Accidentally Killed

Word was received here yesterday from Mt Hebron of the accidental shooting of the ten year old son of Mr and Mrs A. L. Barnum at about 1:30 o'clock. He and his twelve year old brother were playing upstairs using a shot gun as a toy. The elder of the boys had the gun when it was accidentally discharged, the load tearing off the top of the younger brother's head. The father was down stairs and when he reached the children the boy was dead. The shot caused instantaneous death. The Barnums have not resided at Mt Hebron long, but recently moved there from near Little Shasta. They are related to the Barnums of this city.

Geo. O. Brandenburg arrived here Saturday night from Los Angeles to spend the Summer in this section. He is a brother of Mrs. G. Heitkemper Jr., and was here for a time last Summer. He says since that time he has been able to talk about nothing but the Klamath country and he has come back to stay.

A large birthday cake with their names and date of birth was placed in the center of the room on a table surrounded with flowers, where it stood until served with other refreshments to the merry young people.

Abel Ady has begun suit against the Klamath Lake Railroad in the courts at Yreka, for \$63,000 damages for injuries sustained in a wreck at Thrall about a year ago. It will be remembered that the engineer lost control of the locomotive as the train was backing up to the Southern Pacific station. The train thundered down the hill and Mr. Ady was one of the passengers who saw the danger and jumped. The locomotive and passenger coaches were piled up on the Southern Pacific track. Mr. Ady was the most severely injured of any of the passengers and after he was brought to this city he was confined to his bed for many weeks. He suffered a severe injury of one his legs and was under a doctor's care for a number of weeks and at times it was feared that he would not recover.

Francis J. Heney is Ady's attorney and because of the prominence of the parties to the suit and the fame of the plaintiff's attorney the case will attract a great deal of attention when it comes up, in the courts at Yreka. An investigation was made at the time of the wreck and it was then stated by the authorities that the accident was due to negligence on the part of railroad employees.
