The Home Journal.

PUBLISHED EVERY THURSDAY EVENING AT
TWO DOLLARS PER ANNUM.

Not long since there was a great religious excitement among the negroes in the neighborhood of Smithland. Numbers were baptized nearly every day. On one of these occasions the colored preacher was leading a big nigger named Bob into the water to baptize him. Bob was a little in advance, and coming to a "stepping off place," down he went, dragging the preacher after him. After considerable floundering and spluttering, they both reached the shore, when Bob very much excited, delivered himself thus:

"Now, look here! some man'll loose a nigger yet, by dis d——n foolish hoss!"

The solemnity of the occasion was somewhat disturbed by this outburst and Bob, concluding that hydropathy was not exactly the thing, marched off. *--Cairo Times and Delta.*

CAN'T BE AN OLD MAID.

I can bear misfortune and poverty, and all the other ills of life, but to be *an old maid*, to droop and wither, and wilt and die, like a single pink, I can't endure it; and what's more, *I won't.*"

"Now, *there's* an appeal that ought to touch some bachelor's heart. There she is, a poor, lone spinster! in a nicely furnished room—sofa big enough for *two*, *two* arm chairs, *two* tureens, *two* looking glasses, everything in couples except herself. I don't wonder she's frantic! She read in her childhood that "matches were made in heaven" and although she's well aware there are some *Lucifer matches* yet she has never had a chance to try *either* sort. She has heard that there "never was a soul created, but its twin was made *somewhere*," and she's a melancholy proof that 'tis a mocking lie. She *gets* tired sewing, she can't knit *forever* on that eternal—I was going to say *infernal*—stocking; besides that has a *fellow* to it, and is only an aggravation to her feelings. She has read till her eyes are half blind; there's nobody to agree with her if she *believes* the book, or argue the point with her if she *don't*. If she goes out to walk, every woman she meets has her husband's arm. To be sure they are half of 'em ready to scratch each other's eyes out, but that's a little business matter between themselves. Supposing she feels devotional, and goes to evening lectures, some rabid ugly coward is sure to scare her to death on the way. If she takes a journey, she gets hustled and boxed around among cabdrivers, and porters, and baggage masters; her hand box gets knocked *in*, her trunk gets knocked *off*, and she's landed at the wrong stopping place. If she wants a load of wood, she has to pay twice as much as a man would, and *then* she gets cheated by the man that saws and splits it. She has to put her own money in the bank, and get it out, have her own pow, and wait upon herself in short. People tell her "husbands are often great plagues," but she knows *there are* times when they are indispensable. She is very good looking, black hair and eyes, fine figure, sings and plays beautifully, but she "can't be an old maid," and *what's more*—she won't.—*Fanny Fern.*

A Substitute for Burning Fluid, brilliant, economical, safe.

A. H. Hick's,
46, Public Square,
Nashville, Tennessee.

THE IMPROVED VIENNA
LAMP
for burning Breckenridge and Kerosene COAL OIL. This is decidedly the best
COAL OIL LAMP
in market. It produces a more brilliant and uniform light than Sperm Oil, Candles or Burning Fluid, at about one half the expense, and the oil used is not explosive. A beautiful light for two cents a night. A gallon of Coal Oil (at 81) will burn 160 hours, or 40 evenings of four hours each, and give a light equal to three sperm candles! By slightly depressing the wick, a light sufficient for ordinary purposes may be produced at a cost of
half a cent an hour.

This oil gives no unpleasant smell in burning, is not effected by cold, and is unquestionably the cheapest illuminating material yet discovered. It is distilled from a peculiar kind of Coal, found in Kentucky, and other States of the Union.

Price of Lamps, $1 and upwards, according to size and style.

OFFICE:

No. 4, Public Square, Nashville, Tenn.

Reasons why this Machine is Universally Preferred over All Others.

1 Because it is the only Sewing Machine in the world ever invented, so constructed as to fully meet the demands of families for general use.

2 It is very simple and is never liable to get out of order.

3 It makes a seam which will not rip, though every thread stitch is cut.

4 It is not a shuttle machine.

5 It sews with two needles, making any length stitch desired.

6 It sews from two ordinary spools, and the all trouble of winding thread is avoided while the same Machine can be adapted at pleasure, by a mere change of spools, to all varieties of work.

7 The same Machine runs silk or linen thread, and common spool cotton, with equal facility.

8 This Machine will sew in the sleeves of a coat with the same ease and facility that it sews a straight seam.

9 This Machine can be run to make one thousand five hundred stitches per minute.

10 The seams are as elastic as the most elastic fabric so that it is free from all liability to break in wasding, ironing or otherwise.

11 The stitches made by this machine are more beautiful than any other made either by hand or machine.

The price of the Machines at office in New York, range from $75 to $150, an additional charge of $10 is only made on each machine over New York prices at office in Nashville, to defray expenses of transportation &c. to Nashville

The only Safe Preparation
that does not dye, but will restore
GRAY HAIR
to its original color, by Nature's own process,
IS
Prof. O. J. Wood's Celebrated
HAIR RESTORATIVE

In proof of the above assertion, read the following testimony from distinguished persons from all parts of the country.

Hon. Solomon Mann, Ann Arbor, Mich. says his wife, whose hair had become very thin, and entirely white, was restored to its original brown color, and her thick crop and became beautiful and glossy again, and entirely over, the head. Others of my family and friends are using with equally satisfactory results.

Hon. Judge Breese, Ex-Senator of Illinois, says my hair was prematurely gray, but, by the use of Wood's Restorative, it has resumed its original color, and I have no doubt permanently so.

Hon. R. Stewart, says my hair was very gray, but after using two bottles, it restored to its original color.

Rev. J. K. Bangs, Brookfield, Mass., says it has removed from my head inflammation, dandruff, and a constant tendency to baldness, and restored my hair, which was gray, to its original color.

J. W. Davidson Monmouth, Ills., says my hair was two-thirds gray, or rather white, but by the application of the Restorative as directed, it has resumed its original color.

Dr. G. Wallis, Chicago, says, after using a great many other preparations, all to no effect, I used one bottle of your Hair Restorative, which has effected a luxuriance in my head of two years standing.

Benjamin Lethbridge, 274 Seventh Avenue, New York, says, having lost my hair by the effects of the Erysipelas, when it began to grow, instead of black as heretofore, it was well mixed with gray. Having tried many preparations to restore the color without effect, I was induced to try yours, and in spite of all my doubts it had the desired effect.

R. I. Williams, M. D., Perkinsville, Ala., says, I have used your Restorative and find it all it is recommended to be. I have tried it for Tetter and find it a certain cure.

W. M. Woodward, M. D., Brooksville, Ky., says, he recommends it in his practice as the best preparation for the hair in use.

Edward Walcott, says, three months ago my hair was very gray, it is now a dark brown, the original color smooth and glossy, all by the use of Wood's Restorative.

Wilson King says one months proper application will restore any person's hair to its original color.

J. B. Doe says a few applications restored my hair from it began to grow and now it is black, its original color.

Perry Smith, North East Pennsylvania says, that her hair had for a number of years, been perfectly white but now it is restored to its youthful color, soft and glossy.

Dr. J. W. Ford St. Paul says that his hair is strong, thick and black, although a short time since he was both bald and gray. The people here saw its effects and have confidence in it.

Norris Gosline, M. D. St. Louis, says that after trying many other preparations all to no effect he used two bottles, which covered his head with a new vigorous growth of hair and invites all to come and see it.

Sarah Brown says her hair was not only gray but so thin she feared its entire loss—but after using two bottles it has restored both the color and growth.

Prepared by O. J. Wood & Co., 114 Market Street, Saint Louis, and 312 Broadway, New York, and sold by all Druggists and Patent Medicine Dealers, also, by all Fancy and Toilet Goods Dealers in the United States and Canada.

THE BEST FAMILY MEDICINE NOW BEFORE THE public, for the cure of Scrofula, Ulcers, Scurvy, or Eruptions of the Skin, Fever and Ague, Dropsy, and in fact most all diseases soon yield to their curative properties. It has been computed that during the last twenty-five years upwards of FOUR MILLIONS of persons have been benefited by the use of these medicines; a fact which speaks volumes in favor of their curative properties—a single trial will place them beyond the reach of competition in the estimate of every patient. By their use the BLOOD IS RESTORED TO A HEALTHY STATE and freed from all impurities. The system is not reduced during their operation but invigorated, and they require no restraint from business or pleasure.

The afflicted have in these medicines a remedy that will do for them all that medicine can possibly effect.

NATIONAL POLICE GAZETTE.

THIS Great Journal of Crimes and Criminals is in its thirteenth year, and is widely known throughout the country. It is the first paper of the kind published in the United States, and is distinctive in its character; it has lately passed into the hands of Geo. W. Matsell & Co., by whom it will hereafter be conducted. Mr. Matsell was formerly Chief of Police of New York City, and he will no doubt render it one of the most interesting papers in the country. Its editorials are forcibly written, and of a character that should command for the paper universal support.

☞ Subscriptions, $2 per annum; $1 for six months, to be remitted by Subscribers, (who should write their names and the town, county and State where they reside plainly.)

DOCTOR HOOFLAND'S
CELEBRATED
GERMAN BITTERS,
WILL EFFECTUALLY CURE
Liver Complaint, Dyspepsia, Jaundice,
Chronic or Nervous Debility, Diseases of the Kidneys, and all diseases arising from a disorderly liver or stomach.

Such as Constipation, Inward Piles, Fullness or Blood to the Head, Acidity on the Stomach, Nausea, Heartburn, Disgust for Food, Fullness or Weight in the Stomach, Sour Eructations, Sinking or Fluttering at the Pit of the Stomach, Swimming of the Head, Hurried and Difficult Breathing, Fluttering at the Heart, Choking or Suffocating Sensations when in a lying posture, Dimness of Vision, Dots or webs before the sight, Fever and dull pain in the Head, Deficiency of perspiration, Yellowness of the Skin and Eyes, pain in the Side, Back, Chest, Limbs, &c., sudden Flushes of heat, Burning in the Flesh, Constant Imaginings of Evil and great Depression of Spirits.

The proprietor, in calling the attention of the public to this preparation, does so with a feeling of the utmost confidence in its virtues and adaptation to the diseases for which it is recommended.

It is no new and untried article, but one that has stood the test of a ten years' trial before the American people, and its reputation and sale are unrivalled by any similar preparations extant. The testimony in its favor given by the most prominent and well-known physicians and individuals in all parts of the country is to increase, and a careful perusal of the Almanac, published annually by the proprietor, and to be had gratis of any of his Agents, cannot fail satisfying the most skeptical that this remedy is truly deserving the great celebrity it has obtained.

DR. HOOFLAND'S
BALSAMIC CORDIAL,
FOR THE SPEEDY CURE OF
Coughs, colds, influenza, croup hoarseness, bronchitis, diseases of the bowels arising from cold, incipient consumption, and for the relief and (if at all possible) cure of patients in advanced stages of the latter disease.

CERTIFICATE, or Common Cold, as it is familiarly called, is worthy of study, and serious enough to be avoided, if possible. Dr. Bell says: "I will not say that colds are to our inhabitants what the PLAGUE and YELLOW FEVER are to those of other countries; but, I can aver confidently that they subject us to a rate of greater complicity and mortality than these latter."

In the danger of BRONCHITIS and PNEUMONIA, which often follow in the train of a neglected cold, and in PAINFUL PULMONARY, the tubercular irritation of which is developed by the same cause, we surely have profound argument sufficient for attention, not only to the preventive means, but also to the curative ones of a disease, which however mild in its inception is directly or indirectly productive of such diversified and alarming results.

This lesson should be particularly impressed on those who have any constitutional tendency to PULMONARY CONSUMPTION.

The use of the Balsamic Cordial, agreeably to the directions accompanying each bottle, will readily cure the most distressing case of cough.

Coughs sometimes proceed from a disordered or dyspeptic state of the stomach, in which case the German bitters should be used. In cases of weakness, or general debility of the system, resulting from a protracted cough, the German Bitters will be found of great benefit.

In cases of ACUTE Inflamation of the LUNGS, the prominent symptoms generally are—hurried and painful respiration, imperfect arterialization of the blood, cough and expectoration, attended with excitement of the heart, fever, various derangements of the digestive and urinary systems, prostration of strength, &c.
