Society Ready to Welcome New Year at Reconstruction Cabaret at Hotel Gayoso

—Photo by Gray.

Two unique features of the Reconstruction Cabaret: Left, Miss Virginia Johnson as "The Cigarette Girl," and right, Miss Edna Arrington as "The Million Girl."

Everything is now in readiness for the Reconstruction Cabaret, which will welcome the New Year, at the Hotel Gayoso, Tuesday night, and the affair is being eagerly looked forward to by Memphis society.

The funds derived from the entertainment will be used to train and equip nurses who will aid in reconstruction work overseas, and in America.

There isn't the slightest doubt but that the Reconstruction Cabaret will go down on the books of the Memphis unit, National Council of Defense, as the biggest thing that has ever been given in the splendid organization—and that it will also be remembered as one of the most brilliant social affairs which has been given in Memphis in many years.

ENGLISH PAPER URGING HASTE IN STARTING COUNCIL

MANCHESTER, Dec. 21.—Commenting on President Wilson's visit and urging the necessity of the assembling of the peace conference without further delay, the Guardian today says:

"While we are talking and demonstrating others are acting and by no means acting in a sense favorable to the translation of the ideal into the practical and the establishment of a rule of justice and good will among the nations of the earth."

"Italy is creating accomplished facts on the eastern shore of the Adriatic; a powerful party is forming in France, which, not content with recovery of Alsace-Lorraine and the happy healing of that historic sore, threatens to create a fresh sore by annexation beyond its borders. In Belgium claims are being influentially asserted not only to Luxembourg, but to sundry portions of Dutch territory on her northern and eastern borders. Poland is threatening and perhaps actually has occupied Danzig, a German city with mere sprinkling of Poles, thus to cut off East Prussia from West Prussia, and apparently she designs to pursue her enterprise by occupying purely German territory farther west and south."

"Now this is obviously not exactly conformable to either the spirit or the letter of President Wilson's terms, but is an attempt to forestall the decisions of the conference when it meets and must tend gravely to hamper its work."

To Reconstruction Cabaret Guests

In order that all features of the Reconstruction Cabaret may be presented as a special request that all who are going to attend the cabaret be at their tables not later than 10 o'clock.

All the money that can be brought to the cabaret, whether in pockets, sacks, banks or otherwise, will be welcome, and room will be made for it, and incidentally the guests are reminded that there will be a large number of attractive ways in which the money may be disposed of, and all are asked to bring along all they can conveniently carry.

WRITER URGES JAPAN TO DEMAND PEACE RIGHTS

TOKYO, Dec. 21. (Correspondence of the Associated Press.)—Japan should demand at the peace conference, writes Ichiro Tokutomi, Japan's foremost journalist, "that she be treated as a member of the company of the victorious powers, and not placed in a position of splendid isolation. Japan has done her bit in the war, and now that the war is over, we do not want to have Japan put aside as a nation of no account."

REDUCTION IN MALARIA SHOWN BY 3-YEAR FIGHT

JACKSON, Miss., Dec. 21. (Sp.)—A three-year fight against malaria in Jackson has resulted in a sharp reduction of the incidence of the disease and in reducing the deaths from the disease from 22 to six.

The city's fight against malaria was begun three years ago, when Mississippi national guardsmen were encamped here, with J. A. LaPrance, of the federal government's forces, in charge, and has been continued since by the city health department.

In 1916 there were 2,137 cases in the city, with 22 deaths; in 1917, 1,500 cases with 12 deaths, and in 1918 537 cases with only six deaths.

"The fight will be continued."

MEMPHIS AVIATOR IS KILLED IN AIR BATTLE

Lieut. William A. White, of the 81st Aero Squadron, A. E. F., previously reported as missing in action on Nov. 10, was killed on that date while in battle with a boche plane, according to information received by his wife, Mrs. Ruth Evans White, 25 North Claybrook street.

The government telegram several days ago notified the family that Lieut. White was missing. He and his pilot went over the German trenches less than 24 hours before the armistice was signed. The family entertained the hope that he had survived by being taken prisoner, or was in hiding somewhere near the front.

He enlisted at Park field in 1917 and went overseas as an observer in July, 1918. The combat in which he met his death was his first. Besides his widow, he is survived by his mother, Mrs. M. B. White, and two sisters, Miss Sue Mae White and Mrs. S. E. Scates, both of Memphis.
