FINANCIAL AND COMMERCIAL

Stocks and Bonds.

NEW YORK, Feb. 14.—Higher cables from London and a disposition to cover short contracts on the part of local operators led to a firm market during the early hours of business at the Stock exchange. New England was the only stock on the list which showed weakness, selling down 1½, due to statements that the company will be reorganized shortly and that the stockholders will be called upon to pay an assessment of $10 a share. The market was enlivened by Gas dropping 2¾, due to the result of Chicago advices that the common council will pass the Watson ordinance over Mayor Hopkins' veto. During the afternoon trading at intervals came to a standstill. Just previous to the close, however, sugar became more active. The rally in wheat was a disappointment to the bears on stocks who have been banking on serious trouble in the trade. The market left off tolerably firm and anywhere from ¾ to ⅝ per cent. higher than on yesterday. American Sugar shows a net loss of ⅝. Sales were 149,712 shares.

Criticising a Young Lady.

"She would be a pretty girl for but one thing."

"What's that?" asked Charley.

George—Her face is always covered with purple and red blotches.

Charley—Oh, that's easily enough disposed of. Used to be the same way myself, but I caught on to the trouble one day, and got rid of it in no time.

George—What was it?

Charley—Simply blood eruptions. Took a short course of P. P. P. I tell you, it's the boss blood corrector. The governor had rheumatism so bad that you could hear him holler clear across the country every time he moved. He tried it, and you know what an athletic old gent he is now. If somebody would give Miss Daisy a pointer, she would thank them afterwards. All the drug stores sell it.

Eggers, 139 Florida St., San Francisco, suffered from a dreadful cold, approaching Consumption, tried without result everything else then bought one bottle of Dr. King's New Discovery and in two weeks was cured. He is naturally thankful. It is such results of which these are examples, that prove the wonderful efficacy of this medicine in Coughs and Colds. Free trial bottles at Matthews Bros., Drug store. Regular size 50c. and $1.

GENERAL NEWS OF INDUSTRIES

Coxe Bros. & Co. Complete a Big Deal with the Lehigh Valley Road.

SENDING COAL TO TIDE WATER

The Agreement Stipulates That Coxe Bros. & Co. Shall Furnish Their Own Cars and Motive Power, but May Use the Lehigh Valley Tracks. Traffic Connection Made by the Delaware, Susquehanna and Schuylkill—New Points in Relation to the New Coal Outlet to Albany and Boston—Other Industrial Notes.

An agreement was entered into yesterday between the Lehigh Valley Railroad company and the Delaware, Susquehanna and Schuylkill Railroad company, which is the railroad recently constructed by Coxe Bros. & Co., by which the coal of Coxe Bros. & Co. destined for tide-water in the vicinity of New York harbor, shall hereafter be shipped by the lines of the Lehigh Valley Railroad company. It is understood that this is a traffic agreement by which the Delaware, Susquehanna and Schuylkill Railroad company is to transport the coal to market in its own cars and with its own motive power, over the Lehigh Valley railroad.

Richard Mainwaring, who has been outside foreman at the Babylon colliery, has been promoted to assistant to the general superintendent, J. L. Crawford, who has charge of all the works for Simpson & Watkins, comprising Babylon colliery at Duryea, Mount Lookout at Wyoming, Harry E., near Plainsville, and Forty Fort at Forty Fort. Mr. Mainwaring has been the outside foreman at Babylon colliery since it was first opened. Thomas Mead, who has been shipping clerk at Babylon since the works opened, is promoted to outside foreman at Babylon colliery.

The board of directors of the Pennsylvania Railroad have appointed Samuel Porcher assistant purchasing agent to fill the vacancy created by the recent promotion of A. W. Sumner to the position of purchasing agent. The appointment will take effect March 1.

This is the way in which "Whitney" explains that new railroad: Chief Engineer Jenks has been talking to the people of modern Delhi concerning the prospected Lehigh, Catskill and Boston railroad and says it will cover 135 miles between Deposit, the southern terminus and Rotterdam junction, the northern terminus, located between Albany and Schenectady, the villages through which the road will pass having an aggregate population of 33,000. It will carry the dairy product of 1,000 cows per mile. It will have the benefit of the 200,000 population near Scranton, and of the 200,000 to 300,000 near Albany and Troy. It will be the shortest cut and the most formable grade between the coal fields and the eastern market. He says that the Erie, the Ontario and Western, and the Delaware, Lackawanna and Western will ship coal over the road, as they have no other northern outlet.

The question of whether a mine foreman and fire boss must be able to read and write before being given a certificate permitting him to assume the duties of his position was recently submitted to the attorney general's department by Mine Inspector Charles Connor of the Fifth district, Uniontown, on behalf of the examining board of the district. Deputy Attorney General Stranahan, in answering the question, quotes from the act of 1893 regarding the duties of the mine foreman and fire boss, and concludes that the duties are largely personal and require their personal attention and ability to perform them. He adds: "It is doubtless true that many persons of large experience and practical knowledge in the operation of bituminous coal mines can neither read nor write, yet the legislature in the adoption of this act seems to require in addition to knowledge and experience the intelligent power of imparting it, and directly requires the ability to read as well as to write."
