ITCHING BURNING SKIN TROUBLE

Scratched and It Would Burn and Hurt, Spread Larger and Larger. Used Cuticura Soap and Ointment. In Two Weeks Well.

Joppa, Ill.—"I was annoyed both day and night by itching and burning on my legs. The trouble broke out with a rash something like heat, was raw and began to get worse. It itched very badly. I would scratch until the blood would come and then Oh! how it would burn and hurt. It began to spread larger and larger. It would hurt when my clothing touched it.

"I tried several remedies, such as—Ralo, — etc., without success. I had this trouble about ten months before I began to use Cuticura Soap and Ointment. First I would wash the affected parts with Cuticura Soap and then apply the Cuticura Ointment. In two months I was completely well and it has not returned." (Signed) Roscoe Taylor, July 9, 1914.

Cuticura Soap to cleanse and purify and Cuticura Ointment to soothe and heal are most effective toilet preparations.

Sample Each Free by Mail With 32-p. Skin Book on request. Address post-card "Cuticura, Dept. T, Boston." Sold throughout the world.

CATTLE PRICES UP A FRACTION

(Courtesy Friday's Journal.) PORTLAND, Ore.—The advance in the cattle market forecast in these reports yesterday, materialized later in the afternoon as expected. Pulp fed stuff brought in by an organization closely allied with a local meat company sold again at \$5 or about a dime better than the recent top.

General cattle situation at North Portland is in rather good shape with only limited supplies available. The entire situation is good and while light, well finished steers are in best request, the demand is good for all offerings at fractionally improved prices over recent sales.

General cattle market range: Select pulp fed steers... \$7.90@8.00 Best hay fed steers... 7.50@7.75 Good to choice... 6.00@6.75 Ordinary to fair... 5.50@6.00 Good to prime... 6.25@6.40 Select calves... 7.50@8.00 Fancy bullocks... 5.50@6.00 Ordinary... 4.00@5.00

Hog Market \$8.05. Slight improvement was shown in the demand for swine at North Portland and a nickel rise over yesterday was shown during the early day's trade. Tops commanded \$8.05 or within a nickel of the top reached Monday.

There was only a small run of hogs reported in the local yards over night and these were quickly disposed of. Weakness developed for hogs at most points in the country today and some price losses were recorded. Of the leading stockyard centers North Portland continues the highest in the country.

General hog market range: Best light... \$8.00@8.05 Medium light... 7.85@7.95 Good to heavy... 7.50@7.75 Rough and heavy... 7.00@7.25

Mutton Market Steady. Fair supplies of mutton and lambs reached the North Portland yards over night and were offered at the opening this morning. Top springs sold at \$5.50 again while other offerings brought former values.

General mutton and lamb market situation is steady here with demand somewhat better than offerings. General mutton range: Spring lambs... \$ 8.50 Grain fed wethers... 7.25@7.50 Best shorn wethers... 6.50@6.75 Best shorn ewes... 5.00@5.75 Wool stock is generally quoted at \$1 higher than shorn.

SHARP DECLINE IN CHICAGO PIT

(Friday's Market.) CHICAGO.—Wheat closed 1-1-4@ 2-1-2c off. Favorable weather conditions and weak cables caused a lower opening in the pit today.

September wheat started with a decline of 1-4c. May was down 1 cent at the outset and July started unchanged. The pit crowd were heavy sellers at the start.

In the later trading moderate short covering boosted prices somewhat, giving the market a firm tone. The government report to be issued later today is expected to be a bearish factor.

There was no feature in the corn trade. Prices opened lower. The trade was light. Oats were irregular. Provisions opened lower.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh of the Bladder. It is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Dr. Darrin's Catarrh Cure is taken internally, acts directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing her work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address: F. J.
