The smashing of Kaiserdom has changed the face of Europe. The maps and geographies of the age in which we have lived have now gone into the discard. The histories of dynasties and principalities have been closed and laid away on the back shelves of the old world. Out of the splinters of autocracies new nations of free people are building, and now Americans may learn the new geography of liberty from the maps appearing weekly in

## THE MOST DANGEROUS DISEASE

No organs of the human body are so important to health and long life as the kidneys. When they slow up and commence to lag in their duties, look out! Danger is in sight. Find out what the trouble is—without delay. Whenever you feel nervous, weak, dizzy, suffer from sleeplessness, or have pains in the back or difficulty in passing urine—wake up at once. Your kidneys need help. These are signs to warn you that your kidneys are not performing their functions properly. They are only half doing their work and are allowing impurities to accumulate and be converted into uric acid and other poisons, which are causing you distress and will destroy you unless they are driven from your system.

Get some GOLD MEDAL Haarlem Oil Capsules at once. They are an old, tried preparation used all over the world for centuries. ## LESS MEAT IF BACK AND KIDNEYS HURT

Take a Glass of Salts to Flush Kidneys if Bladder Bothers You.

Eating meat regularly eventually produces kidney trouble in some form or other, says a well-known authority, because the uric acid in meat excites the sluggish, clog up and cause all sorts of distress, particularly backache and migraines in the kidney region, rheumatic twinges, severe headaches, acid stomachs, bladder and urinary irritation. The moment your back hurts or kidneys aren't acting right, or if bladder bothers you, get about four ounces of Jad Salts from any good pharmacy. Water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush kidneys and stimulate them to normal activity, also to neutralize the acids in the urine so it no longer irritates, thus ending bladder disorders. Jad Salts cannot injure anyone; makes a delightful effervescent lithia-water drink which millions of men and women take now and then to keep the kidneys and urinary organs clean, thus avoiding serious kidney disease. adv.

For Colds

After Shaving

For Chapped Hands

**MENTH-ALBA**

Has many uses. For colds, apply a little up the nostrils. It quickly vaporizes and the vapor penetrates to the inflamed mucous, opening up the head and healing irritation that has been causing the cold.

After shaving, rub Menth-Alba well into the pores. It will cool and soothe the skin, prevent infection of any cuts or scratches, soften the tissues and relieve the tight, parched feeling that so often follows a close shave.

For chapped hands, merely massage the hands with Menth-Alba. Immediate improvement will result and soon the chaps will disappear.

Buy Menth-Alba from your druggist at 25c or send to us for free sample.

## Are You In the Position

where you can follow the advice of those merchants that preach pay cash, even if they themselves don't? If so, all's well and you can quit reading this right now; but if the demands on your purse for necessities and special expenditures on account of the holidays are more than your purse can stand, then read on. To begin with, I want you for a regular customer; therefore, I make it my business to see that my merchandise is all right. Secondly, I want your friends to buy of me, too, so I am particular about the styles being all they should be. There is no use saying that my prices are right—if they weren't I couldn't stay in business very long. Now, where I differ mostly from the other fellows is that I am just as anxious to extend you credit as I am to sell you for cash. Just a little each week, every two weeks or months, is entirely satisfactory with me. You will find everything the stylish woman wants to wear at my shop, and a lot of nice things for Christmas presents.
