VOTE FOR ARMORY BILL

Commodious and comfortable armories, well equipped for the purposes are absolutely necessary for the proper training of the men in the art of self defense in time of war. At the present time the state is paying out in rent between \$7,000 and \$8,000 a year, and in most of the towns the armories are mere rookeries, adapted for the purposes and without proper facilities for the storing of the property the Government has entrusted to the company commanders, and for which they are required to give bond in the sum of \$2000 for the safe keeping thereof, and for which they must pay if there be any loss, damage or stealage. As a business proposition it is not better for the state to have its own armories than to continue as a renter, to say nothing about the many other advantages incident to state ownership. The state will in ten or twelve years have saved in rentals alone sufficient to pay for these armories. Again, the property will greatly increase in value as the years go by, so that this appropriation will be more in the nature of a good investment on the part of the state, than that of a gift to the National Guard. Again, every dollar of the state's money under this law, will go into the actual building and construction of the armories, as most of the towns where armories will be built have signified, through their public bodies, a willingness to give the ground upon which they are to be constructed, to the state, and at no cost to the state.

Suffragists who have been planning a movement to secure a plank in the Republican national platform have been temporarily balked in their efforts. As a result, the campaign to be waged with tea, cakes, iced lemonade and sandwiches may be abandoned. "Feed the brute" was to have been the campaign slogan of the would-be woman voters who have sent an offer of hospitality to the national committee. The woman's move-

ment is headed by Mrs. Katherine Waugh McCulloch of Evanston. It has since been learned that the two principal women to be in attendance and who will be admitted to the floor of the convention are Mrs. Lucy A. Clark and Mrs. Susan Young Gates, both alternates from Utah. It also has been learned that both the women are Mormons and one had been a plural wife. "Could the women of Chicago honor the adherents of a religion against which so many of them had made a bitter fight in the Smoot case?" was asked. The question has caused some indecision, which may result in the abandonment of the first plans of the suffragists.

Except that the Thomas car in the New York to Paris automobile race has finally got off from Vladivostok with a sufficient quantity of gasoline in its tanks to carry it to the next supply point, nothing is definitely known concerning the progress the tourists are making. The messages received thus far do not indicate whether the Züst and Protos cars left with the Thomas. Though military commanders in the country through which the cars must pass have orders to keep an eye on the racers, news of almost impassable roads and the prevalence of brigandage give ground for much uneasiness.

John P. Holland, inventor of submarine boats, has a new idea in aerial navigation, but all he will say about it is that he wonders others have not thought of it long ago. He says the trouble has always been that the different inventions have never been able to contend successfully with the winds currents. This is the obstacle his new idea meets. He says he expects that within five years it will be an ordinary thing for passengers to go from this city to London in thirty hours.

Turtles, guinea pigs, goldfish and mushrooms will be the products of a unique farm 200 acres in extent which H. I. Miller president of the Chicago & Eastern Illinois road, purposes to operate at Barrington a suburb of Chicago.

Republican Candidates

U. S. Senator—Hon. H. M. Calk, as U. S. Senator, is all that we can ask for in one candidate. Mr. Calk is a man of pleasing appearance, an eloquent speaker, a man that understands the

political situation. While many regret that Mr. Fulton was beaten, yet we realize, by the vote Mr. Calk received in his home county that he is as popular there as Mr. Fulton was here. Mr. Calk is deserving of his party vote.

Congressman—W. C. Hawley points to his past record with pride; in fact his record is his platform.

Justice of the Supreme Court—R. S. Bean needs no special mention.

Dairy and Food Commissioner—J. W. Bailey is also a Winner.

R. R. Commissioner—T. K. Campbell is a man for the people and is entitled to the support of the entire party.

Prosecuting Attorney—D. V. Kuykendall, as Prosecuting Attorney, is practically without opposition. He is well qualified and Klamath and Lake Counties are to be congratulated on having been able to place so competent an attorney in nomination for the place.

State Senator—Geo. H. Merryman, as State Senator, is a rising young Statesman having served one term in the Lower House and demonstrated his ability.

Representatives—Our State Representatives, H. P. Belknap and H. A. Brattain, are strong candidates and will more than poll their party strength.

Sheriff—W. B. Barnes is well qualified to fill the office, having served as assessor of Lake County, also as deputy sheriff. He has a good education, is an active man, well acquainted with all the surrounding county and make an efficient officer. Vote for him.

County Clerk—C. R. Delap, as County Clerk, is well known to you all, having served this county as School Superintendent in a way that is a credit to himself. He is now serving as Deputy Sheriff of this county and is known to be a thoroughly competent man.

School Superintendent—J. G. Swan is a man that has been conspicuously before the public for the past five years and has accomplished wonders in educational lines. He is well fitted for the place.

Assessor—Bert E. Withrow, as Assessor, is the right man in the right place, having served a number of years in the Abstract Office and having a complete abstract of every piece of deeded land in the county, puts him in a position to better judge the value of real estate than any other man we know.

County Treasurer—L. Alva Lewis, as Treasurer, is well known to you all and he points with pride to his past record.

County Surveyor—M. D. Williams has been conspicuously before the public during his term of office. His work speaks for his efficiency.

County Commissioner—C. J. Swingle is a pioneer of Klamath County. He is a conservative business man and has made a success with his own business venture, and it is fair to assume that he will do as well with the county business.
