KNOXVILLE, March 31, 1860. (6f)

Fever and Ague,

from which individual suffer over a large part of the globe, is the consequence of a diseased action in the system, induced by the poisonous miasm of vegetable decay. This exhalation is received by the lungs, or subscribed to with the food, and from with the watery vapor from it. While the sun is in the sky, the heated earth vapor lingers near the earth's surface, and the night is when, with it through the night into the blood. There it acts as an irritating poison on the internal viscera and exciting organs of the body. The liver becomes torpid and fails to secrete not only this virus, but also the bile from the blood. Both the virus and the bile accumulate in the circulation, and produce the diseased condition of the system. The spleen, the kidneys, and the stomach sympathize with the liver, and become disordered also. Finally, the instincts of our organism, as if in an attempt to expel the noxious infusion, encompasses the whole blood of the body in the infernal convulsions to throw them to cast it out. The blood leaves the surface, and rushes to the central organs with overpowering violence. This is the CHILL. But in this effort it fails. Then the FEVER follows, in which the blood leaves the central organs and rushes to the surface, as if in another effort to expel the irritating poison through the other great excretory—the skin. In this also it fails, and the system abandons the attempt exhausted, and rests for the recovery of strength to repeat the hopeless effort another day. These are the fits or paroxysms of FEVER AND AGUE. Such constitutional disorder will of course undermine the health if it is not removed.

We have labored to find, and have found, an antidote

Ayer's Ague Cure,

which neutralizes this malarious poison in the blood, and stimulates the liver to expel it from the body. As it should, so it does cure this affective disorder with perfect certainty. And it does more, or rather less what is of more service to those subject to this infection. It takes its season it expels it from the system so it is absorbed, and that hence those who are free from its attacks; Keeps the system in health although exposed to the disease. Consequently it not only cures, but protects from, the great variety of affections which are induced by this malignant influence, such as Remittent Fever, Chill Fever, Dumb, or Masked Ague, Periodical Headache, or Bilious Headache, Bilious Fevers, Neuralgia, Rheumatism, Gout, Blindness, Toothache, Earache, Catarrh, Asthma, Palpitations, Painful Affections of the Spleen, Hysterics, Colic, Paralysis, and Painful Affections of the Stomach and Bowels, all of which, when arising from this cause, will be found to assume more or less the intermittent type. This "AGUE CURE" removes the cause of these derangements, and cures the disease.

There is no exaggeration in saying that no medicine is known to expel the virus from the system and these organs by diseases have so subdued as to fully their office of their own accord. Hence arises what we term predisposition. Time may accomplish the same end, but often life is cut long diseases, or is rendered miserable in the attempt, while this "AGUE CURE" does it at once, and with safety. We have great reason to believe this is a sure as well as safer remedy for the whole class of diseases which are caused by the miasmatic infection, than any other which has been discovered; and it has still another important advantage to the public, which is, that it is cheap as well as good.

Price One Dollar per Bottle.

Ayer's Cherry Pectoral

has won for itself such a reputation for the cure of every variety of Throat and Lung Complaint, that it is entirely unnecessary for us to recount the evidence of its virtues, wherever it has been employed. As it has long been in constant use throughout this section, we need not do more than assure the people its quality is kept up to the best it ever has been, and that it may be relied on to do for their relief all it has ever been found to do.

NEW IMPROVEMENTS

WE MOST RESPECTFULLY call the attention of Farmers, Millers and others to our Improved Wheat Fan (Patent of April 26th, 1859, and May 28, 1860,) for cleaning all kinds of Grain and Seed, which we are manufacturing at our shops in Chattanooga. We have a first rate lot of material, well seasoned, and worked out and a number of them already in Hardeman, Bradley and other counties in East Tennessee. Our Fans are so well known that it is useless for us to say anything in their praise. We have given our attention to the improvement for the last fifteen years, and have another special fan or separator to suit the Seed Separator to the market. It has seven screens and sieves, an extra stretch for seed Wheat. The Fan is substantially made, works easy to operate, cleans, clean, and fills grain well enough to farm the seed. What it cleans Cotton Seed, and Flax seed clean enough for any market. We would say to those that have not tried our new improved fan, try them. We warrant them to do a good job, and we would also call the attention of Millers to our newly improved Fan for milling purposes, by cleaning the Wheat before it passes to the hopper for grinding. We refer to Knoxville Woolen Factory, Knoxville Flouring Mill, Whitehall, Tenn., Ooltewah, Tenn., and Cleveland, Tenn., for information. Persons wishing to put the Fan to the Mill, will please give the size of pulley. We furnish pressed steel sieves with each Fan, so that an extra one over them for all kinds of cleaning. All we ask is a fair trial, the Fan will recommend itself. Orders promptly filled.

The Fans will be delivered at any depot between Knoxville and Bristol at shop prices. Our teams will be started through for accommodating persons to accommodate all that want a good Fan. Address

HOSTETTER'S STOMACH BITTERS.

The proprietors and manufacturers of HOSTETTER'S CELEBRATED STOMACH BITTERS can appeal with perfect confidence to physicians and the public generally of the United States, because the article has attained a reputation heretofore unknown. A few facts upon this point will speak more powerfully than volumes of boastful assertion or self-praising puffery. The consumption of Hostetter's Stomach Bitters for the last year amounted to over a half-million bottles, and from its manifest steadily increase in times past, it is evident that during the coming year the consumption will reach nine hundred thousand bottles. This immense amount could never have been sold but for the rare medicinal properties contained in the preparation, and the sanction of the most eminent physicians in those sections of the country where the article is best known, who not only recommend the Bitters to their patients, but are ready at all times to give testimonials to its efficacy in all cases of stomachic derangements and the diseases resulting therefrom.

This is not a temporary popularity, obtained by extraordinary efforts in the way of recommending the qualities of the Bitters, but a solid estimation of an invaluable medicine, which is destined to be an enduring as time itself.

Hostetter's Stomach Bitters have proved a Godsend to regions where fever and ague and various other bilious complaints have counted their victims by thousands. To be able to state confidently that the "Bitters" are a certain cure for the Dyspepsia and like diseases, is to the proprietors a source of unalloyed pleasure. It removes all disorder matter from the stomach, purifies the blood, and imparts renewed vitality to the nervous system, giving it that tone and energy indispensable for the restoration of health. It operates upon the stomach, liver, and other digestive organs, mildly but powerfully, and soon restores them to a condition essential to the healthy discharge of the functions of nature.

Elderly persons may use the Bitters daily as per directions on the bottle, and they will find in it a stimulant peculiarly adapted to comfort declining years, as it is pleasant to the palate, invigorating to the bowels, excellent as a tonic, and rejuvenating generally. We have the evidence of thousands of aged men and women who have experienced the benefit of using this preparation while suffering from stomachic derangement and general debility; acting under the advice of physicians, they have abandoned all deleterious drugs and fairly tested the merits of this article. A few words to the gentler sex. There are certain periods when their forces are to harassing and many of them sink under the trial. The relation of mother and child is so absolutely tender, that the mother, especially if she be young, is apt to forget her own health in her extreme anxiety for her infant. Should the period of maternity occur during the summer season, the want of body and mind is generally aggravated. Here, then, is a necessity for a stimulant to recuperate the energies of the system, and render the mother to bear up under her exhausting trials and responsibilities. Nursing mothers generally prefer the Bitters to all other invigorators that receive the endorsement of physicians, because it is agreeable to the taste as well as certain to give a permanent increase of body and strength.

All those persons to whom we have particularly referred above, viz.: sufferers from fever and ague, removal by malaria, diarrhœa, dysentery, indigestion, loss of appetite, and all diseases or derangements of the stomach, supernaturally invasion, persons of sedentary occupation, and nursing mothers, will consult their own physical welfare by giving to Hostetter's Celebrated Stomach Bitters a trial.

CAUTION.—We caution the public against using any of the many imitations or counterfeits, but ask for HOSTETTER'S CELEBRATED STOMACH BITTERS, and see that each bottle has the words "Dr. J. Hostetter's Stomach Bitters" blown on the side of the bottle, and stamped on the metallic cap covering the cork, and observe that our autograph signature is on the label.

☞ Prepared and sold by HOSTETTER & SMITH, Pittsburgh, Pa., and sold by all druggists, grocers, and dealers generally throughout the United States, South America, and Germany.
