**CONSTITUENT ASSEMBLY MAY BE MORE AMENABLE**

**Germany's Advantage Seen in Parties Opposed to Bolsheviks—Berlin Envoys Fake Story Allies' Break With Russia—Civil War Wages Furiously.**

London, Jan. 5.—Pending the resumption of conference at Brest-Litovsk today no fresh developments are reported from Russia regarding the peace negotiations. Special dispatches from Petrograd report attempts by the German delegates at Petrograd to make some sort of a clandestine agreement with the members of the constituent assembly. A correspondent of The Daily News says that the Germans are trying through a neutral diplomat to get into communication with members of the assembly. Their object is obvious, he adds, as the parties opposed to the bolsheviks are quite ready to profit by the bolshevik refusal to make peace and to tell the people that the bolshevik promised them peace but gave them war.

**Give Away Half Country.**

The version of the correspondent of the Daily Mail is that the Germans have been putting pressure, direct or indirect, upon the government in connection with the summoning of a constituent assembly as the Germans have been making it pretty obvious that they are unwilling to recognize the bolsheviks as representatives of a majority of the Russian people or even as temporary trustees of the soviet power. The Daily News dispatch expresses fear that Germany will find the constituent assembly more amenable than the bolsheviks in regard to making peace and quotes Foreign Minister Trosky as saying that the bolsheviks are prepared to give away half the country, if they can control the government of the other half.

**Rada Willing to Bargain.**

Regarding the attitude of the Ukrainians towards the Germans the Daily News says that the rada is willing to strike a bargain with the Germans. The Petrograd correspondent of the Times, who is now in London, writes that the Ukrainians are determined to send a mission to Brest-Litovsk, not to negotiate a separate peace but to ascertain Germany's intentions towards Little Russia. The Germans are willing, he says, to recognize the rada on the basis that the Ukraine supply Germany with foodstuffs and recognize German economic interests in the Ukraine. Neither of these points, the

correspondent adds, is to Little Russian taste, but if the allies fail to help the Ukrainians or adopt a policy of compromise with the bolsheviks the rada may have to yield, and the Cosacks, too.

Newspapers in Petrograd continue to report fighting in the south, where, according to the correspondent of the Times, civil war is raging fast and furious. In several places there are reported to have been scenes of fierce fighting. These include Ekaterinoslav, where it is said fighting already has lasted five days. However, as communication south and east from Petrograd is precarious at the best the reports convey little information.

**Circulate Story of Break.**

The Austro-German delegates in Petrograd profess to have information that the allies have decided to break relations with Russia. Perhaps this is the reason why the officials of the British embassy have taken pains to assure Trosky that the departure of Sir George Buchanan is purely on account of ill health and that he would have left last March but for the persuasion of former Foreign Minister Terestchenko. Trosky also was told that the other members of the embassy have no intention of leaving Petrograd at present.

**Adopt Phonic Spelling.**

Amidst the whirl of events involving the fate of the nation the bolshevik government has found time to decree that Russia shall adopt phonic spelling on Jan. 14. Phonic letters and consonants were eliminated from the Russian alphabet.

Although the bolshevik foreign minister, Leon Trosky, announced that the German peace terms would not be accepted, it is believed that the Russian delegates would return to Brest-Litovsk for the meetings which were called on Jan. 14. The Russians requested transference of the negotiations to Stockholm, because they would have less difficulty there in obtaining full publicity concerning the negotiations and also because they preferred a neutral place to German eastern headquarters for holding the discussions. The German chancellor, Count Von Hertling, told the reichstag main committee on Thursday that the German delegates had been instructed to refuse to transfer the negotiations to Stockholm.

**Men From Grounded Naval Barge Reach Atlantic Port After Suffering Privations.**

An Atlantic Port, Jan. 5.—The crew of a naval barge which went ashore on an island near this port Thursday arrived at a village on the mainland yesterday afternoon, leaping into the icy water and swimming to ice nearby, over which they made their way to the mainland. They had been without food for more than twenty-four hours and only left the barge when it became apparent that to remain longer probably would result fatally for them from freezing.

After reporting to the authorities and obtaining provisions and other necessities, the crew returned to the barge last night.

**WEATHER CONDITIONS MODERATE SLIGHTLY**

Washington, Jan. 5.—More seasonable temperatures are indicated for the South Atlantic and East Gulf states during the week beginning tomorrow, although it will be somewhat colder 5 day night in the East Gulf and South Atlantic states, according to the weather bureau's weekly forecast, issued today. Generally fair weather is indicated after Sunday in the East Gulf and after Monday in the South Atlantic states.

Rain or snow will be followed by fair weather for a few days in Tennessee and again by rain or snow after the middle of the week. Temperatures will be more moderate than during the previous week.

**TURKEY OFFERS FREE ROUTE DARDANELLES**

London, Jan. 5.—Free passage of the Dardanelles for Russian ships, Russian evacuation of Turkish territory and the demobilization of the Russian Black sea fleet are provided for in the draft of Turkish peace terms presented to Russia, according to an Exchange Telegraph dispatch from Petrograd. Turkey, it is provided, is to retain her active army in consequence of the continuation of war against the entente.

The main points in the draft presented by the Turkish delegates are given in the dispatch as follows:

1. Frontier lines to remain as before the war.
2. Within two years of the conclusion of peace the contracting parties shall conclude a convention respecting sea trade and consulates.
3. War losses incurred by individuals to be refunded.
4. Guarantees to be given for the territorial integrity and development of Persia on the basis of her entire independence.
5. Free passage to be granted Russian ships passing through the Dardanelles and the Bosphorus.
6. Mobilization within limits to be permitted for national defense.
7. Russia to undertake to remove her armies to territory within the previous Russian borders in six to eight weeks after signing the peace agreement, leaving only one division to safeguard her frontier.
8. Russia to demobilize her army of special Armenian units, and also to demobilize the Black sea navy.

Petros, of Marietta, a graduate of the State College of Agriculture, as farm demonstration agent, succeeding R. L. Dorich, who has been called to the colors. C. W. **SPAIN CHECKS INCIPENT PLOT**

**Revolutionary Movement Unearthed—Telephone and Telephone Lines Suspended.**

Madrid, Jan. 5.—A revolutionary movement has been unearthed by the government. Telephone and telegraph communications have been suspended and other precautions taken.

Premier Alhucemas announced today that the government was master of the situation. The judicial authorities are investigating the plot, many details of which are already known.

Although remaining out of the war, Spain has not escaped the political unrest which it has produced. There have been frequent strikes and disorders, and it has been necessary to declare martial law at times. The most formidable movement occurred last summer, with widespread strikes, several armed clashes in which nearly 400 persons are reported to have been killed, and an avowedly republican movement in Catalonia. This week King Alfonso dissolved the parliament.

**WAR MATERIAL PLANTS TO BE LOCATED IN WEST**

Washington, Jan. 5.—New plants for war material production will be located entirely in the middle west, under the policy of the war department, which is now known today. Because of congestion in the east, untapped facilities beyond the Alleghenies have become necessary to speedy production for the present war, while sites at least 200 miles from the Atlantic seaboard are regarded as good strategic in case of future wars.

**CROWN PRINCE SEES VICTORY**

**Declares German Army Stands on Threshold of New Year Ready to Win.**

Amsterdam, Jan. 5.—The German crown prince, in a New Year's order to his army, praises its valor in the battles of the year just closed. The order, as reproduced in the Dusseldorf Nachrichten, reads:

"The year 1917 has gone down into history, and with it the deeds of arms of my army. The French army stood ready on the Aisne and in the Champagne to deliver a great decisive blow. An overwhelming superiority of men, arms and ammunition was counted upon to force a victory for the enemy.

"The assault singularly collapsed before your faithfulness and bravery. You thereby broke the enemy's strength and paved the way to victory for the German arms in Russia and Italy.

"In a tenacious struggle, relying only upon your own strength and your self-sacrifice and courage, in difficult battles on the Chemin des Dames, in the Champagne and on the blood-soaked ground of Verdun, you protected the rear of the advancing army in the east and the south. In loyal comradeship you also fought in Flanders and near Cambrai for Germany's honor.

"Proud and with a thankful heart, I behold you, my brave, resolute leaders and my heroic troops. With an unstained shield and a sharp sword, we stand on the threshold of the new year around the imperial war lord ready to strike and win. God with us."

**AUSTRALIA RETAINS HUGHES AS PARTY LEADER**

Melbourne, Friday, Jan. 4.—The nationalist party, having decided that in its opinion it is to the best interests of the country and the empire that Premier Hughes be retained as leader of the party, it is expected the premier will be commissioned to form a new ministry. There probably will be only a few changes.

The decision of the party was reached at a meeting today at which the premier intimated that in fulfillment of its pledge to retire if the referendum should go against conscription, the ministry probably would resign in the immediate future.

**GEORGE TYLER GOES TO CHICAGO NATIONALS**

Chicago, Jan. 5.—George Tyler, of Boston, rated as one of the most effective left-handed pitchers in the National league, has been traded to the Chicago national for Larry Doyle, the veteran second baseman, and Thurston Wilson, a catcher. In addition, President Weeghman, of the Chicago club, is reported to have added a check for \$15,000.

This is the second big deal President Weeghman has made to strengthen his club. The first brought Alexander and Killifer, the star Philadelphia battery, to Chicago for \$50,000. Another deal may be closed at the national commission meeting in Cincinnati next Monday, Weeghman said.

**ADMINISTRATORS TO DISCUSS PROBLEMS**

They will take up many pressing food problems and will discuss particularly a co-ordination of effort in the various states. Several meetings of administrators have been held here, but this will be the first time all have been together at once.
