# \$12.75

## FLEET OFFERED RELEASES YANKS FROM SEAS

### Questions of International Policing Give Rise to Speculation as Just How Allies Will Arrange World Navy.

WASHINGTON, Nov. 28.—With the passing of German sea power, the impelling strategic reason for keeping the main strength of the American navy massed in the Atlantic ocean no longer exists. Naval officers here anticipate therefore that the fleet will be divided when the war emergency has passed and substantially one half of the main fighting strength of the navy go into a re-organized Pacific fleet.

### Plans Launched.

Secretary Daniels indicated today that a general rearrangement of the fighting ships was to be expected. He gave no inkling of what is under consideration, however, his statement having been brought out by questions when he announced that Vice-Admiral Sims, commanding American naval forces in European waters, would be nominated to the rank of admiral when Admiral Knight, commanding the Asiatic fleet, retires next month. Rear Admiral Gleaves, commanding the convoying forces, will be named by President Wilson for the vacant vice-admiral's post, thus created. No change in assignments will accompany the promotions which will be made for merit.

There are indications about the department that plans are already afoot for revising the old European squadron. With the increased responsibilities of the United States in Europe due to the war and the expanding merchant marine, it is regarded as probable that a definite naval force will be maintained in European waters hereafter and it is possible that steps may be taken toward establishing limited base facilities for the upkeep of the force. The navy now has a station at the Azores and officers believe an arrangement with the Portuguese government under which the station will be continued for some time at least, is to be expected.

In discussing the nature of the fleet officers realize that the creation of a league of nations may produce new considerations. As the United States is sponsor for the proposal for a world league, it is assumed that a concrete plan of action has been mapped out for President Wilson by his military advisers. That would include the proposal of a plan under which the combined fleets would operate to police the world.

The most practical way of arranging for an international police force of the sea, many officers believe, is to so provide that the locality of the disturbance to be quelled govern the composition of the force. That is, the force to be sent to the scene. That also would obviate any difficulty as to selecting the most fit and commander of the world where British interests were dominant it was suggested that the force to be assembled would be British and the commander British with squadrons of the other naval powers attached to show the unity of purpose. Where American interests were chiefly involved, it was felt that the commander would be American.

### Treason Charges Create Uproar of Italian Solons

ROME, Nov. 28.—Assertions were made in the lower house of the Italian parliament that several senators and deputies were involved in pacifist and anarchistic activities which resulted in the Caporetto disaster. Amid the greatest excitement former Premier Giovanni Giolitti said that the accusation of treason he demanded action by the chamber within 24 hours to determine whether the chamber contained traitors or calumniators.

### THREE TRANSPORTS BRING YANKS INTO U. S. PORT

NORFOLK, Va., Nov. 28.—Three transports—the Pocahontas, Rotterdam, and President Grant—loaded with American troops, have put into Hampton Roads.

### FARM PRODUCTS WILL BE SOLD IN JACKSON

JACKSON, Miss., Nov. 28. (SP.)—A state-wide sale of farm products, including choice offerings of live stock, will be held at the state fairgrounds here Dec. 17, 18 and 19. Canned goods, put up by members of Girls' Gaining Club, and other articles, which are of farm produce will be offered.

### FIGHT CATARRH

#### Most Diseases Traceable to Inflammation and Congestion of Mucous Linings

Science has at last fixed the origin of the majority of the ills of life upon Catarrh. Nine times out of ten disease is due to the fact that a catarrhal condition is preventing some organ or organs from functioning properly and that in turn throws the entire human machinery out of gear—result—you are sick. It further evidence of this is needed it is found in the hundreds and thousands of letters from the users of Peruna, people who suffered from various diseases but all evidently coming from catarrh.

Mr. George Clark, 124 Union street, Newark, N. J., writes: "I find Peruna good for coughs, colds, grip, stomach and bowel trouble."

Mr. H. C. Swartz, R. F. D. 2, Box 219, Bellingham, Wash., recommends Peruna for either man or woman. "Thirty years ago a friend advised me to use Peruna as a good blood purifier and system renovator. My family has used it ever since. Peruna is a good, straight, honest medicine and builds up the whole body."
