

Civilian Clothes for Young Men

We salute you men of the American Army! You've kept your promise—"Hell, Heaven or Hoboken by Christmas"—and being ahead of your schedule is an American characteristic.

And now comes the problem of getting back to civilian life—the army uniform must be laid aside, and in its place civilian garments are to be substituted.

The Guilfoyle shop is amply prepared for the emergency. You have two kinds of clothes from which to make your selection—Tailored-to-Order or Ready-to-Wear—at prices hardly to be expected—quality considered.

We prepared the fabrics long ahead of requirements.

THE XMAS SPIRIT

We suggest that you give to your friends, as well as to the poor, "the most necessary of all things"—A TON OF COAL. Next to the RIGHT Xmas spirit, nothing would add more to their pleasure and happiness than a warm, comfortable home. We know how to please you as well as your friend in delivery of Xmas orders.

Hopes Women Will Adopt This Habit As Well As Men

Glass of hot water each morning helps us look and feel clean, sweet, fresh.

Happy, bright, alert—vibrant and vivacious—a good clear-skin is a natural, rosy complexion and freedom from blemishes are assured only by clean, healthy blood. It is only every woman and likewise every man could realize the wonders of the morning inside bath, what a gratifying change would take place. Instead of the thousands of sickly, anemic-looking, weak, women and girls with pale, muddy complexions, instead of the millions of men with "red-rings," "rindowns," "brain fags" and "peppiness" we should see a virile, optimistic, strong of body, rosy-cheeked people everywhere. An inside bath is had by drinking, each morning, before breakfast, a glass of hot water with a teaspoonful of phosphate in it to wash from the bowels the mucus and ten days of lowly, sour fermentations and poisons before putting more food into the stomach. Those subject to sick headaches, indigestion, constipation, depression, and particularly those who have a pallid, yellow complexion and who are disturbed at night, are urged to obtain a quarter pound of phosphate at the drug store, which will cost but a trifle, but is sufficient to demonstrate the quick and remarkable change in both health and appearance awaiting those who practice internal sanitation.

Famous Old Recipe for Cough Syrup

Really and cheaply made at home, but it beats them all for quick results.

Thousands of housewives have found that they can save two-thirds of the money usually spent for cough preparations by using this well-known old recipe for making cough syrup at home. It is simple and cheap but it really has no equal for prompt results. It takes right hold of a cough and gives immediate relief, usually stopping an ordinary cough in 24 hours or less. Get 2 1/2 ounces of Pinex from any drug store, put it into a pint bottle, and add plain granulated sugar syrup to make a full pint. If you prefer, use clarified molasses, honey, or corn syrup, instead of sugar syrup. Either way, it tastes good, keeps perfectly, and lasts a family a long time. It is truly astonishing how quickly it acts, penetrating through every air passage of the throat and lungs—loosens and raises the phlegm, soothes and heals the membranes, and gradually but surely the annoying, throat tickle and dreaded cough disappear entirely. Nothing better for bronchitis, spasmodic cough, whooping cough or bronchial asthma. Pinex is a special and highly concentrated compound of genuine Norway pine extract, known the world over for its healing effect on the membranes. Avoid disappointment by asking your druggist for "2 1/2 ounces of Pinex" with full directions and don't accept anything else. Guaranteed to give absolute satisfaction or money promptly refunded. The Pinex Co., Ft. Wayne, Ind.

Every Good Physician Ought to Prescribe Nuxated Iron

OR SOME FORM OF ORGANIC IRON, SAYS DR. FERDINAND KING, NEW YORK PHYSICIAN AND MEDICAL AUTHOR, IN CERTAIN CASES. To Create Red Blood, Strength and Endurance.

Both the medical profession and the public at large should give great credit to the manufacturers of Nuxated Iron, says Dr. Ferdinand King, New York physician and medical author, on account of their voluntary act in authorizing the widespread publication of the sworn statement of the composition of the Nuxated Iron formula in newspapers and magazines for the information of the public and for their generous offer to send a signed typewritten copy of the exact formula to all physicians and others interested.

Dr. King further says: "A careful examination of this valuable formula should not only convince the three million people who it is estimated are now using it annually in America alone, but they should make no mistake in selecting it, but should also convince every physician and pharmacist that it is a product of the greatest therapeutic value which the present date in his practice with remarkable benefit to his patients, and one which, in his opinion, every good physician should at times prescribe if he wants to do the greatest possible good to those who consult him. Where he is a physician he has a certain, though small, number of patients, and he would most advantageously refer to me, or to any other form of iron he prescribes, without success, that I will furnish him a copy of the exact formula of Nuxated Iron.

There can be no strong, sturdy iron men, nor beautiful, healthy, rosy-cheeked women, without iron. Pallor means anemia. Anemia means iron deficiency. The skin of anemic men and women is pale, the flesh flabby, and the muscles lack life, the breath flags, and the memory fails, and they often become weak, nervous, irritable, despondent and melancholy.

If you wish to preserve your vim and vigor to a ripe old age, you must supply the iron deficiency in your food by using some form of organic iron, but as you would use salt when your food has not enough salt, you would most advantageously refer to me, or to any other form of iron he prescribes, without success, that I will furnish him a copy of the exact formula of Nuxated Iron.

Dr. George F. Baker, formerly Physician and Surgeon in Monmouth Memorial Hospital of New Jersey, says: "During convalescence from SPANISH INFLUENZA (La Grippe) I find Nuxated Iron to be of great benefit."
