

A FIGHT FOR LIFE

Just at the Critical Moment—He May Feel Dizzy—A "Stitch" in the Side Or Back.

It has been fight or die for many of us in the past and the lucky people are those who have suffered, but who are now well because they heeded nature's warning signal in time to correct their trouble with that wonderful new discovery of Dr. Pierce's called Anuric (anti-uric). You should promptly heed these warnings, some of which are dizzy spells, headache, irregularity of the urine or the painful twinges of rheumatism, sciatica or lumbago. To delay may make possible the dangerous forms of kidney disease, such as Bright's disease, diabetes or stone in the bladder.

To overcome these distressing conditions take plenty of exercise in the open air, avoid a heavy meat diet, drink freely of water, and at each meal take Doctor Pierce's Anuric Tablets (double strength). You will, in a short time, find that you are one of the firm indorsers of Anuric, as are thousands of neighbors.

Step into the drug store and ask for Anuric, or send to Dr. Pierce's Invalids' Hotel, Buffalo, N. Y., ten cents for trial package.

Anuric (anti-uric) many times more potent than lithia, "dissolves uric acid as hot coffee melts sugar," and thus eliminates the irritating poisons from the body—and you get well and strong.
