FIRST STATE BANK

The Oldest Bank in Dewey County.
CAPITAL \$10,000

Some people have an idea that in order to have a bank account, they must have a large sum to deposit; that the bank doesn't care to be bothered by small accounts. This, however, is a mistaken idea, as we welcome all new accounts, and the same courtesy and service is accorded the small depositor as those in more fortunate circumstances.

It is our object and wish to serve the public in financial matters in a manner that shall be satisfactory to all.

Your valuables will be secure if kept in our Safety Deposit Boxes, which are enclosed within our fire proof vault.

ED. L. MILLIGAN, Pres. JOHN De Y. SMITH, Vice Pres.
L. H. LANGEN, Cashier.

WAGON ROAD IS BEING BUILT ACROSS LAKE

COUNTY AND INDIVIDUALS CO-OPERATE SO THAT SECTION LINE WILL BE MADE PASSABLE.

At last work has actually started on a road across the lake. It was originally thought that it would be nice to have the road cross due north from Main street, but later on it was practically decided to place it two blocks to the west of Main street, where the lake is about the narrowest and where there is somewhat of a natural fill at either side. In view of the fact however, that this would necessitate the purchasing of private land on the north side and the putting in of another crossing over the railroad tracks, it has been decided to go two blocks farther west and have the road on the section line.

The extreme dry year has made it possible to carry on this work to good advantage. First manure was hauled in about a foot deep and as soon as this is all covered with a foot or so of dirt it will make a firm enough foundation for fairly good-sized loads to be hauled over. As there is very little movement of the water from one end of the lake to the other it is thought that two or three large tile culverts will be sufficient to take care of this natural flow back and forth and that a bridge will not be necessary, unless in the future if we are able to obtain two or three flowing wells so as to keep the lake full, a bridge might be put in to enable boats to pass from one end to the other.

This is a step in the right direction and is taken at the opportune time as the work can be done now with half the inconvenience and expense it might again in a number of years. Those who have contributed work are urged to see the parties in charge and hurry the work along so that if further rains should come enough of a foundation will be down to allow of a continuation of the work.

PLANS FOR CELEBRATION ABOUT COMPLETE

INDICATIONS POINT TO LARGE ATTENDANCE--YEAR OLD TOWN WILL BE HOST TO HUGE CROWD.

That Timber Lake will be host to a much larger crowd than was at first anticipated by the most sanguine now seems to be a certainty. Word comes from all directions indicating a record attendance. With Governor Vessey will come a little party consisting of John D. Deets, commissioner of immigration; P. F. McClure, C. E. DeLand, E. C. Perisho and a couple of newspaper men. Governor Vessey will make an address as a part of the first day's attractions and either Judge Witten of Washington, or Congressman Martin of Deadwood, or both, will make addresses on the second day.

One feature that is attracting unusual attention is the base ball game arranged to be played between two Indian teams, one from the north country made up largely of Standing Rock Indians and the other from down near Cheyenne Agency. This promises to be a veritable 'humdinger' of a contest as many of the players learned the fine points of the game while away to Carlyle and other Indian schools. An Indian seems to have the proper mental and physical make-up to constitute a ball player. He loves the sport. He takes to it like a full-grown flea does to a sick waier-spaniel canine. It will be a merry bunch of rooters on the sidelines when these two teams line up for the game.

Perhaps it is due to the recent rains, at any rate something has put new life in the people. In fact it has created a poet who sings the following:

Friends, relax all your efforts awhile,
From your labors and cares and let's smile
On our anniversary date,
Both early and late
We'll celebrate
In Timber Lake style.
And, lest you may think this mere boast,
Come, be our guest—we'll be your host;
And, like the light-hearted boy,
Each event you'll enjoy;
And there'll be naught to annoy,
From the smallest to the event you like most.

REASON WOMEN WEAR OUT

Through Mistaken Idea of Duty She Works on With Rare Periods of Relaxation.

Why do some women grow old and others keep the secret of perpetual youth? Here is one answer:

One reason why the average woman wears out, grows plain before her husband, is that, through a mistaken idea of duty, she lays out for herself at the beginning of her married life a scheme or plan of duty and employment for her time, every hour filled with work, with rare and short periods of relaxation.

This she follows religiously for years, feeling that she has done her duty, because every household event occurs regularly and on time, while she soon becomes merely a machine, a thing without life of itself or volition. She settles into a rut and goes round and round on the same track everlastingly.

Can any woman keep brightness, originality of thought or speech, or even mere prettiness with such a life? And without those things how can she keep her husband and growing children full of loving admiration, which is the strong chain by which she can bind them to her? How bright and jolly the neighbor's
