# A REAL LIVE STORE!

## We Have Passed The Stage of Trumpet Blowing.

Popular goods and low prices win us trade. Wonderful, the busi-  
ness that can be done under pressure to sell. Trade with us now is  
more like Christmas than April. You never know the lowest price  
until you get ours. The public is no longer willing to pay two  
prices to people who try to grow rich on usury. One price is enough  
to pay for *anything to anybody*; and one-half one price is better still,  
and that is why

# \* GANSON \*

is giving away more goods every day at one-half price than any other  
concern in the State. When we set out to do a thing we do it.
