Will be extended in order to give our customers and the people of the rural districts a chance to attend this money saving opportunity, numerous letters having been received from the farmers requesting an extension of time to give them an opportunity to attend. We will do this in order to close out the remaining odds and ends that are left over and to dispose of the big bankruptcy stock. Here then is a great opportunity to renew your wardrobes at sacrificial prices. We solicit your inspection and patronage.

The tourist travel still continues strong and large crowds are going and coming from the resorts in the north end of the county. In order to get the benefit of this travel next year it will be necessary for the city to make special preparations to handle the many sightseers and pleasure seekers who are coming here as a result of the extensive advertising that is being done. The Southern Pacific is calling the attention of all travelers to the wonderful beauty of Crater lake and to the many other attractions of this section. Most of the folders issued by the company contain matter descriptive of this section and give the traveler instruction as to how to reach one of America's greatest wonders.

Klamath Falls must do its share and the tourists who are coming here as a result of the advertising expect to find comfortable means to reach the lake and other resorts. Mr. Harriman advises to build good roads and other distinguished visitors who have been here give the same advice. If good roads and good accommodations will bring a larger tourist trade to this section no time should be lost in building the roads so that by next year when, according to indications at this time the travel will be much heavier, there will be everything that will have a tendency to further increase the traffic and make it of more benefit to the whole country.
