best binder, or a first-class Straw-burning Thresher Engine, the Standard Farm Machinery, call on or address.

MOVIUS BROS. & CO.

THE GEN..BIG STONE LAKE.

For Health and Pleasure it has No Equal.

On the boundary line between Minnesota and Dakota, in the midst of a rolling prairie country dotted with groves of timber and numerous fine lakes, lies Big Stone Lake the queen of them all. This wonderful lake, unlike those famous lakes of Scotland, Italy, or to come nearer home, those of Minnetonka or White Bear, has a peculiar charm in its own distinct beauty. Instead of the tall mountain peaks and precipices of the former, or the monotonous expanse of timber of the latter, Big Stone occupies that happy medium of which one never tires, being most beautifully located with steep bluffs running from the very waters edge, with deep, dark and cool valleys lying between. At another point, not a half mile distant, nature has perhaps shown a peculiar freak, the shores presenting a rough, ragged aspect, with immense projecting boulders and bright sparkling water dashing over them. Another, and perhaps more charming place may be found a little further on, in the shape of a wonderful natural park, located between two grand old bluffs, and shaded with elm, oak and maple trees. This park contains some very nice clear springs, whose waters flow through green, mossy nooks and deep cool grottoes, which make it peculiarly attractive to the weary pleasure seeker.

And yet another place presents a peculiarity often heard of but seldom seen, viz: Five different kinds of springs within a radius of three rods. These springs are wonderful, consisting as they do, of hot, luke-warm and cold water, each having separate and distinct mineral properties. In fact, the charming islands and wonderful spots on this beautiful lake are very numerous and varied.

Big Stone Lake as a summer resort, while yet in its infancy, is fast gaining in public favor, and soon will be noted throughout the United States as "one place in a million" for tourists and pleasure seekers to spend the hot summer months, as found in the large cities. Steamboats, sail boats, row boats, bathing houses, first-class hotels, and in fact all the conveniences found in older resorts can be found here. The hunting in both the spring and fall is most excellent, the large number of crane, geese, brant and canvass-back and other kinds of ducks, woodcock and snipe being slaughtered here every year is our best testimonial as to this fact. As to the fishing we can't say too much, as all anglers who have tried their luck with the rod in this lake, have unanimously declared that they never before saw the like—pickerel, black and silver bass, wall-eyed pike, sun-fish, perch, sturgeon, buffalo, and indeed many other varieties of fish just grab at the hook. For pleasure and health Big Stone lake has no peer in the great west.—Ortonville Herald.

See Here.

Movius Bros. have had experience in getting the numbers on land changed and they know how to do it. Give them a call.

The most reliable, carefully prepared and best purgative of the present age is

BRANDRETH'S PILLS.

They are compounded of Roots, Herbs and Gums of the most healing and beneficial kind. As a Family Medicine they are unrivalled, curing Head-ache, Constipation, Liver complaint, Rheumatism, Dyspepsia—clearing the blood of all impurities—acting on the Liver, Kidneys and other important organs removing the waste tissue, and adding years to the lives of all who use them.

For fifty years they have been used by the American public, and their constantly increasing sales show how they are appreciated.

A Perfect Remedy in 20 Diseases.
Ashfield, Mass.

I am verging on eighty years, and deem it my duty to suffering humanity to say that my long life is due to BRANDRETH'S PILLS which have been my sole medicine for half a century. I know the last forty-three years of my life is owing solely to their use. Your PILLS saved me many times after the best medical skill in several States had given me up as hopeless. I have had many converts to purgation with Brandreth's Pills, and have seen them perform almost miracles of cure. For children, a few doses have cured measles scarlet fever, and whooping cough. In all female troubles and weakness I have never known them to fail. In adult males I have known them to cure the worst cases of dyspepsia, rheumatism, kidney diseases, dysentery and diarrhoea; even dropsy, paralysis, and apoplexy have yielded to a persistent course of Brandreth's Pills. In fact I have found them the true Life Elixir. They act as continual preventives against the effects of time, disease, and labor.

JOHN H. MANN.

FLAX SEED

For Sowing on New Breaking.

The Large Russian Variety, Clean and Pure. The only kind to Sow. We will furnish this Seed on Time. No Cash Down.

Pay after the Crop is Raised.
