

Don't Be In a Hurry---

My Stock of "DOUBLE SIDED RECORDS" will soon be in.

If you are contemplating the purchase of a Talking Machine, figure on seeing the new Columbia product, and get more for your money.

From now on, all records will be made with music on both sides, and only 65c a piece, making the price of each selection cost you 32½c each.

A full catalog of these records will be here shortly and, in the meantime, we might be able to supply you with our temporary stock.

Let us explain their advantage at any rate, and convince you of their superiority and clearest king of economy.

HIS MIND WAS MADE UP.

It was during the trial in an Alabama city more than twenty years ago that one of the jurors suddenly rose from his seat and precipitately fled from the court room. He was arrested in his flight before he had left the building, and brought back. "What do you mean by running off in that way?" asked the judge, who knew the man to be a simple, honest farmer.

"It's like this, your honor," said the man, earnestly. "When Mr. Hobbs finished talking my mind was all clear, but when Mr. Clayton began I was all confused again, and I said to myself, 'I'd better leave at once, and stay away till he's done,' for to tell the truth I didn't like the way the argument was going, your honor."
