a. m. Preaching at 11 a. m. Subject: "Three Crosses" Epworth League 7:30 p. m. Preaching by Dr. Huson at 8 p. m. REV. P. CONKLIN, Pastor.

Church of Sacred Heart—Mass daily at 7:30, Sundays at 10:30 A. M. Rev. B. Feusi, S. J.

Presbyterian Church—The pulpit will be occupied by the Rev. T. P. Howard, Sunday school missionary for the Presbytery of southern Oregon, who will speak in behalf of the work of the Board of Publication and Sunday School work. The sermon in the evening by the Pastor on "Humility."

All, especially strangers in the city, will be welcome to all the services of the church. REV. GEO. T. PRATT, Pastor

PARTY COMING IN EARLY JULY

Harriman Family and Eastern Friends Will Visit at Pelican Bay Lodge

CHIEF ELECTRICIAN DAY IS IN THE CITY

Party Will Arrive Here In July and Mr. Harriman Will Remain Two Weeks—Telegraph System Is Being Overhauled Preparatory to Their Coming

Free Lecture Tomorrow

Rev. Edward Adams Cantrell, of Chicago, will lecture at the opera house tomorrow afternoon. He is one of the leading liberal thinkers and sociologists of the Middle West, and he will speak on the subject "The Human Call of the Wild." The afternoon lecture will begin at three and the evening lecture at 7:30. Both lectures will be free and everyone is invited to be present. As was stated in yesterday's Herald Rev. Cantrell is investigating the country with a view to bringing a number of people here from the East to settle on the irrigated lands of this section.

A Fitting Finish

The Mong Company closed its engagement in this city last night with one of the best performances that it has presented during its entire stay in this city. The play, Dr. Jekyll and Mr. Hyde gave an opportunity for Mr. Mong to show himself at his best. In this play as in the Clay Baker, he is all that any actor can be. The last performance was a fitting climax to the series of excellent plays that the company has presented. The entire performance was well handled, and everyone of the actors seemed to fit into the part that he was taking. It is to be hoped that Mr. Mong will visit this city again if he should be in this section with a company.

The "Smoker" at the band club rooms tonight promises to be a unique and very enjoyable affair. It is one of those times where the ladies are not included, but the men have a jolly time by themselves. Elaborate preparations have been made for the occasion.

Call up Phone 253 and have us clean and adjust your sewing machine before you start your summer's sewing. Charges reasonable and all work guaranteed. Singer Sewing Machine Agency.

C. T. Day, the chief electrician of the Southern Pacific, is in the city looking after the telegraph lines between Pelican Bay and the main line of the railroad. He and two of the line men came along the line from Thrall to this city and tomorrow Mr. Day goes to the Pelican Bay Lodge to inspect matters at that place. It will be remembered that Mr. Day was here last Summer at the time Mr. Harriman visited Pelican Bay and had charge of the line and its operation. His visit at this time is for the purpose of making arrangements for the coming of E. H. Harriman and family and a party of Eastern capitalists. The plans are that the party will arrive here about July 1st and will at once go to the Summer home of the railroad chief. It cannot be stated at this time how many will be in the party or how long they will remain but it is understood that Mr. Harriman will remain about two weeks and that the members of the family and friends will be at the Lodge during the entire Summer. Many improvements have been made at the Lodge during the past year and the place is now equipped with all modern appliances.

Will G. Steel announced several months ago that he had received word that Mrs. Harriman and the children would be at Crater Lake this Summer so it is very likely that the party will make excursions to the Lake while they reside at their Summer home.

Mr. Day will leave Tuesday for his headquarters at San Francisco but will return in about three weeks to superintend the making of a number of improvements on the telegraph line in this section.

Notice to Masons

A special meeting of Lodge is called for Monday evening, May 18th, to confer E. A. degree.

W. A. DELLELL, W. M.

BARGAINS THIS WEEK
