

THE COMING SENATE.

At Present It Looks as if the Democrats Would Control It BY VOTES OF THEIR OWN PARTY, Though the Populists May Be Depended on to Help Them Out.

SIZE-UP OF THE PRESENT SITUATION

WASHINGTON, Nov. 12.—On the 4th of March, 1893, 25 seats in the United States Senate become vacant. The control of these vacancies was at stake in Tuesday's election, and it is now evident the Democratic party has captured enough of the vacancies to insure its supremacy in the Senate, regardless of almost any possible combinations between the Republicans and Populists.

Assuming that Montana, California and Wyoming will send Democratic Senators, the Democrats at the beginning of the Fifty-third Congress would have as many Senators as the Republicans and Populists combined, and thus would be able to organize the Senate by the casting vote of Vice President-elect Stevenson. It is reasonably certain, however, that the Democrats can rely on the support of some of the Populist Senators in any of their projects, whether for the removal of the present forces of Republicanism or the revision of the tariff.

Of the 25 Senatorial seats vacant March 4, 1893, the Democrats will name the occupants of 13, the Republicans of nine, the Populists of three, one being Senator Stewart, of Nevada, who has gone from the Republican party. The Democrats lose no seats they now hold and gain five from the Republicans, one each from California, Montana, New York, Wisconsin and Wyoming. The Populists gain Senators from the Republicans in Kansas and Nebraska, beside Senator Stewart, of Nevada, who will succeed himself.

Doubt as to Several States.
Some doubt still surrounds the complexion of the Legislatures in California, Montana, Wyoming and Nebraska, but it is generally expected that the Democrats have gained the Legislatures in the first three named States and the Populists in the last.

The elections just held will also have an important bearing on the coming Senate during the last two years of President Cleveland's administration, for a number of those persons elected last Tuesday will hold over to vote for Senator two years hence. The terms of 47 Senators expire March 4, 1893. They come from the States of Alabama, Arkansas, Colorado, Delaware, Florida, Idaho, Illinois, Iowa, Kentucky, Louisiana, Maine, Massachusetts, Michigan, Minnesota, Montana, Nebraska, New Hampshire, New Jersey, North Carolina, Oregon, Rhode Island, South Carolina, South Dakota, Tennessee, Texas, West Virginia and Wyoming.

Rheumacure
SURE CURE FOR RHEUMATISM GOUT & LUMBAGO
McKENZIE & CHESMAN Mfg. Co., CHICAGO
"For the last 18 months I was a great sufferer from Rheumatic Gout, when I purchased a bottle of Rheumacure and after taking six or seven doses I was, to my great astonishment, perfectly well. I then purchased another bottle and gave it to a brother-in-law in my employ, and who was also a great sufferer from Rheumatism, and before he had taken half of what was left it cured him. He then gave the balance of the bottle to Albert Krimmich, a butcher, who was suffering intense pain from Rheumatism, and he was cured with the remainder of the bottle, which I think is the most wonderful thing after we all have taken all kinds of medicines and doped with all kinds of ointment and then be cured with such a small amount of Rheumacure was beyond our comprehension. I have no hesitancy in saying that I think it is the only medicine that will cure you for the cure of Rheumatism, Gout, Lumbago, very truly,
