AN ARGENTINE SENSATION.

A Dead's Duel That Has Greatly Excited the Southern Republic.

The mails from the Argentine Republic bring news of a terrible tragedy which has caused an unprecedented sensation in that country.

Dr. Lucio de Lopez, one of the leading financiers and most influential men in the republic, who was appointed by the government to investigate the affairs of the Provincial bank of Buenos Ayres, made a report to the courts which caused the arrest of Colonel Sarmiento, a son of the late President Sarmiento, whose memory is revered like that of Lincoln in this country. He was once minister to the United States and is said to have afterward Americanized the Argentines. Colonel Sarmiento was convicted in the court of the first instance and appealed to the superior court, where there was a mistrial, two judges voting to confirm and two to reverse the decree of the lower court. He then published a bitter personal attack upon Dr. Lopez in La Prensa, one of the leading newspapers.

Acting under the advice of foolish friends, Dr. Lopez sent him a challenge, and on Dec. 27 a duel was fought at the Belgrano hippodrome in the suburbs of Buenos Ayres. Dr. Lopez was attended by General Mansilla of the Argentine army and Francis Beazley, assistant secretary of state. Sarmiento was attended by General Bosch of the army and Rear Admiral Soliar of the navy. Shots were twice exchanged at a distance of 12 paces. At the second discharge Dr. Lopez fell wounded, the ball passing through his abdomen. He was taken in an ambulance to his house, where more than 200 of the leading citizens of Buenos Ayres were assembled anxiously awaiting the result of the duel. The wounded man died next day, but Colonel Sarmiento had not been arrested when the steamer left Buenos Ayres. Eighty years ago a decree was issued making dueling a capital offense, but it has been a dead letter for many years, although appeals to the code have been common.

The prominence of the parties engaged makes the sensation the greater, and there is as much excitement in the Argentine Republic today as there was in the United States when Aaron Burr shot Alexander Hamilton.—Chicago Record.

TRANSFERENCE OF THOUGHT.
Telepathy Opens a Great Field For Investigation by Metaphysicians.
No field of investigation so pregnant with interest has been as timidly abandoned to charlatans as the domain of telepathy. Until very recent times it has been almost entirely in the custody of mountebanks, empirics of the worst type, whose claims to consideration rested on cunning, shrewdness and lack of scruple. If we pause to consider that the phenomenon of thought transference both in the waking and sleeping condition was the initial inspiration that evolved the science of metaphysics, we may more nearly appreciate how foolishly workers in the higher spheres of thought have relinquished the keystone of psychology to the most blatant types of quackery.

Metal Ceilings.
The evolution in the last few years, in the preparation of metal ceilings, has witnessed the improvement from crumpled or corrugated sheets to the handsome and architectural designs that mark the product of newer methods and improved machinery. The raised designs on the metal enable the decorator to obtain these beautiful effects of lights and shadows which are so essentially necessary to give life and character to the work, and as the designs are executed to conform with the many different styles of decorations there is scarcely a limit to the effects to be obtained, and at much less cost than can be secured from other and less durable materials. They can be applied to any form of room and are of special value in churches, courtrooms and theaters on account of acoustic properties and rich effects, which are obtained at a minimum cost. They are also of special value on account of ventilation.—National Builder.

After beginning to take them I felt better. I continued taking them and I am now in better health than for many years. Since my recovery I have gained fifty pounds in weight. DON'T SNUB THE PRINCE.
The Right Honorable Joseph Chamberlain Is Not That Kind of a Man.
The Right Hon. Joseph Chamberlain, ex-radical home ruler, whom peers and princes now delight to honor, has been genuinely annoyed by the circulation of a story that he treated the Prince of Wales with great rudeness at the sittings of the royal commission on the aged poor, of which both are members. The tale ran that the prince, on being asked why he did not complain to the chairman of Mr. Chamberlain's behavior, replied:
"You see, I sit between Mr. Chamberlain and the chairman, and the latter is rather deaf."
Mr. Chamberlain has deemed it worth while to get an authoritative contradiction of this libel published. From this we gather that though the chairman of the commission, Lord Aberdare, now deceased, was undoubtedly deaf, he rarely presided at the meetings, owing to ill health, his place being taken by Lord Playfair, who is remarkably keen of hearing, and that anyhow the Prince of Wales, if offended, would have taken care to let it be known to the offender himself. The latter argument is more convincing to those who know his royal highness and his emphatic way of letting his displeasure be known. The story also shows a lack of knowledge of Mr. Chamberlain's character. He is the last man in the world to give offense to any prince, much less the heir to the British crown.—London Correspondent.

A Delicate Distinction.
"Did you say you wanted Shakespeare's works?" asked the book store clerk.
"No," replied the haughty girl; "I want his plays."—Washington Star.

Nothing in This World
Is so cheap as a newspaper, whether it be measured by the cost of its production or by its value to the consumer. We are talking about an American, metropolitan, daily paper of the first class like **THE CHICAGO RECORD.** It is so cheap and so good you can't afford in this day of progress to be without it. There are other papers possibly as good, but none better, and none just like it. It prints all the real news of the world—the news you care for—every day, and prints it in the shortest possible space. You can read **THE CHICAGO RECORD** and do a day's work too. It is an independent paper and gives all political news free from the taint of party bias. In a word—it's a complete, condensed, clean, honest family newspaper, and it has the largest morning circulation in Chicago or the west—140,000 to 150,000 a day.
Prof. T. J. Hatfield of the Northwestern University says: "**THE CHICAGO RECORD** comes as near being the ideal daily journal as we are for some time likely to find on these mortal shores."
Sold by newsdealers everywhere, and subscriptions received by all postmasters. Address **THE CHICAGO RECORD, 181 Madison-st.** (3)
