

PUTNAM COUNTY HERALD

VOLUME IX.

COOKEVILLE, TENNESSEE, THURSDAY, JANUARY 19, 1911.

NUMBER 3

Mt. View Lodge No. 179 I. O. O. F. held a good meeting on the 14th inst. with J. M. Haynes N.G., presiding, and some twenty brothers in attendance. Quite a lot of routine business was disposed of and Bro. R. F. Pippin was reported no better. Bro. E. D. Staley was reported as still quite feeble. Bro. W. R. Poston who was reported very bad off at the last meeting died on the 9th inst. and was buried in Jackson Co. by the Gainesboro Lodge, I. O. O. F., by request of this Lodge.

More than 130 members of this Lodge are up with their dues and entitled to the new P. W. It is earnestly hoped the rest of the membership will get a hustle on themselves and qualify for the new P. W.

The new officers worked splendidly for their first time and prospects are very good for a splendid term.

We have two members who having attained the age of 75 years are by the by-laws exempt from paying dues.

The Secretary was authorized to sign the Bank agreement, the Lodge thinking it better to get a little interest and have its money secured as per terms of the Bank, than to drag along as now. It makes matters safer.

Next meeting is on Friday 20th inst. Come if you can.

Board of Election Commissioners for Putnam County.

Britton, Texas

Dear Editor and Herald family: Here I come again asking admittance into your circle. We have moved from Midlothian, Route 5, to Britton. We like our new home fine.

The people have began farming. Some are bedding their land and some are still gathering cotton. I have gathered my crop and made nineteen wagon loads and got thirteen and fourteen cents for it and sold one load for one hundred and twelve dollars and fifty cents.

The writer has bought another crop and has about four thousand pounds of boles to gather. I want to tell you good people of Tennessee how we gather boles out here. We just snatch the boles, cotton and all and in our sacks it goes until they are so full we cannot bend them. We get one and two cents a pound for that and a good hand will gather four or five hundred pounds a day.

We have not had any snows yet but have had a few very cold northers and last Monday was the coldest and all we could do was cut wood and make fires.

Health is very good except had colds. Come on all you good writers for I like to read the news. JIM NEAL.

Ada, Okla.

As some one from Route 6 wanted F. G. D. to write a few lines I will try for the first time.

I have been in Ada since July 21st. and saw my second rain the 28th of the past month. It has been very dry here this fall.

The city has voted \$150,000 bonds for Bird Mill water which is 15 miles south of Ada. This fine spring affords enough water for every family and all of the stock in the country and the water is just as pure as any in Tennessee or any where else. When we get this we will have one of the best towns in the state.

I like this country better than Tennessee for a young man has more chance here than there.

As to myself I have a nice job working in a grocery store for reasonably good wages.

Some of the Tennessee people talk of going back to Tennessee some time especially when they get sick, for they think if they should die and were to be buried beneath the black land they would be forever buried beneath the sod and would never arise again.

R. D. Dow has rented 120 acres of fine land at Tyrolla, Okla., 10 miles north of Ada, with good terms and farming implments furnished and a nice house on the place; barns and every thing a farm needs. He pays half of the crop. He will leave Ada about the 15th to take charge of his new home.

The writer took one day off for Xmas and chased jack rabbits all day and got one and was more tired when the sun went down than the day he worked.

Will close with best wishes to the Herald and many readers. G. D.
