

Don't Be In a Hurry---

My Stock of "DOUBLE SIDED RECORDS" will soon be in.

If you are contemplating the purchase of a Talking Machine, figure on seeing the new Columbia product, and get more for your money.

From now on, all records will be made with music on both sides, and only 65c a piece, making the price of each selection cost you 32½c each.

A full catalog of these records will be here shortly and, in the meantime, we might be able to supply you with our temporary stock.

Let us explain their advantage at any rate, and convince you of their superiority and clear-cut king of economy.
