Prof. D. P. Hartman's Hippodrome with trained horses, donkeys and dogs will exhibit in this city tomorrow. This show gives a very interesting performance and since have been reinforced with a large number of additional attractions. You will not regret going to see it.

Henry, the twelve-year-old son of F. W. A. Poppe, died of inflammation of the bowels on the 10th. His illness was very sudden, and its fatal termination a sad shock to his many friends. The funeral took place on the 11th, and memorial services were held in the Congregational church Sunday afternoon.

Leaving Reschke, while on his way from Watertown last week, camped out near South Shore and picketed his horses. The horses during the night pulled the picket pins and galloped off. Mr. Reschke immediately ordered an extra advertisement in the Herald-Advocate, and discovered the whereabouts of the horses before the paper had gone to press, all of which goes to prove the advantage of advertising in a live newspaper.

One of the unusual features of the convention last Saturday was the taking up of a collection to defray the expenses of the elected delegates. When the lists were passed there was quite a rush for the door, one of the delegates remarking as he shot out that he had attended democratic conventions for high on to forty years, but this was the first one that he ever saw where they turned it into a religious gathering and took up a contribution for the location.

Our citizens scattered east, west, north and south last Friday to take in the celebration of the fourth in the neighboring towns. Milbank generally has a pretty good celebration at home, on Independence day, but this year she gave way to her neighbors and the Milbankites went greeting among friends at Revillo, Twin Brooks, Hartford and other places, till the only place you couldn't find a Milbank man was in Milbank. They were undoubtedly well treated wherever they went as they all got home in excellent condition, well pleased with the attentions bestowed upon them by the neighboring communities.

S. S. Lockhart is off on a tour of the state this week in the interest of his census work.
S. C. Jones returned from Montana the first of the week, where he had been with a surveying party.
Mrs. J. C. Elliott is enjoying a few weeks in Indiana, where she will take the state normal course in music.
P. J. Wagner, of Melrose township, went out to Webster yesterday, where he expects to work this summer.
Postmaster Middlebrook has returned from a week's visit to his family, who are spending the heated term at New Salem, Wis.

Geo. Nixon, of Marvin, was calling on his Milbank friends the early part of the week, as was also N. O. Breckenridge of Twin Brooks.
