

Three Day Sale of \$32,168.00 Worth of Knit Underwear and Hosiery For the Family

Anticipated Purchases and Manufacturers' Samples, Every Garment Underprice

A Warning

This extraordinary opportunity to purchase dependable winter underwear and hosiery for the family brings values which we feel certain, because of the government restrictions, cannot be repeated this season. Economics that cannot fail to impress themselves upon you strongly indeed, for no one at all posted on values but will buy liberally—not only are these departments greatly enlarged and more conveniently arranged to serve you than ever before, but stocks are tremendously large—every shelf, counter and even the storerooms are piled high with quality goods at substantial savings from present-day market prices—many of which were contracted for last season's selling—which makers were unable to fill until the season was over (we felt hard toward these makers at the time), but they come in mighty handy now—enabling us to render an underselling service that will be appreciated far and wide—ready tomorrow in a big way to serve you with the season's best bargains in underwear and hosiery for the family.
